'Can Speak Once More.'

Physicians, as well as sufferers, who have been somewhat skeptical regarding the WONDERFUL CURES performed by the surgeons of the International Throat and Lung Institute using Dr. M. Souvielle's invention, the Spirometer, for the cure of Catarrh, Catarrhal Deafness, Bronchitis, Asthma and Consumption, can be convinced beyond doubt by calling upon Miss Wray, 270 Church street, Toronto, where she is boarding, or addressing her at Freeman P. O., Ont. Hers is a case of Laryngitis and Bronchitis, with a strong family tendency to Consumption. There was a COMPLETE loss of voice, could not make the slightest whisper for over seven months, great weakness and debility, a severe cough, and abundant expectoration. Now you can see her looking fleshy and healthy. You can converse with her and be convinced that the treatment by the surgeons of this Institute and the use of the Spirometer is the only successful treatment for diseases of the air passages. You can also write to or talk with D. Grand, of W. D. Grand & Co., Adelaide street west, Toronto, who will tell you that he has been cured of the worst form of Catarrh, also Bronchitis, by the use of Dr. M. Souvielle's Spirometer and medicines. If you cannot call personally and be examined, write for list of questions and copy of "International News," published monthly, to 173 Church street, Toronto, or 18 Philips' square, Montreal, P. Q.
