Promise Case.

Through his solicitor, Mr. A. W. Anglin, Dr. Latimer Pickering of this city has inungurated proceedings against the Toronto
Street Railway Company, claiming damages
to the extent of \$10,000 for injuries received
owing to the alleged carelessness of the delendant's employes. The plaintiff says that
while he was riding on the front platform of a King-street car, some six,
weeks since, the vehicle struck an
obstacle on the track precipitating him to
the ground. The doctor claims that the injuries he sustained in the fall entitle him to
appreciable damages.

One of the best attractions at the fair will be the pony races, trotting and running, the entries for which are well filled.

The exhibits in the children's department, of which there is a good number, are divided into two classes, one for work by children under 15 years of age, and the other for work by children under 12 years of age. The work in this department must be wholly the work of the child exhibiting it.

Satisfactory.

Yesterday was the day set apert by Manager Hill to consider applications for temporary employment at the Exhibition during the time it is a progress. Applicants were on hand as early as 7 a.m., though told there was no use applying before 10 a.m. There were two hundred applications for eight vacancies, which were filled by those who had been employed at previous exhibitions. Every vacancy is now filled.

the well-known railway man, to the attention of the electors of Canada as a suitable representative for Winnipeg in place of Mr. Hugh Macdonald, the son of the gallant old Chieftain, whose business engagements demand his retirement trom public life, meets with general approval. While Mr. Mackenzie has always been a statuch Conservative, yet have his abilities been made manifest in every walk in life.

Still a young man, Mr. Mackenzie was born in Eldon Township in Victoria County, Ontario, the descendant of one of those loyal old Highlanders who served their country so faithfully and well in the Peninsular and Waterloo campaigns. Early making his mark as a public school teacher in his native county, he entered on a railway life when the late George Laidlaw was at his zenith. Becoming associated with Mr. James Ross, recognized as the most successful railway engineer of the day, Mr. Mackenzie and he have ever since remained in company.

To their energy and ability much of the success of the Canadian Pacific Railway construction is due. Where other contractors hesitated and qualled before difficulties, the indomitable spirit of Scotland's two progressive sons overcame doubts and fears and impelled them onward to success.

Familiar with every foot of the Northwest from Lake Superior to Vancouver, and from the 49th parallel to the North Saskatchewan; deeply interested in Winnipeg, where the street railway, many buildings and other properties are owned by Messra Ross and Mackenzie; the head and front of the Hudson Bay Railway Company, who could be Rore interested in the affairs of the great prairie district than either Air. Ross or Mr. Mackenzie further, both gentlemen are recognized by the entire populace of the Northwest and Manitoba as entirily deserving of confidence. They would, I am sure, be quite acceptable to Conservatives in all other parts of Canada.

There is only one point in regard to Mr. Mackenzie which might be urged against him, i.e., his preference for public schools, that for the force way constructi

Ontario.

The hearty support of all who know Mr. Mackenzie would certainly be given that gentleman in his candidature for a seat in the House and to a portfolio in the Cabinet.

RED RIVER.

Dr. Wild and Ireland, Editor World: I have read in to-day's World the pen sketch of your humane and able correspondent, H. T. Howard, who not only proves himself an accomplished correspondent but an honest man (the noblest work of God), in having the heart to feel and the independence to speak out what he saw and heard of in unhappy Ireland. I would most respectfully direct Dr. Wild's best attention to Mr. Howard's article in The World of to-day. orld of to-day. Aug. 22, 1892.
