

The Bank Syndicate

after having seen all the other records, have placed their order with us for ten

"New Howe" Road Racers

made in Glasgow, Scotland. They hold many records, have tangent spokes, detachable gear wheels, skeleton fork crowns and weight 27 pounds. All fitted with Dunlop tires, unless otherwise ordered. They are easy running and built on popular lines, which have placed them in the foremost ranks. Quality substantiated. We confidently give one year's guarantee.

High Frame Road Racers just received.

THE NEW AVIES

81 Yonge-street, Toronto.

SHEPHERD'S BIG HANDICAP.

Big Entry for the Suburban—Over 50 Candidates Already Reported. New York, April 11.—The entries for the Suburban Handicap and other stakes to be decided at Sheepshead Bay, which closed last Monday, have received a flattering support so far as the eastern owners are concerned. The west has yet to be heard from, and entries from each powerful stable as those belonging to Eugene Leigh, Byron McClelland, Green B. Morris, the Kendall Stable, etc., have yet to be received. From this section all the favorite candidates are nominated, including Lamplighter, Sir Walter, Ajax, Raceland, Danquet, Don Alonso, Sport, St. Leonard, Diablo, Pecos, Bassett, G. W. Johnson, Kamapo, Rainbow, Mars, Lowlander, Loantaka, Comanche, Pickpocket, Charade, Leonard and Hilditch. In addition to these it is expected that Clifford, Yo Lamblin, Lazzarone and Rudolph will be among the more important of the western division.

The entries for the Suburban which had been received yesterday numbered 52, which is in excess of last year's total. The value of the contest 12 months since was \$17,000 to the winner, whereas the present struggle, estimating the field to muster 10 strong, should net the winner something over \$12,000. Owing to the fact that the Jockey Club has not yet appointed an official handicapper, the weights will be apportioned by James G. Lawrence.

The following is a list of the stakes which closed and the entries received:

Table with columns: Stake, Entries, No. of Stakes, No. of Horses. Includes Suburban, Jockey Club, etc.

Doble Won't Give Up. CHICAGO, April 11.—Budd Doble, who returned last week from an extended tour in Europe, will go to Terre Haute, Ind., on Thursday to commence training his string of trotters and pacers. The information from Richmond, Ind., that Doble will retire from the sulky is incorrect. He said yesterday: "The statement is utterly false. I have not been in better health for years and expect to drive as many races during 1894 as during any season of the past. Mr. Dickerson and my brother, Charles Doble, will be my assistants this year. My string is not yet completed by any means, but among those I will race are: Manager, 2:06 1/2; Pixley, 2:08 1/2; Ellard, 2:13 3/4; Franco Hirschel, 2:15 1/2; and Balboa, 1:51 1/2."

Doble has about 15 horses in active training at present and a large number of others to draw from.

Turf Gossip. Cash Sloan will have the mount on Diablo in the Brooklyn Handicap. There is talk of making a match between Domino and Dobbins, last year's 2-year-old cracks.

J. J. Burke, late presiding judge at Guttenberg, may act at the big Eastern tracks this summer.

Henry of Navarre, Will Foss, Fondoline and 10 2-year-olds composing the string of thoroughbreds of Byron McClelland this season, have gone from Lexington to the Sheepshead Bay track in charge of their owner and trainer.

The New Orleans winter and spring meetings have proved most disastrous to a number of racehorse owners, and the result is that their horses are here in the hands of constables, and will be unable to start at Memphis unless the debts overhauling them are paid. Belle of Springfield was attached just as the horse was about to be placed on the cart bound for Memphis, and she is now at a stable in charge of a constable.

The time recorded in the Lincolnshire Handicap of 1 mile was tolerably fast, as the appended times will show. Since Bendigo, in 1885, covered the course in 1 min 39 1/4 sec, the times recorded have been: 1886, Fulmen, 1 min 41 sec; 1887, Oberon, 1 min 42 3/4 sec; 1888, Veracity, 1 min 42 3/4 sec; 1889, Wise Man, 1 min 47 3/4 sec; 1890, The Rejected, 1 min 50 sec; 1891, Lord George, 1 min 44 1/4 sec; 1892, Clarence, 1 min 45 3/4 sec; 1893, Wolf's Rag, 1 min 46 sec; 1894, Le Nicham, 1 min 43 sec.

TAILORS. ESTABLISHED 1843. SPECIAL SCOTCH SUITINGS \$22.50, Spot Cash.

BASEBALL IN ENGLAND.

United States' Game Is Booming Across the Water—A Sample Contest.

The game of baseball is making wonderful progress in England and already accounts of early games have reached here from the Old Sod. There was a grand exhibition match at Whitley on the Tyne on the occasion of the inauguration of the Whitley and Calleroats Baseball Club before a large number of spectators. The match is thus described by The Newcastle Chronicle: The teams, which were selected from the Newcastle, Wallsend and Walker baseball clubs, were captained by Mr. R. G. Knowles, the American comedian, who is this week appearing at the Empire, Newcastle, and Mr. J. E. Appleton, president of the new club. Winning the toss, Mr. Knowles sent in his opponents to bat. Some exceedingly smart fielding was at once shown by Mr. Knowles' boys, that looked as though they were going to carry off to retrieve their lost ground. When four innings had been played the game was a draw, and as only ten minutes remained to be played considerable excitement was manifested. A splendid hit by Mr. Knowles' ally, a delivery by the home run, for which he was loudly applauded. The only other home run in the game was obtained very cleverly by Mr. Knowles. The fielding shown by Mr. Clark was also worthy of mention. The game eventually resulted in a victory for Mr. Appleton's team by 7 runs. The scores were: Mr. Appleton's team, 17 runs; Mr. Knowles' team, 10 runs. The teams were as follows: Mr. R. G. Knowles' team: Pitcher, R. G. Knowles; catcher, Cassey; 1st base, Clark; 2nd base, Simpson; 3rd base, Field; 4th base, Knowles; center, Field; 1st field, J. Henderson. Mr. J. E. Appleton's team: Pitcher, Small; catcher, Rover; 1st base, Smith; 2nd base, Ridley; 3rd base, Anderson; short stop, Appleton; right field, Sorblings; center, Lawson; left field, H. Henderson. Referees, Mr. Cascoigne and Mr. S. Watten; scorer, Mr. Taylor, Wallsend.

Who Will Win the Brooklyn?

New York, April 11.—"Who will win the Brooklyn?" Mr. M. F. Dwyer was asked yesterday. "I am such a poor guesser at these big handicaps," he replied with a laugh, "that I hardly care to express an opinion. If Clifford is the horse they say he is, then Clifford ought to win. Ed Corrigan tells me he is really great. There is also a horse named Sir Walter, and you know what a dangerous horse Sir Walter is. I don't think he will. It looks to me to be a very open race."

Garrison was exercising the Ruppert 2-year-olds during the morning. "I weigh 123 pounds now," he said, "and by Saturday I will weigh 121. I will be ready to start in the season begins. Am going to ride Ajax because I promised Col. Ruppert, and I wouldn't disappoint him for \$500." Garrison looks unusually thin, but says he is in good condition. The fastest work Clifford has done at Memphis so far was six furlongs in 1:18, going to the half in 52 seconds. He did this work very easily, however, the longest work he has had not being faster than a two-minute clip. He will start there within a week and a better line can be had on him then. It is almost a certainty that Clifford will be a starter in the Brooklyn, and if the track is not too heavy he should be a factor in the race. For a horse who has not started in nearly two years, and who has been in the stud for a whole season, Carlbad, Eugene Leigh's second Brooklyn Handicap candidate, is looking and going very well. Cliff Porter is training him, and it will be able to send him to Brooklyn next month.

Imperial Knocks Over Commerce.

A 10-pin bowling match took place last night between the Bank of Commerce and Imperial Bank on Athenium and T.A.C. alleys, resulting in favor of Imperial by 264 points. Score: Commerce: Cowan 500, Ridout 500, Fitt 463, Ald 510, McHarris 484, Armstrong 423, Meldrum 224, Cameron 594, total 4248. Imperial: Boulton 405, Montzambert 565, Murray 428, Love 519, Creelman 635, Brown 657, Douglas 648, Grantham 507, total 4512. Majority for Imperial, 264 points.

Olympic Lacrosse Club.

The annual meeting of the Olympic Lacrosse Club was held last night in their rooms, McCaul-street, President W. Farley in the chair, when Secretary Hoskins read his report and showed that the membership of the club has increased to 84, with a balance of \$13 on hand. Officers elected: Hon. president, H. Mason; hon. vice-president, J. Walker; president, C. Moore; secretary, Arthur Kennedy; secretary, juniors, R. B. Magill, 84 Bay-street; treasurer, J. Dowry. The club has decided not to enter in the Toronto Junior League. They would like to arrange with outside clubs for May 24, Ayr or Port Hope preferred.

The N.A.L.A. Convention.

The following notices of motions will be discussed at the National League convention in Cornwall on Friday next: All matches shall be decided by the club winning the majority of games in two or three games. Should a championship club be challenged by a club belonging to another city or part of the Dominion for the instrumentalities of the sum of \$50 shall be guaranteed to the visiting team towards defraying traveling and hotel expenses.

Baseball Club has been organized at the London Collegiate Institute with the officers: Manager, Fred Fitzgerald; captain, Claude Brown; sec. treas., Joe Devan.

The Brooklyn baseball team engaged in an exciting slugfest match in their game at Brooklyn on Monday with the Polytechnic, scoring 22 runs over their opponents' 14. The Brooklyn men made 50 base hits.

A meeting of delegates from the different city cycling clubs will be held this evening at the T.A.C., when the proposed bylaw making 204 points to 191 by Clearwater.

The wild geese are reported to be coming in around Chatham, but the weather has been unfavorable for shooting them. It is said the flocks are so numerous about the haunts of the wild geese that they drive the birds away. Flocks also are so numerous in the grand preserve and are believed to have materially aided in thinning out the quail.

The New Westminster Lacrosse Club has elected its officers: Hon. president, Mayor Hoy; president, James Leamy; 1st vice-president, Robert Jardine; 2nd vice-president, W. L. Johnson; secretary, Mr. Mahoney; treasurer, L. A. Lewis; committee, R. G. Macpherson, George Armstrong, A. H. Mackenzie, Stewart Campbell and J. Reid.

The following are the officers of the

Cornwall Lacrosse Club for the year: Hon. president, Major R. R. McLennan, M.P.; hon. vice-presidents, Dr. Bergin, M.P.; William Mack, M.L.A., and Frank Kelly; president, Alex. McCracken; 1st vice-president, William Gibbons; 2nd vice-president, Walter McPherson; 3rd vice-president, C. W. Young; secretary, John A. Liddell; treasurer, Handynde Black.

WEAPONS OF THE ESQUIMAUX.

Expert Use of Them by the Glimmer-Looking Natives of the Far North. To the interested collection of curios gathered by Capt. Edwards and McDermott, United States inspectors of hunted and fished curios, the last few years have lately been added a number of weapons used by the Esquimaux in the hunt and chase of other arctic and relics, presented by various persons in the Northwest and British Columbia. The Esquimaux's weapons were presented to the inspectors by the late Capt. John M. Olsen of Astoria, master of the sloop Polar Bear, in accordance with a request which he expressed before his death. The most interesting of these curios is a spear with a poisoned arrow head, which is the most effective of all the weapons used by the inhabitants of the "land of the midnight sun." The spear enters in about five feet long. It is made of wood, mounted with bone, its shaft is finely beveled all the way to the tip, which is the most characteristic of the Esquimaux in this line of work. The arrow is made in three pieces, two parts wood and the third which is the head, of bone dipped in poison. The three pieces are held together by a leather thong with a slight movement of the hand these can be disengaged, leaving the head, when it strikes the animal, curved in the way that the hunter may trace its course and locate his game. The Esquimaux have a peculiar way of "shooting" with this weapon. The hunter holds his right hand, high above his head, a short stick or "gun," with a notch near the top, where the end of the spear is snugly, taking aim at his game, he moves his right hand swiftly forward, propelling the end of the spear with speed, and invariably with unerring aim at the mark. Instances have been recorded where a hunter brought down his game at fifty yards, and one or two Alaska story tellers, who have no fear of being discredited, say that the right generation say that animals have been slain at 100 yards distance. But all agree that the average Esquimaux is a marksman who never misses a bird or mark, and who, when so disposed, always provides plenty for his family with his primitive weapons.

When the Weapon is Used on Whale, Seal or Other Water Animals a Foater, made of the bladder of a seal, is attached to the end of the spear so that the hunter may trace its course and locate his game. The Esquimaux have a peculiar way of "shooting" with this weapon. The hunter holds his right hand, high above his head, a short stick or "gun," with a notch near the top, where the end of the spear is snugly, taking aim at his game, he moves his right hand swiftly forward, propelling the end of the spear with speed, and invariably with unerring aim at the mark. Instances have been recorded where a hunter brought down his game at fifty yards, and one or two Alaska story tellers, who have no fear of being discredited, say that the right generation say that animals have been slain at 100 yards distance. But all agree that the average Esquimaux is a marksman who never misses a bird or mark, and who, when so disposed, always provides plenty for his family with his primitive weapons.

DRINK WHEN BUYING HIS DAUGHTER'S COFFIN, He Causes His Son's Death.

St. Stephen's, N.B., April 11.—A man from Scotch Ridge, N.B., noted for his drunkenness and brutality to his family, was charged with the murder of his 14-year-old daughter and on the way home got beastly drunk. He saved and so saved his son because he could not get the coffin from the sleigh. The boy tried to escape his father's wrath by running toward the St. Croix River. The father chased him upon the ice, where the boy broke through and was drowned. The man returned to St. Stephen's and bought another coffin. No arrests have been made.

AN INHUMAN FATHER.

Mr. L. Jackson, Jr., of Clinton is at the Walker. Dr. Crosby's, supreme chief ranger, and Dr. John A. McGillivray, supreme secretary of the Independent Order of Foresters, left last night for Ottawa to attend a presentation of a banner to Court "Ottawa" upon the occasion of their becoming the Banner Court of the order. The presentation will take place in the Opera House and will be followed by a banquet. The death occurred at 97 St. George-street yesterday of Mr. John Downey of the legal firm of Moran, Downey & Langdon since 1868. Mr. Downey was seized with hemorrhage at his office the previous day and was assisted home, but died in 24 hours. He was a member of the Reform Club and of the Irish Protestant Benevolent Society. A widow and three children survive.

DEAN SUGG—I have been using Burdock Blood Purifiers for boils and skin diseases and I find it is the best I have ever used. As a drop-ship order was found it unequalled. Mrs. SARAH HAMILTON, Montreal, Que.

TORONTO'S BRIGHT FUTURE.

WORK FOR THOUSANDS OF MECHANICS.

Issue Obstacles and Go Ahead With Public Works—The Wrong Time to Talk Economy—Give Mechanics and Laborers Work and Lots of It.

Strong and willing hands are unable to find work in this city. Why? Because we have come to the conclusion at this late time that economy in the way of money means miles of streets, laid miles of asphalt and block paving, put in miles of sewers and water works, and after summing up the large amount of money expended decided to quit. Is this logical? Would it be against common sense to conclude that if there was a building on every lot inside the city and every building occupied by a family, that it would be better to pay twenty-five million dollars to pay ten now? Then we would receive a benefit from the money expended. How can this be accomplished? Surely not by the economy policy we are now pursuing. Cut it aside and let us issue debentures for, say twenty or twenty-five million dollars, to build the trunk sewer— asphalt every street and lane in the city, the water works, the Lake Simcoe new factories, open smelting works, convert the sand desert across the bay into another Coventry Island, open more parks throughout the city, purchase another Zoo and have a carnival every summer; in a word, spend the twenty or twenty-five million completing the work already more than half finished. It is as suicidal now to talk economy as it would be for guano brokers, two fourteen young-ones, to think of not finishing their palatial shoe houses, already more than three parts completed. In their case they find the cost has been more than three times what they expected and means to them thousands of dollars more than they were prepared to expend. But that the return is bound to come. Where they could only accommodate hundreds they can now accommodate thousands, and instead of a fifty thousand dollar stock they now carry a hundred and fifty thousand.
