At a cost of only two-thirds of a cent
a day per Animal, Royal Purple Stock
Specific makes each Animal worth 25 per
cent. more.

You never heard of any other Specific,
or "Stock Food," doing likewise.

Royal Purple will permanently cure the
Bots, Colic, Worms, Skin Diseases and
Debility, and restore run-down Animals
to plumpness and vigor.

It will increase the milk-yield three to
five pounds per cow a day inside of from
two to three weeks. It makes the milk
richer than ever before.

MR. ANDREW WEGRIE, of Wainfleet,
Ont., says: "This is to certify that I
have tried your Royal Purple Stock
Specific for two weeks, on one cow. On
the 16th I weighed her milk as 17
pounds. I noticed a change after 5 or
6 days, as there was an extra weight of
milk. On the 29th, I carefully weighed
the milk, and she gave 22 pounds. I
am giving an order for 5 boxes, as I
consider it the best I have ever used."

"Stock Food" will not do this. Because
"Stock Food" is nothing more or less
than a mixture of the very things which
you, yourself, grow on your own farm.

It is not more food your Animals need.
They must have something to help their
bodies get all the nourishment from the
food they are getting. So that they will
fatten, and stay fat, all the year 'round.
They need something to prevent disease,
to cure disease, and to keep them in the
best of health, all the time.

Not a Stock Food

Royal Purple is not a "Stock Food,"
nor a "medicine." It is a Conditioner.

It does not contain Grain, nor farm
products. Nor does it contain "Dope,"
or any other injurious ingredient. Royal
Purple does not merely temporarily fatten
or inspire the Animal. It fattens and
strengthens it, permanently.

No other Specific
known adds flesh
so quickly as Royal
Purple. It makes
6-week-old Calves
as large as ordi-
nary Calves are
at 10 weeks.

thin Animals fat

Let's All Keep Hens.

J. G. Cotton of Okanogan, Wash.,
who started in the poultry business
about a year ago with nine hens, has
compiled some interesting statistics.

The hens began laying in Decem-
ber, and he has kept a close record of
the eggs obtained from Feb. 1, 1910,
until Nov. 1, 1910, as follows: Feb-
ruary 107, March 165, April 203,
May 166, June 114, July 135, August
161, September 146, October 108.
This is an average of about 192 eggs
per hen a year.

Another record which promises to
be as remarkable as that of the hens,
is for pullets. Eight pullets that
were hatched April 11, 1910, began
laying Aug. 15, and during that
month laid 29 eggs. In September
they laid 196 eggs, and in October
178 eggs.

WOMEN SUFFER

More Than Men.

Women have more than their share of
the aches and pains that afflict humanity.
They must "keep up," in spite of con-
stantly aching backs, or headaches,
dizzy spells, etc. Mrs. Edward Calwood
of 123 S. Harold St., Fort William, Ont.,
says:

"I suffered with dull, miserable pains,
soreness across my back and in my sides
for months. They would catch me so
badly at times that I could scarcely move
around. I would have dizzy spells, and
altogether, felt generally run down.
After using a number of remedies without
finding relief, I learned of Booth's Kid-
ney Pills and found them an excellent
remedy. They not only relieved me of
the miserable pains and soreness in my
back but cured me of my kidney
trouble."

Pills.**

Free to Stock and Poultry Raisers

We will send, absolutely free, for the asking, postpaid, one of our large thirty-two-page booklets
on the common diseases of stock and poultry. Tells you how to feed all kinds of heavy and light
horses, colts and mares, milch cows, calves and fattening steers, also how to keep and feed poultry
so that they will lay just as well in winter as in summer. No farmer should be without it.

And it builds up the health
and restores the former plumpness and vigor
of run-down stock, in little or no time.

The very best time to use this Con-
ditioner is NOW. It digests the hard food
properly and prevents the animals get-
ting indigestion or losing flesh.

50 per cent. Cheaper

One 50-cent Package of Royal Purple
will last one Animal 70 days. This
figures a little over two-thirds of a cent
per day.

Most "Stock Foods" in 50-cent Pack-
ages last but 50 days, and are given
three times a day.

But Royal Purple Specific is given only
once a day, and lasts 50 per cent. longer.
(A \$1.50 Pail, containing four times
the amount of the 50-cent Package, lasts
280 days.)

So, you see, it is only necessary to give
Royal Purple Specific once each day.

Just think of making each Animal
worth 25 per cent. over its cost! What
will that mean to you, Mr. Stock Owner!

It makes the Hens lay Eggs in Winter
as well as in the Summer.

MRS. WM. BURNHAM, Sanford, Ont.,
says: "Dear Sirs,—This is to certify
that I have used two boxes of your
Poultry Specific for my hens. They laid
so well while feeding it to them, I won-
dered if you would mind sending me
word how or where I could get some this
winter. I bought it from your agent
last winter. I had 32 hens, and some
days I got two dozen eggs a day in
February and March, while feeding them
the Specific."

Royal Purple Poultry Specific prevents
Fowls losing flesh at moulting time, and
permanently cures every poultry disease.
It makes their plumage bright and keeps
them always in prime condition.

It makes your Poultry worth more
than they could ever be without it.

Yet one 50-cent Package will last 25
Hens 70 days. Or a \$1.50 Pail will do
25 Hens 280 days. This is four times
more material at only three times the
cost.

STOCK AND POULTRY SPECIFICS

Make This Test

Every ounce of Royal Purple Stock and
Poultry Specific is guaranteed.

To prove that Royal Purple has no
equal, we want you to make this test:

Feed Royal Purple to any one of your
Animals for four weeks. And at the
same time feed any other preparation to
any other Animal in the same condition.

If Royal Purple does not prove to
you, by actual results, that it is the
best you ever used, we'll return your
money.

And we'll ask no questions—make no
excuses. You will be the judge—not us.

This is an honest test, isn't it? We
ask you to make it because we know
that Royal Purple is the best Conditioner
on the market.

If you are not satisfied, after testing
it, you don't lose anything, do you?

Never Off Feed

Dan McEwen, the horseman, says:
"I have used Royal Purple Stock
Specific persistently in feeding 'The Red',
2:02½, largest winner of any pacer on
Grand Circuit in 1908 and 1909, and
'Henry Winters', 2:10½, brother of 'Allen
Winters', winner of \$35,000 in trotting
stakes in 1908.

"These horses have never been off their
feed since I started using Royal Purple
Specific. I will always have it in my
stables. Your Cough Powder works
like magic."

For Poultry

Royal Purple Poultry Specific is our
other Specific. It is for Poultry—not
for stock.

THEY DIDN'T FIGHT.

It Was Only a Little Friendly Dis-
cussion That Excited Them.

Two Spaniards were conversing ear-
nestly, then excitedly, at last angrily.
The young American woman who passed
them looked with frightened eyes
toward her Spanish guide.

"What are they talking about, Senor
Jose?" she asked timidly. "Do you
think they will fight—or maybe kill?"

"Ah, no, Senorita Marie," replied
Jose, smiling and showing his pretty
teeth. "One man—that one, you see,
senorita, with the long mustaches—he
is saying, 'Me, I prefer much the col-
laire button which is steel,' and the
other one—look, senorita—he is running
his fingers through his hair now and
his sombrero has a gold cord—he is
saying, 'Ah, no, senor, the button which
is of gold—sl, senor, that is the button
for me.'"

"But as for myself, senorita, the bone
collaire button—that I prefer above all
the others."

"Do I not speak with good sense,
senorita? Listen. If the button is of
steel it will cut, if it is of gold one can-
not afford to lose it, but if it is of bone
it does not cut, and if it goes what mat-
ter? I have a dozen at home in my
little top drawer."

"You speak with great good sense,
Don Jose, but tell me—were the men
really angry?"

"Oh, not at all, senorita. It is only
our southern way of being interested
in what we discuss. If it had been
two Germans, senorita, or maybe two
Englishmen, you would never have no-
ticed them."—Philadelphia Ledger.

GOOD DIGESTION SHOULD WAIT ON
APPETITE.—To have the stomach well is
to have the nervous system well. Very
delicate are the digestive organs. In
some so sensitive are they that atmos-
pheric changes affect them. When they
become disarranged no better medicine is
procureable than Parmentier's Vegetable
Pills. They will assist the digestion so
that the hearty eater will suffer no in-
convenience and will derive all the benefits
of his food.
