At any rate, rural delivery is the only thing and we hope the whole of the surrounding countryside will soon be advantageously and efficiently served. Nothing is too good for the farmers, who are the backbone of the country.

Secure your tickets early and see a first-class show.

PROVIDED the remaining details can be satisfactorily arranged, the Presbyterian church in Canada will hold a general assembly in 1913, to which there has been no parallel in the religious history of this continent. It is proposed to bring together in the city of Toronto every Presbyterian minister in Canada. The ministers of every city and rural church, and every home missionary in the service of denomination will be asked to make the journey. The wife of every minister in Canada will accompany her husband and will join in the meetings held there under the auspices of the Home Missionary Society and the Women's Foreign Missionary Society. Incidental to the gathering there will probably occur a merging of these two women's organizations into one influential body. In addition to the ministers and their wives there will be taken to Toronto a representative from every city congregation, country congregation and mission field in the Dominion from coast to coast. It is estimated that

the transportation charges for the event will amount to \$100,000. The plan is that this considerable sum should be contributed by a small group of the Presbyterian men who have in recent years become very wealthy owing to the great prosperity of the country. In Toronto Massey Hall has already been engaged. The citizens of Toronto, it is understood, have undertaken to billet and provide for all ministers, their wives and the lay delegates. Special committees are already at work arranging the program.
