Any attempt also on the part of the management to bribe such officials by gifts of free tickets, or by other subterfuges, should be promptly and properly resented. Under our laws gambling of every kind is strictly prohibited. Our magistrates know this, and consequently those of them who allow themselves to be bribed into overlooking or winking at it be come to a certain extent accomplices with those who do the gambling. Let us see then that while this concern is in this county the law against gambling is strictly enforced. —JOHN BULL has got another island. -ACCORDING to a contemporary, Mr. Hervey, of the Nova Scotia railway, is again in the province and is getting himself interviewed by reporters. This is the gentleman who for the last eight or ten years has been going to build a railway from some point in elburne county to New Germany and sundry other places. Strange to say the people of the south shore do not appear to have lost confidence in him yet, and his assurance that 'the engine will be tooting in Shelburne this year " is received without a smile. Our friends out there certainly cannot be accused of any lack of faith. They appear to have an abundance of that kind which is said to remove mountains.

-IT is stated that the decision of the Judicial Committee of the Privy Council in the Thomas case is in favor of the defendants and against Mr. Thomas. This decision reveres that of the Supreme Court of this province which decided in favor of Thomas, giving him a verdict for a small sum for damages for false imprisonment. Under this decision the right of one of our parliaments to imprison for contempt of its rules and orders is affirmed. This was the case which took Attorney-General Longley to England, and he will doubtless feel quite proud of his victory.

Josiah Webb is now in charge of that pastorate, and as he has numerous friends in this town, Clarence, Port Lorne, Lawrencetown, Para-dise, and elsewhere in the county, an oppor-tunity is thus afforded, not only for a friend-ly visit, but also to assist in a good cause,— that of raising funds towards the repairs being made on Springfield church.

Death of Miss May Wade.

Miss May Wade, daughter of the late Capt. J. H. Wade, died at her home, Bridge-water, on Saturday last, of inflammation. Long nursing of her father is said to have in-jured her constitution, which proved unable to withstand the shock of her late illness. The deceased was beloved by the community at large, and the deepest sympathy is ex-pressed for her afflicted mother and sister.

Miss Read's pleasing address and graceful carriage, together with a cultured and flex-tible voice, render her readings more than usually attractive. Her rendering of "The Honor of the Words," by W.
