

has been already filled. The above amount was furnished in less than three months, a really encouraging fact to the stockholders of the road. The cedar mill at Deseronto will be a gigantic structure when completed. The building is 80x100 feet, part of it being two storeys in height. On the upper flat there are two saws for the manufacture of ties and field posts. The lower flat will be principally used for cutting large timber and shingle bolts. Adjoining this building is the shingle mill, which is being supplied with two double and two single machines, and has a capacity of about 75,000 per day. It will be in operation by the first of June.

#### CUTTING A CANAL.

A lease has been given to Monroe, Clay & Co., of Bainbridge, Ga., for land on Dog Island, Franklin county, near Carabelle, where they propose building wharves where foreign vessels chartered by them can unload their ballast. This company is engaged in cutting and hewing square timber on Flint river, in Georgia, where they have a large force at work. This timber is rafted down the Flint and Apalachicola rivers, through St. George's Sound, to the cove in Carabelle harbor, where it goes on board the ships. Most of it is sold on European account. The contractors labor under great disadvantage in bringing their rafts through the sound. This, they think, can be avoided by a cut off from the Apalachicola river between Iola and Bristol, striking the headwaters of Carabelle, Now river, or Toloye creek. That a canal in that direction will ultimately be cut is a fixed fact, and when opened it will be of great advantage to the Carabelle people.

#### LARGE ARRIVALS OF LUMBER.

The Montreal Gazette, of May 20th, says:—The arrivals of lumber and deals from Ottawa during the past week have been considerable, and from ports between here and Quebec the receipts of spruce and common pine have been quite liberal. The demand from the States, referred to by us last week, continues, several lots of hardwood having been purchased for New Hampshire and Massachusetts, at current prices. Among the sales were one or two lots of ash at \$20 to \$25, and a lot of cherry at \$60 per M feet, f. o. c. at Point St. Charles. Yesterday several carloads of thin pine were purchased for Winnipeg at from \$12 up to \$25 per M feet, as to grade. There is also a good local demand. Advices from the Ottawa district state that rain is sadly needed in order to get out the logs in some of the small streams tributary to the Ottawa River.

#### Russian Trade With Australia.

A statement has appeared in St. Petersburg papers, speaking in jubilant terms of the fact that the well-known mercantile firm of Carl Graap has chartered two foreign sailing vessels to carry sawn timber from Cronstadt to Australia. The event is considered to be the more important as the vessel will be the first to sail direct from Cronstadt to Australia. The St. Petersburg Herald regards this beginning as of "enormous importance" to the commercial world of the north of Russia. At the same time, whilst it may not be of such great importance, it is a new departure on a small scale. —*Newcastle Chronicle.*

### Foo Choo's Balsam of Shark's Oil

Positively Restores the Hearing, and is the only Absolute Cure for Deafness known.

This Oil is abstracted from peculiar species of small White Shark, caught in the Yellow Sea, known as CARCHARODON HONDELTII. Every Chinese fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1410. Its cures were so numerous and many so seemingly miraculous, that the remedy was officially proclaimed over the entire Empire. Its use became so universal that for over 300 years no Deafness has existed among the Chinese People. Sent, charges prepaid, to any address at \$1.00 a bottle.

### Hear What the Deaf say!

It has performed a miracle in my case. I have no earthly noises in my head and near much better.

I have been greatly benefited.

My deafness helped a great deal—think another bottle will cure me.

"Its virtues are UNQUESTIONABLE and its CURATIVE CHARACTER ABSOLUTE, as THE WRITER CAN PERSONALLY TESTIFY, BOTH FROM EXPERIENCE AND OBSERVATION. Write at once to HAYLOCK & JENNEY, 7 Dey Street, New York, enclosing \$1.00, and you will receive by return a remedy that will enable you to hear like anybody else, and whose curative effects will be permanent. You will never regret doing so." —*Editor of Mercantile Review*
