

WINCHESTER

.405 CALIBER MODEL 1895 RIFLE.

A NEW HIGH POWER RIFLE

The .405 Caliber is the strongest shooting cartridge, at both long and short ranges, ever adapted to a magazine rifle. It is loaded with smokeless powder and a 300-grain soft point metal patched bullet, which, owing to its high velocity and weight, mushrooms in a most excellent manner. This makes it a particularly desirable cartridge for shooting big game.
