

tive action upon the digestive organs of supplied blood, has already been shown in many cases and it is indicated as the only rational remedy to restore the atonic, enfeebled digestive powers, and raise the blood to normal quality. Bovinine being perfectly preserved arterial bullock's blood, must of necessity contain every element of nutrition in the proper proportion. One strong point in its favor in the treatment of anæmia is that it requires hardly any digestion, but is immediately ready for assimilation, thereby giving the stomach absolute rest.

CLINICAL REPORTS ON CHROMIUM SULPHATE.

I have used Chromium Sulphate (Abbott) in one case of chronic nephritis with very gratifying results.—Dr. Geo. Baudry, Atchison, Kans.

PROSTATIC TROUBLE.

The 4-grain tablets of Chromium Sulphate (Abbott) have put to shame all other medicines I have ever used for the reduction of hypertrophy of the prostate in a patient of 75 years. By the time the first 100 were gone, taking four 4-grain tablets (16 grs.) per day his symptoms had all left him. Now he is able to retain his urine from 8 or 9 p.m. to 5 a.m.—Dr. J. W. Dill, Franklin, Ind.

GOOD RESULTS IN GOITER.

I have used Chromium Sulphate (Abbott) for goiter and prostatic trouble, and it has given complete satisfaction. I think this is one of the best drugs for troubles of this character that we have.—Dr. Charles M. Stemen, Kansas City, Kans.

CHROMIUM SULPHATE IN SCIATICA.

In the past few months I have cured three cases of chronic sciatica with Chromium Sulphate (Abbott). One of these had been confined to the house for seven or eight months. She was so much improved after three weeks that she could get around the house and is now apparently well.—Dr. M. L. Shine, Winthrop, Iowa.

In lieu of samples, The Abbott Alkaloidal Co., Chicago, will send 2-500's 4-grain tablets, coated, uncoated or one of each on receipt of \$1.25.
