FIRST RADIUM BODY IS FORMED IN DETROIT.

Fourteen members of the American Medical Association, specializing in radium practice, held a dinner session at the Detroit Athletic Club, Wednesday evening, and organized the American Radium Association, for the scientific study of radium and its uses, the members to report annually on new uses and applications of radium. The organization is the first of the sort in the world.

Dr. W. H. B. Aikens, Toronto, was made temporary chairman, and Dr. R. E. Loucks, of Detroit, temporary secretary.

The next meeting will be held in Philadelphia, in October, when permanent organization will be effected.

All radium workers will be invited to become members. There are about 50 radium specialists in the country.

Ensuing meetings of the association will be held in conjunction with the annual sessions of the American Medical Association.

MEDICAL COUNCIL ANNOUNCES RESULTS.

Dr. R. W. Powell, registrar of the Medical Council of Canada, has announced that the following candidates have successfully passed the examination for the diploma of L.M.C.C., known as the Federal License of Medicine, held in Toronto during the past ten days:
