**PEACH BLOOM** THE CHIEF CHARM OF A REFINED WOMAN

is her complexion. Why have Pimples Freckles spots or any blemish when Peach Bloom Skin Food will remove them all, and leave the Skin transparent, soft and beautiful.

**PEACH BLOOM** contains nothing that can injure the skin. It is clear as water, and leaves no trace of the application one minute after use.

**PEACH BLOOM** differs from any known preparation, in that it cleanses the pores of the skin from injurious accumulations, imparts health to the inner as well as to the outer cuticle, dissolving and removing Pimples, Blackheads, Liver Spots and Blemishes, and gradually brings about that transparent state of the skin that makes a perfect complexion.

**PEACH BLOOM** is in demand ahead of all cheap preparations, because it has merit, and because it produces the results we claim for it.

Sold by Druggists, price \$1.00, or sent on receipt of price by addressing  
**Western Chemical Co. 186 Adelaide St. West TORONTO**

This book has been prepared specially to suit the convenience of Public School Teachers. It contains about 700 Practical Problems suitable for First, Second and Third Classes in Public Schools. It is very carefully graded, and each principle required to be taught is introduced in logical order. It receives the hearty approval of Teachers and Inspectors.

**Read their Opinions.**

From **ALLAN EMBURY, Esq., Inspector, Peel.**  
I have examined this little book of Arithmetical Problems, and can give it an unqualified endorsement. The questions are carefully graded, and are specially suited to the wants of our over-worked teachers who have not always the time to devote to the preparation of exercises upon the various subjects of the school curriculum. The questions are not stated in the form of propositions; but their statement is incidental, leaving the inner connection of the problems to be discovered by the pupil himself; and in this important feature lies their special adaptability as an educational force. I heartily recommend this book to all teachers wishing to economize time and labor in their preparation for ordinary school work.

From **E. TROUGHT, Esq., Teacher, Member County Board of Examiners, Inglewood.**  
I have examined with some care Practical Problems in Arithmetic for First, Second and Third Classes, by Mr. White, Edmonton. Without the slightest hesitation I say that they are the best I have ever seen—the best in selection, the best in grading, and above all, the best for developing the reasoning powers of the child, and for exercising his ingenuity. A special feature of the grading is that principles which have been introduced are being constantly made use of in the succeeding problems which are in their turn introducing new principles, so that the whole work may be said to be one unconscious review. It is a great boon to Teachers.

Price, Bound in Cloth, 25 cts.
