

DIOCESE OF NIAGARA.

GUELPH.

St. George's.—The Thanksgiving Service on Wednesday evening, Oct. 4th, was of a very attractive nature, while the sermon by Dr. Johnstone was eloquent and appropriate, and abounded with many striking passages. There was a large attendance of the choir, Mr. Dawson being leader, and Mrs. Harvey did full justice to the fine organ in bringing out its good qualities. The decorations were of an attractive and refined character, the wheat sheaves and the grapes being symbolic of the bread and wine in the Lord's Supper. Flowers also were there in beauty, and some branches of maple in the brilliant hues of autumn told the lesson that we all do fade as a leaf. The tasteful decorations were the work of the young ladies of the Bible Association. The service commenced with the beautiful hymn, "Come, ye thankful people, come." The Archdeacon then took the first part of the special services, the psalms were chanted, and the Rev. C. E. Belt, of Harrison, read the lessons, while Mr. Ross took the closing prayers. The anthem was taken from the 104th psalm, "O Lord how manifold are Thy works." Just before the sermon the hymn for a choral festival, "Angel voices ever singing," was given with much sweetness and power.

The sermon was from the text Philippians 4, 6, "Be careful for nothing, but in everything by prayer with supplication let your requests be made known to God." The preacher dwelt with much power on the voices of nature with reference to the various decorations, and the lessons we might learn from them. He spoke very feelingly of the loss sustained, not only by St. George's, but the English Church throughout the province, in the death of Mr. George Elliott. He also alluded to the good work of the Bible Association and their services. At the close the hymn, "We plough the fields and scatter," was heartily sung. The offertory is to be devoted to the interior improvement of the church.

After the benediction Stainer's Sevenfold Amen was sung, closing one of the most attractive services of the year in St. George's.

Physicians in cholera districts state that where there is no indigestion there will be no cholera. K. D. C. will cure your indigestion and make you cholera-proof.

Why should you crawl upon the earth, you who are made for heaven? Keep yourself in the noble position in which you were born, and let your soul resemble your body, which touches the earth only by its extremities.—*St. Cyprian.*

A LEAMINGTON MIRACLE.

THE TERRIBLE EFFECTS OF TYPHOID FEVER.

Mr. Joseph Robson, a well-known Farmer, is Restored to Health and Strength after Nine Years of Terrible Suffering—All Hope of Recovery had been Abandoned and he Looked upon Life as a Burden.

From the Leamington Post.

Mr. Joseph Robson, whose home is on the first concession of Mersea township, about a mile from Leamington, is known to almost every resident of this section. For years past, Mr. Robson has been a victim of paralysis in its worst form, and his case was regarded as hopeless not only by himself and his friends, but by the doctors who had attended him.

To one who knew Mr. Robson's pitiable condition as we did, it was with no small degree of surprise and pleasure that we recently saw him drive through town sitting quite erect on a cross board in a lumber wagon, and controlling a lively team of horses. Hailing him we asked what miracle had brought about this changed condition, and asked if he had any objection to the publication of the facts connected with the case. Replying, he said he would indeed be a mean man if he refused to let the public know how his wonderful recovery had been brought about. Mr. Robson then told the story of his illness and recovery about as follows:

"About ten years ago, while living in the State of Ohio, I was taken down with an attack of typhoid fever, and for three months hung between life and death in a perfectly unconscious condition. Recovering from this I ventured out to work too soon, the result being that I was taken down with a severe cold. During the first stages of my trouble I was able to move about with some difficulty, but the disease gradually fastened its hold on me and I found one sense after another becoming paralyzed. At this time my prospects in life were by no means discouraging. I owned a magnificent farm not far from Toledo, on which we had a comfortable home, and I owed not a dollar to any one. I continued to doctor with specialists and experts from all parts of the States, each of whom promised to cure me of the disease, which they said was paralysis, but in every case they left me as bad and sometimes worse than they found me physically, and certainly worse financially. After suffering in this manner for two years my family concluded that a change of climate might do me good, and so we removed to Canada, settling where we now reside. This hope, however, proved a delusion, and each year found me worse, and if possible added to my misery. Life itself became a burden to me, and I knew that I was worse than useless to my friends. I was unable to feed myself as my head and hands shook so that I have frequently left stabs in my chin when trying to put my fork to my mouth. It was only occasion-

ally that I could move around at all, and then only with the aid of crutches. I lost almost entire control of my power of speech, and got so bad that members of my own family could not understand what I was saying. My whole nervous system seemed undermined, and I abandoned all hope of ever again being of any use to my family. Last fall I was induced to try Dr. Williams' Pink Pills, and from that date my condition has steadily improved until to-day I am able to take my place with other men on the farm, and while my hand shakes a trifle, I am able to do a good day's work every day in the week. I am now able to walk a considerable distance, and my nervous system seems fully restored. There is not the slightest doubt that these results are entirely due to the use of Dr. Williams' Pink Pills, and I am confident that had I been able to procure this wonderful remedy when I was first taken with the disease, I would never have been where I was. The absolute truthfulness of the facts as I have given them to you can be verified by hundreds of my friends and neighbors, or by any member of my own family."

As to much of the evidence contained in Mr. Robson's statement the writer can himself bear evidence. His speech, which one year ago could scarcely be understood, is now perfectly distinct; his head then dropped on his chest, whereas now it is held quite firm and erect; then he could not walk across a room without holding to a chair or table, while now he can walk without difficulty.

We called upon Mr. W. J. Smith, druggist, and interrogated him in reference to the case. Mr. Smith said that he knew of Mr. Robson's ailment and that he had suffered for years as stated, and he had no doubt that it was Dr. Williams' Pink Pills that cured him. "Pink Pills," said Mr. Smith, "have a remarkable sale, which seems due to their remarkable efficacy in curing diseases arising from an impoverished condition of the blood, or an impairment of the nervous system, such as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration, and the tired feeling arising therefrom, the after effects of la grippe, influenza and severe colds, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink.) Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Ask your dealers for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be

had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Brockville, Ontario, or Schenectady, N.Y., at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

FRANKNESS and bluntness are not the same. As disagreeable a nuisance as there is in the world is the bluff individual who "always says just what he thinks."

THE Church is now depositing the leaven in the meal of heathenism, and in due time the whole will be leavened. The rising of to-morrow's sun is not more certain than this.

Cholera threatens dyspeptics. K. D. C. cures Dyspeptics and makes them cholera-proof. Try it while cholera threatens.

Do good as often as you have opportunity, and it will not be your fault if you are not kept busy.

THEY know in heaven how much religion the rich have by the way they treat poor folks.

FOR OVER FIFTY YEARS.

Mrs. WINSLOW'S SOOTHING SYRUP has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle.

THE diamond has the most sparkle, but window glass does the most good.

NEW ENGLAND CONSERVATORY

Founded by CARL FAELTEN, Director.
OF MUSIC.
The Leading Conservatory of America.
In addition to its unequalled musical advantages, exceptional opportunities are also provided for the study of *Elocution, the Fine Arts, and Modern Languages.* The admirably equipped Home affords a safe and inviting residence for lady students. *Catalogue Free.* FRANK W. HALE, General Manager, Franklin Square, Boston, Mass.
