hair is thickened, falling hair checked, and baldness often, though not always, and cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and form decayed; but such as remain can be at saved by this application, and stimu-lated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. 310 Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it.
