ANNOUNCE THEIR JANUARY SALE OF

DAINTY MUSLIN UNDERWEAR

By no means satisfied to follow the usual methods—with the usual commonplace results, we have assembled a collection as handsome as befits the position of a specialty shop such as ours. The character and finish of these under-garments are such as command the admiration of the daintiest woman. Made from softest cambrics, longcloths, nainsooks, and trimmed with laces and embroideries in a variety of patterns—such as you would choose for yourself. This January sale presents a most unusual opportunity for every woman to supply her present and even future needs.

We ask you to come, examine the quality and make of the garments—compare prices if you will—for no such values for superior garments will elsewhere be found.

UNDER-MUSLINS FOR LITTLE FOLKS.

In this sale we offer a great quantity of garments for little Girls and Misses—all sizes—handsomely made throughout. The prices are such that you can afford to buy a generous supply.
