

The Canadian Coral Marble Company

LIMITED

THE above cut shows sample of Floor, Columns, Wainscoting, etc., supplied by the Canadian Coral Marble Company, Limited. We respectfully call the attention of every Architect and Builder in Toronto and elsewhere to the class of work done by this Company.

The new and improved tile floors are the talk and wonder of every person who has had the privilege of inspecting them. The fancy floors have no equal either for style, durability, or as a sanitary floor. The price is most reasonable considering the superior merit of the work as compared with other tile flooring. See the product and be convinced.

The Company has also acquired all the rights for the Dominion of Canada, from Mr. Guelton for the manufacture of Mycenian Marble, and any person having made himself acquainted with the class of work done by Mr. Guelton knows that it has no equal anywhere, his work having all the appearance and durability of the best Onyx.

Every Architect and Builder should consult the Company, see the material and obtain prices.

The Company is now prepared to execute orders in all the different designs of Flooring, Wainscoting, Mantels, Columns and other Interior Decorations.

Correspondence solicited.
