

THE RUUD
Showing Heating Coils
and Burners.

The Consumers' Gas Company of Toronto
RECOMMENDS
The "RUUD" Automatic
GAS WATER HEATER
to the Architect

After years of experiment and thorough test, we have found the RUUD fulfilling all the claims of the makers and satisfying the users. You solve your clients' *hot water problem* by giving them the RUUD—the instantaneous water heater that has a record of twelve years of unbroken success. Investigate the RUUD. We want every architect to use our experience and to consult freely with us about any water heating problem. We want you to ask questions. We want you to feel that, when you specify a RUUD you are giving your client *the only perfect hot water supply*. Our consulting department is at your valued service—free. Telephone Main 707.
