## American Trust Co.,

65 & 67 YONGE ST.  
TORONTO, ONT.

A desirable feature recently adopted by the American Trust Company which will be of great advantage to professional men, bookkeepers, clerks and persons of small means is the issuing of a limited amount of instalment stock on which payments are made monthly at the rate of \$2 or more per share per month. When the money paid in on each share amounts to \$100 this instalment certificate will be exchanged for a regular full-paid non-assessable certificate. Interest will be paid at the rate of 8 per cent. per annum on the amount of money paid in, payable quarterly. This will give many persons an opportunity to take stock who could not do so were they obliged to make a large cash payment down, as is generally the case in the purchase of stocks of Banks and Trust Companies. This feature has merits which should not be overlooked by persons of small incomes, when they take into consideration that the investor in the capital stock of Banks and Trust Companies receives from two to three times the income of those who keep their money on deposit, and often from four to five times the amount, including the increase in the value of the capital stock. There can be no doubt that the Company will find the demand for this stock which the plan so well deserves.
