

6. This Agreement does not require the Parties to transfer any information if that transfer is prohibited by the respective law and policies of the Parties or by their international obligations.

ARTICLE 6

Transfer of Nuclear Material, Material, Equipment, and Technology

1. The transfer of nuclear material, material, equipment, and technology referred to in Article 2 shall be subject to this Agreement unless the Parties otherwise agree in writing.
2. Prior to any transfer between the Parties, whether directly or through a third country, of nuclear material, material, equipment, or technology subject to this Agreement, the Parties shall exchange written notifications.

ARTICLE 7

Retransfer of Nuclear Material, Material, Equipment, and Technology

1. In this Article, the "requesting Party" is the Party that wishes to transfer nuclear material, material, equipment, or technology subject to this Agreement received from the other Party to a third country. The "supplying Party" is the Party that originally transferred the nuclear material, material, equipment, or technology to the requesting Party.
2. The requesting Party shall not transfer nuclear material, material, equipment, or technology subject to this Agreement to a third country without the prior written consent of the supplying Party. The supplying Party shall not unreasonably withhold its consent and shall endeavour to make its decision as expeditiously as possible.
3. A Party shall have the right to transfer irradiated nuclear material subject to this Agreement to a third country for reprocessing and, when applicable, for storage provided that that Party complies with all of the conditions agreed by the Parties in writing.
