

PLYWOOD

The Commission reviewed the status and progress of the work of the Binational Committee on Plywood Standards and agreed to send a joint letter to the Committee urging it to submit recommendations for common standards no later than February 28, 1990.

SERVICES WORKING GROUP

The Commission established a Working Group on Services in order to monitor the implementation of Chapter 14, consider in consultation with the industries concerned the expansion and further liberalization of trade in services pursuant to Article 1405, and report regularly to the Commission.
