PARTICIPATION IN INTERNATIONAL PEACEKEEPING****Mr. Marcel Prud'homme (Saint-Denis):** The motion reads:

Mr. Nielsen: We have no problem with that motion, Mr. Speaker. I understand that the purpose for moving it now is so that the machinery can be put in place in anticipation of the work of the Standing Committee to carry out this reference. The Hon. Member for the Government will undoubtedly be

putting a similar reference when we come back after prorogation, at which time we will have to consider its form and see how we deal with it at that time.

Mr. Young: Mr. Speaker, that meets with our agreement also. It is in line with the discussion which I understand took place between the three House Leaders.

Mr. Deputy Speaker: Agreed?

Some Hon. Members: Agreed.

Mr. Deputy Speaker: I declare the motion carried.
