

To Sir Arthur Currie

Date Apr. 11th.

Toronto is the second City in the Dominion, but I am, of course, aware that there are not as many graduates <sup>here</sup> of McGill <sup>as</sup> in Ottawa or in Vancouver, but the McGill graduates here are ambitious to maintain a live Graduates' Society, which we can only hope to maintain by your co-operation and aid.

Mr. J. W. Jeakins wrote me a few days ago to the effect that he had called on you, but you had informed him that you would be unable to attend our annual meeting. I sincerely trust that you will reconsider the matter, and that you will consent to come, naming your own date. Please reply by wire giving date in order that we may mail our notices to the Toronto graduates.

With kind regards, believe me

Yours faithfully,

WC/K.

*Willis Chipman*
