Introduction and General Statement.....	1
Salient Points.- Branches of Geology not taught or inadequately taught under present conditions.....	2
Summary of assistance required.....	3
Summary of equipment required.....	4
Graduates in geological sciences from McGill	
Report	
General account.....	5
Location at present.....	13
Occupations.....	13
Students from 1929-1930 and where they completed their studies.....	14
The Present Status and Future Requirements	
List of years of first degree.....	15
of the	
Department of Geological Sciences	
1930-31	
Report by Professor J.E. Oliver.....	17
General Geology.....	17
Stratigraphy.....	17
Paleontology.....	17
Field Work.....	17
Report by Dr. Gill, on	
Undergraduates.- Physiography.....	27
Practical Geology.....	27
Graduate.- Physiography and Map Interpretation.....	28
Structural Geology.....	28
Economic Geology Museum.....	28
J.J.O'Neill.	
Report by Professor Graham and Dr. Roberts	
Mineralogy and Crystallography.....	30
Petrography and Mineralogy.....	31
Equipment required for Mineralogy and Petrology.....	31
Report by Professor O'Neill	
Economic Geology.....	32
Final	
Tabular presentation of subjects treated under the various geological sciences.
