## OPPOSITION WILLING TO HURRY LEGISLATION EXCEPT NAVY BILL SCHEMES TO HARASS BORDEN

It Is Now Reported That the Naval Aid Measure Will Stand Over Until Next Week and Meanwhile Government Is Making Headway With Other Important Business.

OTTAWA, April 27.—(Special).—When the house adjourned after midnight on Friday it was intimated by the government that the naval aid bill would not be taken up on Monday, and it is rumored that the bill may go over until next week. Just now the government is having great success in advancing and putting thru legislation and some progress may be made during the week with supply.

The caucus on Tuesday of Liberal senators and members of the house will be awaited with interest, and the result may to some extent influence the course of the government. The policy of the opposition seems to be to expedite all public business except the naval aid bill and business of the country. Indeed, it is said that the Liberals will carry the war into Africa and harry the government daily with demands for the introduction of the parcels post and other bills of which notice has been given. They will also urge that Mr. White make his budget speech and bring the Bank Act before the house at the earliest possible moment for consideration. Their policy, in a word, is to hurry everything thru the house except the naval bill, which they will require the government to put thru by closure.

**Prorogation in May.**  
The expectation of a special session in September is quite general. A prominent Conservative member said tonight: "This parliament will have five sessions. The present session will prorogue next month and there will be short extra sessions called for September and February respectively. Then will come a big session in November, 1914, leading up to the general elections of 1915."

Such a program no doubt would meet the views of the government, but there is a wing in the Liberal party insisting upon the election much sooner. Even this faction, however, is not averse to the September session, with an election during the winter 1913-14.

Everybody admits, however, that these things are in the lap of the gods, or in other words, that it is for the Liberal senators to decide. They might force an election. Will they do it?

## SUBMARINE SIGNALS FOR LARGE VESSELS

Steamer in Distress Will Be Located Easily by Others.

Special Cable to The World.  
LONDON, April 28.—(3.30 a.m.)—(Copyright).—The Times says as a result of a series of successful trials in submarine signaling from the steamers, the North German Lloyd has decided to equip its principal steamers with submarine bells of a similar type to those fitted to the lightships. Steamers so equipped will not only receive signals from regular warning stations, but will themselves be able to send out sound signals, so that in the event of a vessel being in distress in fog its position could be easily located by other ships fitted with submarine receiving apparatus.

## Duchess Has Turn for Better.

LONDON, April 28.—(C.A.P.).—The Duchess of Connaught, who was reported on Saturday to have had a disturbed night and to be "not so well," improved somewhat yesterday. The following bulletin was issued last night at Clarence House: "The Duchess had a good night, her strength is maintained and general condition remains the same."

## GERMAN SOLDIER BEATEN TO DEATH

Outrageous Cruelty Is Practiced Habitually Upon Privates by Superior Officers Who Use Whips.

Social Cable to The World.  
BERLIN, April 27.—(Copyright).—The outrageous cruelty practiced habitually upon private soldiers of the German army by their superiors was brought vividly to mind again by the ordering of a court-martial to enquire into the death of a member of the Imperial Body Guard, caused by ill-treatment. This case brought to light the following letter from Private Bussian, who was serving in the crack Potsdam Regiment of Lancers, to his mother: "I am thrashed by everybody with whips. I am going mad. Let me see you once more before I die."

The mother hurried to Potsdam to complain, but the son urged her to keep silence, saying: "If you report the case nobody will believe you, and I shall be tormented worse."

So the mother returned home, leaving her son to his tormentors. A year later Bussian was found one night lying dead across a guard-room bench.

The court-martial revealed an appalling story of two years of martyrdom. Bussian had been treated with indescribable brutality by third-year men. The sergeant refused to forward his complaints, and at the trial declared that he had noticed nothing, altho Bussian's face was often black and blue from bruises.

**MORE WHEAT LAND.**  
This Year's Western Crop Will Exceed All Others.

More wheat land is being put under cultivation in the Canadian Northwest this spring than ever before. In making this statement, R. B. Bennett, M.P. of Calgary, when seen by The World at the King Edward Hotel yesterday, declared that never before in his life had he seen the sowing of wheat undertaken on so large a scale as was the case now. The seeding is well underway, and all indications point to a crop greatly in excess of all previous records.

## SALONIKI IS LEFT IN HANDS OF GREEKS

Withdrawal of Bulgars Apparently Thru Fear of Attack Is Regarded as Serious Indication That Rupture Is Not Far Distant—Austria Growing More Restless.

LONDON, April 27.—(Can. Press.).—Diplomatic circles in London regard the Bulgarian withdrawal from Saloniki as having a grave bearing on the Greco-Bulgarian differences regarding the possession of the town. Since the fall of Janina the Greeks have been concentrating considerable forces in the neighborhood of Saloniki, and it is thought probable that the Bulgarian commander at Seres became alarmed at the situation, as a comparatively small Bulgarian force was left isolated at Saloniki.

Altho a rupture is not believed to be imminent, developments are awaited with anxiety, as the withdrawal of the troops is not regarded as indicating any modification of Bulgaria's attitude on the subject of Saloniki.

## POWERS NOT DIPLOMATIC.

VIENNA, April 27.—(Can. Press.).—The official Fremdenblatt, discussing Scutari, says:

"If Austria-Hungary is to be really tranquilized, the great powers must not stop at a platonic declaration of their unanimous intentions; they must convert their good will into deeds without delay. In this connection the constant talk abroad of compensating Montenegro for her military successes makes an especially bad impression."

The political and military prestige of Europe has suffered by the fall of Scutari. If this injury to their prestige, this check to their actions is a matter of indifference to the powers, Austria cannot follow them along such a path. She must insist that all the emphasis at her command on a remedy being found as speedily and thoroughly as possible."

## FATALLY INJURED BY STEEL GIRDER

Peter Banaski Died From a Broken Back and Other Injuries.

Peter Banaski of 16 Stanley avenue, who was seriously injured when a girder fell on him at the Toronto Structural Steel Works, Atlantic avenue, on Saturday afternoon, died at the Western Hospital last night.

Banaski, along with several others, was handling a steel girder when the chain slipped and he was caught under one end. He was removed in the police ambulance to the hospital, where it was found he sustained a broken back. His body was removed to the morgue and an inquest will be opened today.

## KING GEORGE COMING NEXT YEAR WILL OPEN NATIONAL EXHIBITION QUEEN MARY MAY ALSO ATTEND

### Contempt of House.

WASHINGTON, April 27.—(Can. Press.).—The special house committee which investigated the assault by Charles C. Glover, a local banker, on Representative Sims of Tennessee, reported that it had found Glover in contempt of the house and recommended that the Speaker issue a warrant for his arrest to answer that charge. Chairman Davis of West Virginia said he would call it up for action as soon as the house disposed of the tariff bill.

## BIGAMY CHARGE AGAINST WATSON

Police Magistrate of Oshawa Placed in Embarrassing Position by Certain Political Opponents.

OSHAWA, April 27.—(Special).—W. J. Watson, police magistrate of Oshawa, whose appointment was not greatly relished by some others who were anxious to secure the position, was arrested tonight on a charge of bigamy. It is stated that the arrest was made at the instigation of certain of his political opponents.

Ten or twelve years ago Mr. Watson's wife left him and went to live in California. After every effort to have her return, he went to Brooklands, South Dakota, and after a year's residence there, secured a divorce. He returned to Toronto, and later married the widow of ex-Alderman Farley of Toronto.

Since his appointment as police magistrate, Mr. Watson has met with every kind of opposition, and it is said that the attention of the attorney-general will be called to this attempt to embarrass him.

## BALKAN ALLIES IN BOLD PLOT

Essad Pasha Will Proclaim Himself King of Independent Albania and Form Cabinet.

Special Cable to The World.  
LONDON, April 28.—(Copyright).—(3.30 a.m.)—A Belgrade correspondent of The Mail cables:

"Essad Pasha, with 26,000 troops, is nearing Tirana, where he will, according to a plan elaborated at Scutari, proclaim himself King of Independent Albania."

Djavid Pasha, commander of the remnants of the Turkish army of Macedonia, will become war minister.

There is already an alliance with King Nicholas. It is stipulated that Montenegro keeps the Tarabosh Ridge and the Boyana Valley, while Scutari town becomes Albanian.

Essad's Albanian standing assures his success. The Daily News Belgrade correspondent describes Essad's move as the Balkan allies' trump card, being the outcome of a plot planned with the connivance of Serbia and Montenegro, who desire Albania to take vassal status of Turkey, so they may maintain with it intimate relations.

## AUSTRIAN TROOPS TO OCCUPY TOWNS

Reports Circulated in Berlin That Montenegro Is Entered Already.

LONDON, April 27.—(Can. Press.).—According to a report published in Berlin, an Austrian naval division has left Trieste with 10,000 troops, with the intention of occupying Antivari, Dubligno and San Giovanni di Medua, and advancing against Cetinje.

The Strassburg Post asserts that the German emperor has received a telegram to the effect that the Austrians have already entered Montenegro.

## KINGSTON TO HONOR D.M. M'INTYRE

KINGSTON, April 27.—(Special).—D. M. McIntyre of Toronto, chairman of the board of railway commissioners, ex-city solicitor and ex-mayor of Kingston, will be honored by Kingstonians Thursday night when they will tender him a banquet and present him with an oil portrait of himself. Mr. McIntyre will afterwards present the portrait to the city to be hung in the city hall beside those of the other ex-mayors. Mr. McIntyre will be here this week for the closing exercises at Queen's University.

It Is Stated That Plans Are Definitely Made and That Only Outbreak of War or Family Bereavement Can Interfere—Visit Will Be Without Precedent.

NEW YORK, April 27.—(Can. Press.).—The Brooklyn Eagle London correspondent, under date of April 12, writes as follows:

"I am able to announce definitely that King George will visit Canada in 1914. Only some such unexpected event as a European war involving England or a family bereavement will prevent this trip taking place."

The king and his advisers are taking somewhat unnecessary pains to keep the proposed visit secret. They are so afraid that the Canadians will be disappointed that they dread the king's intentions being announced at so distant a date. A meeting between King George and President Wilson at Niagara Falls is likely to be arranged within the near future.

King George has indicated his willingness to open the Toronto Exhibition in August 1914, and preparations for this event are already being made in English court circles.

**Queen May Come Also.**  
"It will be the first time that any king of England has visited Canada. It is hoped that the Queen will accompany the King, but nothing is yet definitely settled as regards the subject. The Prince of Wales is likely to be with his father on this interesting trip."

"In Canadian circles here a visit from the King has long been anticipated. When Lord Grey was governor-general, powerful representations were made as to the desire of the Canadian people to see in person the King. The appointment of the Duke of Connaught as governor-general was in no small degree due to the royal appreciation of this sentiment. It is understood that the Duke of Connaught has cordially endorsed that earnest solicitation of the Canadian Government and people to which the King has now acceded, so far as his plans can be arranged in advance, a welcome assent."

**May See Big Yacht Race.**  
"Lord Strathcona, the veteran high commissioner of Canada, said yesterday:

"No people of the empire are more loyal or more attached to the King than the Canadians. His majesty received evidence of this in 1899—when the Boer war broke out. Should the King go now or any subsequent time, it would be impossible for him to receive a finer welcome in any part of the world than in Canada."

"As the yacht races for the America's cup take place in September, 1914, there is just a chance that the King, on his return trip home, may be a spectator of Sir Thomas Lipton's fourth attempt to 'lift the cup.' It has been suggested that the warship on which the King will make the trip to Canada should be diverted to Sandy Hook, so that King George can see in person what happens to the four-leaved Shamrock."

**To Visit Other Dominions.**  
During the King's absence from England the royal prerogatives would be vested in a commission similar to that which was appointed when he went to India to receive the homage of his subjects in that empire. For reasons of state it may be decided that the Prince of Wales stay in England while his father is abroad.

"This trip to Canada is only the forerunner of others. It is King George's ambition to be the first King to visit not only Canada, but also Australia and South Africa."

**TORONTO ARCHITECT IS TO DESIGN MONUMENT**  
OTTAWA, April 27.—(Special).—The model of a monument to King Edward VII. to be erected on Parliament Hill, prepared by Walter Allward of Toronto, has been accepted, as recommended by the advisory arts council: S. Nicholson Babb, London, England, was second.

**Dineen's Men's Hats.**  
Every sensible variety of a hat for a man, imported from the best makers in England, the United States, France and Germany. The prices are up to five dollars for a hard or soft hat—but the Dineen value is three dollars. Three dollars for a hat of unapproachable quality. Dineen's are sole agents for the "Dunlap" American hat and the "Heath" English make. Men's hatters in Toronto since 1864, corner Yonge and Temperance streets, 140 Yonge.

**Shakespeare at the Princess.**  
The greatest Brutus of all time as what the leading critics say of Tyrone Power, who begins a week's engagement tonight at the Princess Theatre in "Julius Caesar." The advance sale of seats indicates that the Shakespearean play is a big favorite here.

### Gets New Job.

WASHINGTON, April 27.—(Can. Press.).—Joseph E. Davies of Madison, Wis., secretary of the Democratic National Committee, has declined to be governor-general of the Philippines and has been selected for commissioner of corporations to succeed Luther Conant, Jr.

## SUFFS. NARROWLY MISSED DUCKING

Unchivalrous Mob in Hyde Park Tried to Drag Persistent Orators to Water.

LONDON, April 27.—(Can. Press.).—Hyde Park was again turned into a bedlam by the suffragettes and their opponents this afternoon. The women, declining to recognize the police order that no suffragette meetings were to be held in the park, appeared with a wagonette and proceeded to address a small crowd. Immediately youths commenced to gather and an attempt was made to drag the wagonette the Serpentine for the purpose of ducking the women.

Mounted and foot police intervened just in time to save them, and the suffragettes were escorted from the park, followed by a jeering crowd, who pelted them with turf and street refuse after they entered a cab.

Men supporters of the cause were similarly treated, the crowd refusing to allow any suffrage meeting, militant or otherwise.

The Perthshire Cricket Pavilion at Perth, together with a collection of valuable photographs, records and relics, was destroyed by fire today. Suffragettes are suspected, altho nothing of an incriminating nature has been found.

## DOUBT STORY OF WOMAN'S DEATH

Insurance Company Is Investigating Facts Concerning Disappearance at the Falls.

NIAGARA FALLS, Ont., April 27.—(Special).—The Prudential Insurance Company is "holding out" on the payment of insurance policies on the life of Miss Josephine Kivittich, a Polish young woman of Buffalo, who was reported to have been swept to her death over the Luna Fall on March 16. The company is leaving no stone unturned in trying to establish that Miss Kivittich did not lose her life or that, if she did, it was neither thru accident nor suicide.

Philip A. Ross, inspector of insurance, is here investigating the alleged tragedy.

Treasurer C. L. Atwood of the reservation, told the inspector the story of Miss Kivittich's death as told him shortly after the accident by two women who claimed to have accompanied her here from Buffalo. The latter two were Mrs. Wojciecki Maciejewski and her daughter, Mary. Inspector Ross said that these two women both hold policies on the life of Miss Kivittich, one for \$1000, and another for \$250, which the company is refusing to pay, pending positive proof of her death.

A searching investigation for six weeks has failed to discover any one who saw the woman.

**HEAVY LOSS CAUSED BY BALTIMORE FIRE**  
Big Building Occupying the Entire Block Was Completely Destroyed.

BALTIMORE, April 27.—(Can. Press.).—Fire early this morning wrecked a big brick building, almost the entire block of Sharp street, between West and Ostend streets, causing a loss of about \$200,000. Half the building was occupied by George Eselman & Co., manufacturers of picture frames and moldings, and the other part by the Chesapeake Manufacturing Co., furniture makers.

All the damage is said to be covered by insurance.

## RAILROAD TRAIN SET ON FIRE BY WOMEN

Suffragettes Attempted Also to Burn Freight Shed and Grand Stands—Mrs. Pankhurst Must Return to Jail Today and Police Are Nervous, Fearing Conspiracy.

Special Cable to The World.  
LONDON, April 27.—(Copyright).—Setting fire to a railroad train, the latest act of the "arson squad" of the militant suffragettes.

Three compartments of an empty London and Southwestern train, standing on a siding at Teddington station, were discovered on fire, and the flames were easily extinguished, the authorities are again much alarmed. No arrests were made.

In one of the cars was found a woman's cloak and near the cloak were a quantity of cards addressed to members of parliament with the customary suffrage messages on them and other suffrage literature.

Oil had been poured over the seats and floors of the cars, and it was apparent that the women had been frightened off before they had a chance to set fire to each car.

**Two Other Attempts.**  
Two other suffragette attempts at arson were frustrated today by the timely discovery of inflammable materials which had been set alight. One was in the freight shed of the Great Northern Railroad station at Westmill, about thirty-five miles to the north of London, in Hertfordshire, and the other under the grandstands at the Preston football grounds.

The usual paraphernalia used by the suffragettes, consisting of kerosene, soaked rags and resin as well as a quantity of suffragette literature, were found, but the "fire fiends" escaped.

**Mrs. Pankhurst's Case.**  
Mrs. Pankhurst must return to Holloway jail on Monday when her license expires. The World was informed today that suffragette headquarters that she will not surrender, but must be re-arrested. It was stated that she is still too unwell to be re-imprisoned with safety.

Until Thursday she was in a nursing home at Baywater, but was then removed to the residence of Mrs. Ayrton, an eminent scientist and one of the most munificent contributors to militant funds. The police guard which has been on duty outside the nursing home, day and night, since Mrs. Pankhurst's release followed her to Mrs. Ayrton's house, which is difficult to guard because it has a private entrance into the Mews at the rear. The police are very nervous, believing that there is some plot to spirit Mrs. Pankhurst away.

**She Must Behave.**  
Zelle Emerson, the American girl whose mother came over to petition Home Secretary McKenna to release her daughter, has gone with her mother to the Isle of Wight, where

### SIR JEEMS AND THE SNARE

Jaff: Is that ye, John? Back frae New York?  
John: Yuh bet that's a town! Yuh ought to see th' motor cars an' motor cabs! I filled up with them; tho they was high.

Jaff: Yes, John. But I notice that Th' Tely says Sir Jeems got'n a automobile frae's freens, an' that noo he'll be desertin' his trusty cycle for th' gran' machine—that th' automobile 'll be a snare til him. Is that yer openyun, John?

John: I've been snared an' rather tumbled to it. But o course we've got to have some things in Th' Tely to make our readers think it's nice to be strapped—holdin' an' an' so our Johnny tells them walkin' is a joy, that motors is a snare, an' that cycles is trusty.

Jaff: Aye, John, like th' Minister tellin' th' readers o' Th' Glob' that righteousness exalteth a nation when he wants them to vote for th' pair companies an' th' autonomy bills! We has our little idiosyncracies, as we spe in th' profesh!

John: Joss so, Jedge. But, anyway, Jim Whitney came from Morrisburg, an' he ain't bad off if he has a three-wheel tri-cycle an' can still partake, as our Johnny says, ov th' simple joys ov walkin'.

Jaff: Aye, John. Step in my electric de-luce an' has a bit spin in th' Park. We may meet Sir Jeems on's three wheeler.

John: Thank you, Senator, there ain't no straps to hold, here, is there?

Jaff: Nay, nay, my Johnnie. Just yin seat for every yin person.

John: Toon her up, boss, but don't get the cop on th' motorcycle after us!

## TROUBLE AHEAD FOR SOMEBODY

CAP. ROSS, of the "Senate Veto": Watch me "shanghai" that swab.
