IF THIS IS YOUR BIRTHDAY, you will be lucky in all things. If you go to the Woodbine don't let any one "switch" you from the horses you have chosen to bet on. You will be healthy, but do not become careless. These born today will show good judgment, but will be up to jump at conclusions too rapidly.

NOTABLE WEDDING IN OLD ST. MARK'S

Lady Strathcona's Grandchild
Becomes Bride of Lieutenant in Royal Navy.

LONDON, May 25.—(C. A. P.)—The Duke and Duchess of Connaught sent a large silver mounted mirror as a wedding gift to Miss Howard, who was married yesterday at St. Mark's Church, North Audley street, to Lieut. Kilsen of the royal navy, and a large silver cup was received from the Landgrave of Hesse.

The service, which was fully choral, was conducted by the bridegroom's father. The bride, who was given away by her father, wore pure white chamoisee with a court train of old Brussels lace, given by her grandmother, Lady Strathcona, while her long lace veil was arranged over a spray of orange blossoms and white heather. She was attended by two children and eight bridesmaids, who wore pretty dresses of pale blue crepe de chine, with Dutch caps of cream lace, while each carried a bouquet of pink sweet peas. At the conclusion of the ceremony a large reception was held at Lord and Lady Strathcona's house in Grosvenor square.

After six months of age orange juice is useful. Older children are constituted because they have not been taught regular habits or because of their diet. Perhaps too much milk is given. It is sometimes necessary to take milk right out of the diet of the child of two or three years. If the constipation stubbornly resists dietetic treatment.

Perhaps the child's food is too concentrated because he does not get vegetables or cereals. These last two quantities of diet should be given in large quantities to constipated children.

Fruit, too, is a valuable addition to the diet. Give the child fruit—except bananas—three times a day between meals, until the trouble is overcome.

Massage of the abdomen is very helpful in treating constipation. It consists in very gently stroking the abdomen with the tips of the fingers, first upward on the right side, then across downward on the left side. Repeat the process for five or ten minutes, morning and evening.

the lucky
5%?

20,000 homes in Toronto are wired for electric light.

Not 5 per cent. are equipped with vacuum cleaners.

This is because folks have not learned what a vacuum cleaner will do for them, and how reasonably you can buy one.

The dreaded drudgery, dust and dirt of housecleaning has vanished since the advent of the Electric Vacuum Cleaner.

Sweeping simply disturbs and distributes the dust.

Shaking and beating removes but a small amount of dirt and is injurious to floor coverings because it tears and twists the warp.

An Electric Vacuum Cleaner is kind to carpets, sucks up hair, thread, lint, and all forms of dirt and litter that the broom or beating fails to dislodge, without injuring the most delicate fabric, or requiring the taking down of curtains and pictures, or the pulling up of rugs and carpets.

And the work is no harder than watering the lawn.

Cost of current is slight. Cost of cleaners is reasonable. Prices run from \$30 up.

Visit the daily demonstration of the Electric Vacuum Cleaner in our show-rooms this week. Come prepared to ask questions.
