BERLIN, via London. March 7.—The Italian situation is occupying the attention of serious-minded public men. Many newspapers, including The Koelnische Zeitung. Frankfurter Zeitung and Lokal Anzeiger give prominence to long despatches from their Rome correspondents, who dwell upon the insistence with which Italy is apt to press demands for territorial compensation for possible Austrian gains in the Balkans. The feeling here is that Germany undoubtedly would like to see the discussion of this matter taken up by Austria and Italy, but it is held that Austria cannot broach the subject, but must wait to hear from
