ABBREVIATIONS

Certain words are always recurring in Arithmetic and these are usually abbreviated. The most common of these are:

ins. means inches.	sq. ins. means square inches.
ft. means feet.	sq. ft. means square feet.
yds. means yards.	sq. yds. means square yards.
lbs. means pounds.	cu. ins. means cubic inches.
gals. means gallons.	cu. ft. means cubic feet.
dia. means diameter.	cu. yds. means cubic yards.

There are also many others, the meaning of which will be made plain by studying the question.
