Final Clearance of Men's Overcoats at \$8.75

We've just got to have the room, and at once, so have placed a rush price on these overcoats for 8 o'clock Saturday morning. The range of sizes in this lot is made up of a collection of single and double-breasted coats, in dark grey chevrons, with velvet collars, which may be had in Chesterfield or double-breasted styles. A number of coats of English black Meltons, are made in the Chesterfield style only. There are not all sizes in each line, but all are excellent value, for they are priced at a mere fraction of former price. Saturday morning clearance price 8.75

A line of suits that were purchased specially for early morning business Saturday, and men who come early will realize the great savings and the suits are right up to the mark in style, being single-breasted models, sack models, smartly cut and well tailored in a range of unusually good patterns and fabrics. Smooth finished worsteds and fancy mixtures in tweeds, mostly stripe and check patterns, in shades of grey, brown, fawn and olive. Well lined and trimmed; sizes 34 to 46. Saturday special 8.95

Saturday Values in the February Sale of Trousers

The great Sale is rapidly drawing to a close, and those who have not yet taken advantage of the very special values at the low prices prevailing will find Saturday a most opportune time to buy. Suitable fabrics are woven specially for us, during the slack periods in the English woolen mills; are shipped direct to us and made up by our own expert tailors during slack periods, and the Trousers Sale comes on in February to keep our Clothing Section on the jump. It's business economy and you get the benefit. Here are the Saturday specials:—

Men's Fancy Striped Trousers, \$2.10—English materials in both dark and medium shades; fashioned in latest styles, well tailored and nicely finished; sizes 32 to 42. Saturday Sale price 2.10

Men's High-Class Trousers, made from British worsteds, solid fabrics in striped patterns and new weaves, in several medium and dark shades, tailored in best possible form, with side straps and loops for belt at waist, side, two hip and watch pockets. Extra good value. February Sale price 3.25

English Worsteds Trousers of quality and style, in distinctive stripe patterns in dark colors; perfect in fit and finished with all the extras that add to comfort and appearance. These trousers are suitable for best or business wear. Saturday Sale price 3.70

Unusually Strong Values in Boys' Suits Saturday

If the boy needs a new suit, Saturday is the day to fit him out, for the values are exceptionally good, and the prices mean great savings to all who come in time.

Boys' Bloomer Suits—Three-button double-breasted suits in imported English tweeds, with a smooth finish and in a quality that will give good service. They are in dark olives and browns, finished with twilled body linings and full size bloomers; size 29 to 33. Special price Saturday 2.75

Small Boys' Norfolk Suits, \$2.50—Single-breasted Norfoks with pleats and belt at waist; in serviceable tweeds in dark grey and brown patterns; well lined with twill Italian cloth. Knee pants lined; sizes 24 to 28. Special price, Saturday 2.50

BARBER SHOPS MAY CLOSE EARLY

City Council Will Comply With Request of Deputation to Take Steps to Close All Tonsorial Parlors From 8 P.M. to 7 A.M., and All-Day Sunday.

Asking for a bylaw to close all barber shops from eight o'clock at night to seven next morning, a deputation of barbers waited upon the board of control yesterday morning, and succeeded in obtaining the board's promise that the matter would be looked into in the near future.

Leon E. Worthall, organizer of the local barbers' union, acted as spokesman, and told the controllers that the life of the razor and scissor artist was a hard one. Under the present conditions, he said, they worked long hours, which had a very detrimental effect upon their health. From 35 to 40 per cent, of them, he said, were tubercular as a result of their long hours and inside work. He pointed out that several of the large downtown hotels had been guilty of keeping their shops open on Sunday, and the Lord's Day Alliance had been asleep. The controllers were disposed to show some sympathy, and will look into the matter later.

Old Age Pensioners.

A letter was read from the special committee appointed by the Dominion

Government to look into the matter of old age pensions, asking the city to supply data, and forward the opinion of the council on the scheme. The idea did not appeal to the board. Mayor Geary thought it would tend to destroy thrift, and to pauperize people. Controller McCarthy thought it was not necessary in Canada. It was finally decided to have the city relief officer prepare a statement showing how many people over 60 years of age applied to the city for aid.

Advised to Accept.

Acting for Capt. Midford, James Haverson, K.C., wrote to the board stating that he had advised the captain to accept the city's offer of \$1000 for his services in connection with the intake pipe. The board decided to grant the captain's request for the intake pipe, if there are sufficient of these available.

The appointment of a waterworks commissioner came up and the board decided to advertise for applicants for the position.

A letter was read from Kenneth J. Beaton, regarding the testimonial to Dr. F. H. Torrington. The letter suggested that the presentation take place in Massey Hall, but the board decided that the council chamber would be a better place.

The formal application of Acting Parks Commissioner Charles E. Chambers was received for the permanent position as parks commissioner.

LADIES' NIGHT AT AD CLUB.

The members of the Toronto Ad Club have arranged to throw open their doors to the lady folk, and will entertain them to-night at the clubroom, 179 Yonge-street.

Commencing at 8 o'clock, the entertainment program provides for progressive euchre, music and songs from the club's own private opera troupe. Knowing the desirability of enlisting the sympathy and co-operation of the ladies, the Ad Club are likely to outdo themselves on this occasion, and demonstrate that the men know how to play as well as work. Tickets \$1, which admits one lady and one gentleman, for sale at clubrooms.

ESTIMATES FOR ISLAND CUT DOWN

Committee Struck \$13,865 From Proposed Expenditures—Overdraft of \$200,000 Reported From Last Year — Humber Boulevard Property Title Troubles.

Estimates providing for an expenditure of \$56,641.88 for permanent improvements and maintenance were considered by the island committee yesterday afternoon, when items totaling \$13,865 were struck out. The amounts suggested for permanent improvements in connection with the new athletic field at Centre Island were struck out, the committee being of the opinion that this land was not improved sufficiently to build permanent structures. The committee left over the maintenance estimates of the city engineer's department until Monday, when they will hold a special meeting.

A decision of \$200,000 will have to be considered when the 1912 tax rate is decided upon. The estimated revenue from the last year was a rather liberal guess by the board of control and several departments fell away be-

low expectations. The revenue from water rates alone fell \$30,000 below the amount estimated. The street railway revenue failed to come up to the mark by \$20,000 and the estimated \$38,000 from the sale of electric power was a phantom.

The Humber-boulevard property, comprising some 113 acres, which R. Home Smith proposes to give to the city, cannot be conveyed owing to difficulties regarding the title. The ownership of the river bed and the four and one-half acre island near Humber-street has not yet been definitely settled. It appears, too, that the boulevard scheme involves some property in the Township of Etobicoke, and it is doubtful whether the residents there will consent to annexation.

MYSTIC LODGE NO. 1 K. P.

A meeting of the above lodge took place at the Castle Hall, corner of Berrill and Richmond-sts., on Wednesday, 21st inst.

In spite of the stormy weather, there was a large turnout. Degrees were conferred upon candidates in splendid style by the officers who have recently been installed. At present everything bids fair for a prosperous year in Mystic.

DECISION AFFECTS ALL MANTOBA.

WINNIPEG, Feb. 22.—A startling feature of yesterday's privy council decision against Winnipeg in favor of the Street Railway Company, developed today, when the city solicitor's department said it will not only affect Winnipeg, but also every other city or municipality in the province.

INSURANCE INSTITUTE.

The Tararic Insurance Institute held its regular monthly meeting in McConkey's last night. Supper was served at 8.30, after which the following speakers addressed the large number present: W. A. Hynes of the Canada Life, on The Reinstatement of Life Policies; W. Valentine Busnel read a paper on the Adjustment of Liability Claims and L. C. Evans discussed Mr. Hynes's paper on Motor Insurance.

BUILDERS MEET IN CALGARY NEXT

Dominion Convention Closed Yesterday With Election of Officers and Address on Compensation.

Calgary was chosen for the next Dominion Builders' Exchange convention. At the closing session, F. W. Wegeman of the Canadian Manufacturers' Association, spoke on workmen's compensation, and President Nesbitt said they had had a good law in Quebec for two years, and employees' deputations had failed to secure any changes in it.

An Ontario member said the Quebec law afforded no protection to workmen in the case of irresponsible employers. A silver tea service was presented to Mr. Nesbitt, the retiring president.

The visiting delegates presented a presiding officer's chair to the Toronto Builders' Exchange.

The convention elected these officers: President, J. W. Morley, Winnipeg; vice-president, Geo. Gander, Toronto; secretary-treasurer, J. H. Lauer, Montreal.

A banquet was given the visitors at McConkey's last night by the Toronto Builders' Exchange.

The Ontario Provincial Exchange officers elected, were: President, G. S. Gault, London; vice-president, G. A. Crane, Ottawa, and G. Gander, Toronto; secretary-treasurer, P. L. Fraser, Toronto.

University Saturday Lecture.

The last lecture of the Saturday afternoon course will be delivered by W. S. Jackson, B.A., of Upper Canada College, on "Mountaineering." The lecture will be in the Physics Building and will be illustrated.

THE FEDERATION OF THE WORLD

Editor-World: The onward march of intelligence is shaping the world's destiny and it is fitting that The Toronto World should voice such a glorious sentiment. The memory of King Edward VII. as the first royal exponent of "peace on earth, good-will toward men," will have a never dying fragrance wherever the sun rises and sets. The natural sequence in that keen appreciation on the part of Germany, the United States and Great Britain, not to mention every other nation under the sun that has been awakened to the coming of the Prince of Peace, illustrates the strong hold the peaceful federation of the world has already got. Formerly it was (Gen. H. H. "Beat your plowshares into swords, and your pruning hooks into spears." Now it is coming to be (Micah iv. 3), "Beat their swords into plowshares and their spears into pruning hooks"—the very reverse. It is highly-encouraging and gratifying that our noble King George and our beloved Queen Mary are pursuing the wisest course possible in visiting these great nations with the olive branch of peace, heralding their coming, and, best of all, the fullest appreciation is being so clearly demonstrated that the noble spirit is being fully resurrected, and that "The Lord, Our Righteousness," the ensign for the whole world's peace, the last name Christ is to be known by on this earth, is soon to be unfurled. What an age in which we are living! What a hope there is to encourage the struggling millions of God's creatures, "when nations shall be at peace, and the federation of the world shall be an accomplished fact!"

NEW OFFICERS OF TEMPLARS

A. B. Spencer of Collingwood Is Grand Councillor and Miss Warren Is Vice.

Non-partisan tactics were adopted by the Ontario Grand Council, Royal Templars of Temperance, at the closing session yesterday. "We would urge upon all temperance electors the advisability of attending the primaries of their respective parties and so far as possible making their influence felt in the selection of candidates, either in municipal, provincial or federal elections, who are favorable to the promotion of temperance and social reform," was a motion adopted.

Motions calling for Dominion and provincial prohibition also carried.

The following officers were elected: Grand councillor, A. B. Spencer, Collingwood; grand vice-councillor, Miss Margaret U. Warren, Hespeler; grand chaplain, Rev. H. R. Noble, Toronto; grand secretary, W. M. McMillan, Hamilton; grand guard, J. Salter, Palmerston; grand sentinel, N. D. Staggley, Hamilton; D. D. Herald, Miss Estia Bell, Trenton; grand trustee, Kenneth McKenzie, Picton; grand herald, Walter Carley, Brantford; grand auditor, Lewis C. Peate, Toronto; grand medical referee, Dr. W. M. Crawford, Hamilton; additional members of executive, W. J. Armstrong (Toronto), Ben Johnson (Hamilton), Geo. Hurst (Toronto).
