

August 10th.—Dear Madam : Will you kindly accept the enclosed \$6, being collection taken at a small concert given by the employes of the "Baths" in aid of the Island Hospital for the little ones. I hope it will aid you in your work.

Yours respectfully,

J. B. M., *Manager Wiman Baths.*

August 12th.—Dear Madam : May I beg the favour of a letter of admittance to the Home on the Island. I have a child two and a half years who has been delicate for twelve months, and I have been advised to send her for a change of air, but my circumstances will not permit me to pay for her, as I have six children and my husband. I would have applied sooner but I am not very strong.

Yours respectfully,

Toronto.

E. H.

The child came to the Lakeside Home, and was much improved before she returned.

August 13th.—Charlie R., aged four, came in to-day ; he is very delicate.

August 15th.—Dear Madam : I send by post a box of jewellery, thinking a trifle might be realized from it for the Hospital. Please send copy of Report for

Yours truly,

Ont.

J. W.

August 31st.—Dear Madam : I send you herewith \$3 for the Hospital for Sick Children, to be used as your committee shall direct.

It is what I found in my dear boy's money box after his death. He had saved it for a special purpose, but as he was interested in the Children's Cot, and had contributed to it through the *Montreal Witness*, I send it to you. May God's blessing go with you, and rest on all the poor children, and on all in connection with your humane work.

I am yours sincerely,

Galt, Ont.

A. C.

Answers to prayer: Enough money for daily expenses ; a family in trouble helped ; marked improvement in the life of one for whom we have been praying for months ; money for Mr. G. ; Mrs. H. comforted ; heard that an invalid person we had been praying for had recovered.

Special prayer: That Mrs. H. be strengthened ; for recovery of a sick man ; for two aged unconverted men ; that two sons of Mrs. M. be kept strong ; for conversion of two unconverted sons ; also money for daily expenses.

SEPTEMBER.

September 6th.—Dear Madam: Noticing some time ago in the papers a request for old toys, we send our doll's house and contents, for which my sister and I have no further use ; hoping it will serve to amuse some of the little ones.

Yours truly,

City.

L. C. H.
