Incendiary Fire in the East End.
 The men who were suspected of causing
 the recent fire on the shores of
 Ashbridge's Bay made their headquarters
 in a vacant house at 20 Carlisle
 avenue, owned by W. A. Stewart, 33
 Carleton place, Thursday. The house
 was fired in every room and was badly
 burned. There is no doubt that the
 blaze was of incendiary origin. The dam-
 age is \$250.

HEALTHY AND FOUND.

The Story of a Young Boy's Trials.

Was Growing Too Rapidly and His Health
 Care Him Several Months' Suffering.
 His Mind Too Good—His Parents Almost
 Discouraged.

From The Napanee Beaver.

It is truly pitiable to see boys just
 beginning to realize the possibilities of
 life stricken down with disease, to
 escape from which is sometimes
 thought to be little short of a miracle.
 Hearing of such a case a reporter called
 on Mr. J. J. Smith, living near Peed-
 ericksburg Station, in Lennox Co. and
 interviewed him regarding the cure of his
 son, who was in bad health and re-
 garded it by the use of Dr. Williams'
 Pink Pills. Mr. Smith is one of the
 oldest residents in the locality, of direct
 U. E. Loyalist descent, and has resided
 all his life on the farm on which he
 lives. He is consequently well known
 throughout the district. In reply to the
 reporter's query he gave the details
 of the case. "My son Stanley was
 taken sick about the first of February,
 1892. He became very weak and had a
 dull constant pain in his head. He grew
 very weak, such a condition being
 more properly described by the term
 general muscular weakness. He was
 troubled with severe pain in the back
 and had no appetite, continuing to
 steadily grow weaker and losing
 all his ambition. He had little more
 color in him than a bit of white paper.
 A physician was consulted on the first
 appearance of the trouble. He carefully
 examined the case, stating that the
 cause of the trouble was an enlarged
 heart, the pains in the back originating
 from muscular rheumatism and the
 constant tired feeling and general
 weakness was caused by overgrowth.
 These difficulties together with the
 other effects of the disease led to a phys-
 ical wreck. He had the benefit of
 careful medical attention for four
 months. The doctor had carefully
 treated him for the deafness and suc-
 ceeded in restoring his hearing, but in
 other respects was no better. He
 ordered that he should be carefully
 nursed, which was about all that could
 be done. To make things more clearly
 understood I might say he was at this
 time past 12 years of age. Having
 grown very fast, was large enough for
 one six years his senior. The doctor
 and medicine could do him no good, and
 all that could be done must come
 by nursing. We naturally felt greatly
 discouraged at the prospect, not know-
 ing what course to pursue in the
 future. At this juncture one of the
 druggists at Napanee, who had previ-
 ously compounded many prescriptions,
 recommended a trial of Dr. Williams'
 Pink Pills. It was then the first of
 when we purchased three boxes and com-
 menced the treatment. When he had
 finished the second box his appetite, per-
 sistent headache and, in fact, all his
 troubles were removed. He continued
 until seven boxes had been used.
 His strength returned with renewed
 vigor, and all signs of muscular rheu-
 matism had vanished, and he steadily re-
 gained a strong healthy color, and was
 able to do considerable work in the
 harvest field such as riding the mower,
 reaper or horse-rake. He has since at-
 tended school regularly, and though a
 year has elapsed he has had no symp-
 toms." Mrs. Smith, spoken to about
 the matter, readily concurred in all
 that had been said relative to her son's
 case, and was very delighted that the
 public is warned. The genuine
 Pink Pills can be had only in boxes, the
 wrapper around which bears the trade
 mark, "Dr. Williams' Pink Pills for
 Pale People." Refuse all others.

TORONTO SUNDAY WORLD.

AT OLD TRINITY.
 Interesting Debate on Fiction and Char-
 ming Dance at the University

The Council of the Trinity University
 Literary Institute held a debate and gave
 a dance in their Convocation Hall Thurs-
 day. The debate was on "The Influence of
 Modern Fiction." The subject was ably
 discussed by Messrs. Boyce, Wilby, Bushel
 and McDougall. Professor Clark presided
 on the construction of the debate. The
 evening was occupied by the dancers, and an
 enjoyable concert ensued. The officers
 of the council are: President, J. F.
 Southworth; Vice-president, H. F. C.
 Boyle; Secretary, A. Lee Ireland; Treas-
 urer, J. Johnson; Librarian, L. M. Muckleston;
 Editor, E. C. N. Wilson and A. S. B. Lucas.

SLEEP WAS DENIED HER!
 Smothering spells and difficulty
 of breathing made sleep
 impossible.

The Heart again at Fault!
 The Means of Cure described.

Mrs. Richard Gill, 270 Church-street,
 Toronto, Ont., says: "My good opinion
 of Milburn's Heart and Nerve Pills has
 been confirmed because the heart troubles
 from which I formerly suffered en-
 tirely disappeared through their use, and
 have not since returned. I suffered with
 violent palpitation, accompanied by sharp
 pains in my heart. I often experienced
 great difficulty in breathing, and was
 subject to smothering spells both day and
 night. Many a night sleep was denied
 me; my nervous system was completel-
 y shattered and my physical strength
 very weak.

"These valuable pills restored my
 heart to health and strength in every
 way. My nervous system is as strong
 and healthy as ever it was. The smother-
 ing spells and lack of sleep are a thing
 of the past, and my breathing is as reg-
 ular and free as when I was a girl."
 "Only those who have suffered as I
 did for twelve years, and been restored
 to health as was by MILBURN'S
 HEART AND NERVE PILLS can ap-
 preciate how thankful I am to this great
 medicine for all heart and nerve troubles.
 I think it is invaluable."

RELIGIOUS TEACHING IN SCHOOLS.

Repetition Again Warrants on the Public
 School Board. The Issue Remains Un-
 decided—No Decision Given.

The question of voluntary schools was
 again to the fore at the meeting of the
 Public School Board.

Messrs. S. Baldwin, S. G. Wood, A.
 M. Dymond, John Dick, G. Blount and
 McLaughlin formed the deputation on
 whose behalf Mr. Baldwin addressed the
 board the well-known arguments of
 voluntarism, and in favor of religious
 teaching.

Dr. Noble enquired whether such
 schools having been established, every
 denomination might not reasonably ask
 for the same concession.

Mr. Baldwin admitted this might be
 the case.

Trustee Kent said that the board was
 always ready to accept the case of build-
 ings for nothing for school purposes,
 but it had been his experience that
 whenever it had to rent such property
 the charge was always higher than any
 for any other kind of property.

This ended the discussion.

The remainder of the session was oc-
 cupied in discussing the committee's re-
 ports, which, with unimportant altera-
 tions, were adopted.

WHOSE WAS THE WESTON CHILD?

The Case is Prominent in Connection
 With the Inquest Regarding an
 Abandoned Baby's Death.

The third session of the inquest touch-
 ing the death of Thomas Perth, the in-
 fant so named by the authorities, and
 on whose account Mrs. Malone is
 charged with murder, brought out very
 little straight evidence to contradict the
 prisoner's story of the alleged finding of
 the child. Mrs. Malone accepted the
 advice of her lawyer, C. E. Macdonald,
 and kept quiet while the testimony was
 being taken.

Juryman Langley spoke strongly in
 the prisoner's favor last night after the
 session, whereat another juror insisted
 to him that some of the jurors
 would be excused from service at
 the Coroner's request, and he re-
 ceived an affirmative reply.

Mr. St. David's St. David's
 street, said that Mrs. Malone adopted
 Clara Keele's baby from her house, in
 answer to an advertisement which had
 been put in the paper by Miss Keele,
 and Mrs. Malone had said the baby
 would be adopted by Mrs. Johnston of
 Whitchurch. Witnesses saw the child
 with Mrs. Malone two or three days
 before a dead child was found in a
 Weston orchard, but she didn't see it
 afterwards.

Mrs. Bellamy of the Prisoners' Aid
 Society saw Mrs. Malone on Miss
 Keele's behalf, to find out where the
 baby was, and was told that it had
 been adopted by Mrs. Johnston. Mrs.
 Malone had said she had no difficulty
 in securing persons to adopt children.
 She asked \$10 from the unfortunate
 mother, but as Miss Keele was
 she accepted \$5 in that case.

Maggie Malone, a bright child, 13
 years of age, eldest daughter of the
 prisoner, gave evidence in a straight-
 forward manner, and was credited with
 a few immaterial details. She spoke in a
 low voice, and a juror remarked: "I
 don't think it's a square deal to put the
 child in the box." Maggie said she had
 seen the child with Mrs. Johnston, and
 mother claims to have given Miss
 Keele's child.

Falsely John Mulhull of No. 7
 Division told Mrs. Malone claiming
 to have found the babe and giving a
 false name and address.

The enquiry was adjourned until
 Monday night.

MARJORIE WAS A TARTER.

That is the story of Charles Logan,
 formerly of Toronto, a Tinsmith,
 who has been killed.

Detroit, Feb. 18.—Charles Logan, a
 Toronto tinsmith, married Marjorie H.
 Hamilton in that city Oct. 15, 1876,
 and they have children aged 21, 18, 13
 and 14. Mr. Logan avers in an affidavit
 filed in the Wayne Circuit Court that
 his wife had a temper, and when she
 felt in the mood used to come down to
 his shop and make more noise than he
 could with his hammer and plates of
 metal. In August, 1891, she cracked
 him upon the head with an iron pan
 and he had to call in a surgeon to do a
 job of needlework. Two weeks later
 he got out of the house and has not
 lived with her since. He says he
 is now a resident of this city, and asks
 for a divorce on the ground of extreme
 cruelty.
