## T. EATON CO. 190 YONGE ST., TORONTO.

to import its oil in tank steamers it will be stiff more able to dictate terms to the railways and compel them to discriminate stil! ore unfairly against the company's com

petitors. If allowed to carry out its intentions the Standard Oil Company will soon control the

THE TORONTO WORLD oll producers, and large and small these will be forced to accept starvation price

The Standard Oil Company has not be operating long in this country, but suffi-THE STANDARD OIL OCTOPUS. ently long to show that it intends to make may excite their curiosity and stimulate a worthy rivalry. The Standard Oil Comge number of private individuals and f the reflueries. They fix the price for arge rednery and instituting such a bom- ods practised by them in the United States his monopoly they secured by erecting Standard Oil Company's terms and retire.

We understand that the small Canadian reTrunk Railways to their senses. The only finers were not so badly used by the Stan-dard magnates. John Mihhinnick of Lou-goods is the Parliament of Canada. A don, who closed up his refinery, walks the very first opportunity that body should about with his hands in his pockets and assert its exclusive jurisdiction in this redraws a pension of \$1500 a year. John Mac- spect, and enact such legislation as w donaid, who put up a good fight, got \$65,000 prevent the railways from again assuming for a plant which could have been duplicatas they have been induced to exercise at ed for one-fifth that amount. And Mr. Samuel Rodgers, the oil man of Toronto, is the hadding of that great enemy of the pub not dissatisfied with the treatment he has lic, the Standard OH monopoly. people. Rockefeller's agents seem to have ada. The one-time independent oil refiners of Toronto and Western Ontario all wear

HISTORY REPEATING ITSELF. Sir Wilfrid Laurier, Sir Richard Cartwright, Sir Louis Davies and Mr. John ticans than had Ser John Macdonald, Hon. glidled bondage. Nor is there any kick from George Brown and other Canadians, who the oil producers. The company pays them a decent price for crude oil and they are satisfied. The Steady of the St isfied. The Standard Oil people have no all their clamor against the Conservatives. patent on the creation of monopolies by all the abuse heaped upon the late Govern-buying up and silencing rivals. We have Canadian business men who are perhaps proaching the men across the line, when quite as expert in this line as even the talking business, and all the harangues Canadian manufacturers display an alarm- of unrestricted reciprocity and of cultivating stupidity is in their failure to follow ing the trade of the continent to which we the example of the Standard Oil Company belong, it must be galling to them to feel in getting the railways to pass protection that they must return home without a retariffs supplementary to the Government's ciprocity treaty, and perhaps no treaty at tariff. The policy of the Standard Oil Company is to handle as much Canadian oil as Brown found that our neighbors would make no bargain unless they got the best out from Canada the independent oil re-finers of the United States. In this policy they are right in line with the Canadian of sunny ways and his colleagues have dis-covered the same thing. Thus has history national idea, and in extending their busither? Will Sir Wilfrid Laurier follow the community they are using this national idea for all it is worth, Vide the company's manly and vigorous policy adopted by Eir poster advertisement in Saturday's Globe.

John Macdonald, after the old reciprocity The duty on coal oil is 5 cents per gallon. treaty was abrogated by the United States Although the duty was recently reduced by in 1866? Will he longer cringe to the grasp-

oil to the Canadian consumer is to-day 21/2 | The latest reports from Washington Indicents per gallon higher than it was before cate that the U. S. Commissioners have rethe Standard Oil Company got control of the Canadian oil industry. But as a matter of fact the duty on American oil is from 7 to 8 cents per gallon. It is from 7 to 8 cents per gallon. For Canadian manufacturers should get on to the fact that there are two duty imposing authorities in Canada, to wit, Parliament and the railways. The Parliamentary discrimination in favor of Canadian oil is 5 cents per gallon. That of the railways is between gallon. That of the railways is between trade in new channels and enlarging business with the Mother Country. Let us issued by the Grand Trunk, on the American oil and its products is dated Jan 4 market for all our natural products, and a the Standard Oil Company in Canada. The Canadian Pacific has a similar discriminatory tariff in force. The tariff was passed in joint session by the two rallways. The Standard Oil Company signed the bill, and it thereupon became effective. The tariff works out in this way: If one wishes to ship a barrel of oil from Toronto, to, say, Brockville, the rate will be 47 cents per cwt. If the oil is American and 25 cents if it is Canadian. This discrimination is sent of the first works of the control of the control of the season takes prizes are offered for costumes and a silver cup for the fastest skater. The revival services at Concord have been closed; good results are claimed from the five weeks' services, and 22 have given proof of conversion. The library funds are enriched some \$25 cents if it is Canadian. This discrimination is sufficient to the control of the season takes place on Wednesday evening next. Six place on Wedn

market. snubbed repeatedly by the United States? We can get along without their trade. They even treat our good money with contempt, can brand the raliway collects about 2 If a Canadian goes to the United States he must pay his fee to the money changers Canadian manufacturers ought to pay and get United States currency or he cantheir respects to this new duty-imposing not buy anything or pay his hotel bills. parliament. Its possibilities are immense. And yet bankers over there know that our banking system is better than theirs and

our currency more stable. The people of the United States are ridiculously unfair. They seek to use our canals, built by Canadian money, on the same terms as ourselves, and howl with indignation when we refuse. In every way not, then, show a manly resentment, and give them blow for blow? Let our policy be one of tit-for-tat, Free logs for free lumber, and free fisheries for free fsh, would not be giving Canada any the best of it. Shut out their laborers the same as led on this discovery before. As it is, aff they shut out ours, and make them pay the credit belongs to the Standard Oil for every privilege they get, as they make ompany, and we are no longer surprised as pay, and we shall have more respect from them and from other nations,

General Harrison Gray Otis, who commanded the brigade which so gallantly captured Caloocan on Friday, has been for many years proprietor and editor of The Los Angeles Times. a million dollars salary a year to the man who could assume his position and carry on the affairs of his company. To get the Canadian railways to levy duties on foreign products is a feat no Canadian monopolist could dream of, let alone accomplish. Mr. Rockefeller's people, however, have done the trick. But once the trick is public surely everyone else can do it.

Fortided as the Standard Oil Company is in having two protective schedules in its favor it has other schemes by means of which it hopes fo still further strengthen its position and weaken that of its competitors; for, in spite of the railway discrimination against the latter, there are a few of them still in the field. Among these schemes is one for getting the law amended so as to allow coal oil to be sold from storage tanks directly into distributing streams. This would give them control of the canadian particle from the favor distributing streams. The would give them control of the canadian particle from Hamilton and the shortest reign in the history of the fanother club room, 2½ East Queenstream, and the trick is meeting of the Young Liberal in their club room, 2½ East Queenstreams in their club room, 2½ East Queenstreams of Stationary Engineers."
