C.P.R. PROPOSALS FOR RIGHTS ON C.C.R.

Negotiations Are Laid Before the House—Terms on Which Stock Increase is Granted Are Also Submitted.

OTTAWA, Feb. 8.—(Special.)—In compliance with a motion of W. P. Maclean (South York), Hon. G. P. Graham today laid on the table the order in council approving of the increase in the capital stock of the C. P. R. from \$10,000,000 to \$20,000,000.

The order is dated Aug. 17, 1908. It sets out that the C. P. R., on Aug. 10, applied for approval of a proposed increase in its capital stock under the act (65-56 Victoria, chapter 35), and submitted a copy of a resolution of the directors that such increase is in the interests of the company.

The minister recommends that the application of the company be granted, provided that none of the new stock be issued at less than par, and that the issue be authorized by resolution of the shareholders of the company as provided by section 3 of the said act (65-56 Victoria, chapter 35), and further, that no part of the capital so to be raised shall be applied to the construction of any works outside of Canada.

The minister further recommends that the said \$20,000,000 stock shall not be issued at less than par, nor shall any moneys arising therefrom, no matter how disposed of, be deemed capital expended in the construction of the railway within the meaning of section 20 of the company's act of incorporation (44 Victoria, chapter 1), and the power of the parliament of Canada or the government of Ontario to reduce the tolls upon the railway of the company shall in no wise be affected by such increase of capital stock in whole or in part, nor by the expenditure of any such moneys in the construction of the railway or otherwise, but the same shall be applied to the amount of capital actually expended in the construction of the railway.

Shaughnessy's Reasons. Accompanying the order is a letter from President Shaughnessy to Sir Wilfrid Laurier, in which he says: "Also a considerable portion of the proceeds of the last issue of ordinary capital stock is still available, the board of the directors of the C. P. R., looking to the business facilities that are likely to follow a bountiful harvest, consider it of the utmost importance that the company should be in a position to time the funds necessary for continuing the works of improvement and for providing the additional equipment that may be required in order to keep pace with the progress of the country and the consequent expansion of the traffic."

C.P.R. Declares a Dividend

MONTREAL, Que., Feb. 8.—At a meeting of the board of the Canadian Pacific Railway Company to-day a dividend of two per cent. on preference stock and three per cent. on common stock was declared for the half year ended December last, payable April 1 next.

It was also decided that at the same time a further sum equal to one-half of one per cent. be paid on the common stock out of interest on the proceeds of land sales. After payment of working expenses, fixed charges and the dividends now declared there is a surplus for the half year of \$4,818,232.

DR. VOGT'S CHOIR RENEW THEIR SUCCESS

First Program of the Series of Toronto's Great Musical Organization is Admirably Rendered.

No army of French veterans ever loved its "little corporal" as the Mendelssohn Choir loves the musical Napoleon of Toronto, and last night he drew his baton and led them to another victory.

Massey Hall had one of the immense and musically audiences which resort to the great events of the choral season, an audience, too, whose taste was manifested in the chastened splendor of its raiment, unfecked with gaudy color, but delicate in pastel tints of rare harmony. The great world of fashion presented a picture as notable in its way as the performance on the platform.

Perhaps they sat back in their critical seats and wondered if their memories were to be trusted, and if the impressions they recalled from a year or two were to be relied on in view of all the contrasts and comparisons made in the meantime. There was an air of rumination for the first half hour and the applause seemed to lack the fervor one might have expected. Mendelssohn's lovely "Midsummer Night's Dream" overture to elicit. Nor was there any enthusiasm over the motif with the cheerful pianissimo of the organ and the marvelous balance of all the parts closing in the rich sonority of the organ-toned bass.

The next choral number was Gounod's "Bye-Baby" "Waves," the remarkable performance of which, with its striking dramatic emphasis, broke up the silence, and concluded amid tremendous applause. The audience had thaws out at last, and the exquisite Strauss selection, with its angelic suggestions, led to the manifestation of appreciation. Vociferous applause greeted the "Dance of the Seven Veils," from Strauss' "Salome," the clash and bang of the score is by no means in the highest levels of art. The "Feuersnot" except which was applauded was very properly applauded and is much finer example of Strauss' writing.

The second part opened with the "Donna Diana" overture by Reznicek, the chief and bang of the score is by no means in the highest levels of art. The "Feuersnot" except which was applauded was very properly applauded and is much finer example of Strauss' writing.

CHINESE WILL ASSIST NEW B.C. UNIVERSITY

Encourage Trade Between Canada and China.

VANCOUVER, Feb. 8.—(Special.)—Within three months China will establish a consulate-general at Ottawa and a vice-consulate at Vancouver. Tun Ching Lin, an attaché at the London embassy, who came here first to adjust the Chinese riot damage claims, has been here several weeks making preliminary arrangements.

The reorganization of the Chinese board of trade of Vancouver Saturday night was an important step in linking the Chinese trade interests in Canada direct with the Chinese imperial department of trade at Peking, whence the charter of the Vancouver organization is derived.

The new board has inaugurated a movement among the Chinese of Vancouver for financial support for the university which British Columbia is to establish. The subscriptions will amount to at least \$6000. The object is to divert Chinese students now going to the United States to Canada, to attend the college here.

Man Threatened With Damage Suit, Tries to Kill Woman in Case.

BRIDGEPORT, Conn., Feb. 8.—After attempting to kill Mrs. Robert Unwin, with whom he boarded at No. 917 Pembroke-street, by cutting her throat to-night, Henry Hopkins committed suicide by cutting his own throat. The woman will recover.

The affair was the outcome of a suit brought by Mrs. Unwin's husband against Hopkins for \$10,000 for the alienation of his wife's affections. Calling Mrs. Unwin into his room to-day, he accused her of having ruined him financially thru her friendship for him and said he was going to kill her.

Advised by his wife to-night at the hospital, and it is thought a reconciliation will be brought about.

GERMAN PRESS COMMENT ON HIS MAJESTY'S VISIT

Hopeful That Meeting With the Kaiser May Help to Create a Better Understanding.

BERLIN, Feb. 8.—The visit of King Edward to-morrow is regarded generally in itself as a event at the present moment of the greatest political significance and with the feeling that it would be an excellent thing for both nations if the meeting of the two monarchs resulted in a mutual understanding tending to allay international tension.

King Edward is accompanied by Queen Alexandra and official circles welcome the royal visitors in the most cordial tone, regarding their coming to Berlin as a return for the emperor's visit to England and making no comment on the political importance of the event.

The semi-official Nord-Deutsch Allgemeine Zeitung, says: "We expect the meeting to effect good in the relations between the British and German peoples. The demonstration of friendly feeling and kinship to which the visit will give rise, a further encouragement for all who are striving both in Germany and England, against the estrangement of the two nations, and for those who desire to lead the relations in a safe direction. Assiduous efforts will, however, be necessary in order to attain the goal of enduring friendship, founded upon mutual esteem between the two greatest civilized nations."

ANOTHER DOCTOR ACCUSED OF AN ILLEGAL OPERATION

A. B. Cook of Roxborough St. is in the Toils on Statements Made by Girl Now in Hospital.

Charged with performing a criminal operation upon 19-year-old Dolly Cutmore, 205 George-street, who was yesterday sent to the General Hospital, Dr. A. B. Cook, 87 West Roxborough-street, was arrested at his home at 8 o'clock last night by Detectives Kennedy and Newton. Dr. Cook is 47 years of age.

He was taken to police headquarters, where he was closeted with Inspector of Detectives Dunlop until 11 o'clock. He denies having performed the operation alleged.

Miss Cutmore's story is that she went to the doctor's office Saturday night and told him of her trouble. She had been given his address indirectly by the young man in the case. She says that the doctor demanded \$25 and then made her swear that even if she died she would not tell that he had acted. He then used an instrument and sent her away, telling her to go for a walk Sunday. She did this and was taken ill. Dr. Pollard of Jarvis-street was called and saw her. She was again taken ill early Monday morning, and Dr. W. P. St. Charles, Queen and George-streets, was called. He sent her to the hospital.

A CLOSER GUARD OVER FEELER

Suggestions by Coroner's Jury—Stewart's Weird Antics After Arrest—Tragic Story as Told at the Inquest.

SHELBURNE, Ont., Feb. 8.—(Special.)—George Ernest Stewart, the crazed perpetrator of yesterday morning's atrocities in the northern part of Melancton Township, to-day was committed to the county jail at Orangeville by Magistrate Rutherford, and will appear for further hearing at 1 p.m. Thursday. Chief Constable Jos. Thompson and Special Constable Jeremiah Brundage escorted him to Orangeville. They drove instead of going by train as at first intended, and wisely had him heavily manacled. In spite of this he made a break for liberty on the street, knocking the constable aside, but was tripped by a spectator.

In the cells last night Stewart gave very decided signs of lunacy in most of his actions. Manacled as he was, he made a desperate attempt to assault Chief Thompson and attempted to lay out Reeve Thomas Baine by kicking at him. His chief amusement during the night was in dancing his handcuffed hands up and down between the light and the wall and watching the shadows made thereby. His constant plaint was "Let me out. How would you like to be in here? Let me out."

When interrogated as to whether he had committed the crimes or not, he would answer in the affirmative, although when asked why he did it, he would become as dumb as an oyster. Immediately after his arrest yesterday his simple answer was, "I had to do it."

Head started his case. He had greatly alarmed the inmates of his father's home, Maple Valley, and down to make shadows, as of the beating of drums, he would say, "Oh, the Orangemen are coming. They'll get you, Thompson, they'll get you."

When interrogated as to whether he had committed the crimes or not, he would answer in the affirmative, although when asked why he did it, he would become as dumb as an oyster. Immediately after his arrest yesterday his simple answer was, "I had to do it."
