OUR NEW HOME"

Five Thousand Five Hundred Square Feet of
Floor Space

Forty years of honest business building has made it possible for us to open the finest all-clothing store for Men, Boys, Young Men and Children in Toronto. We will handle nothing but Clothing in our new store and every garment will be carried on hangers. We think we have the finest system in Canada or even the United States. We have always been Toronto's best clothiers and in our new store we expect to outdo all former efforts. We carry EXCLUSIVE lines that cannot be duplicated outside of our own store and are ready at all times to stand behind every sale with a guarantee as good as any deposit in a bank.

We open our new store with the brightest of prospects and extend our best wishes to the citizens of Toronto and surrounding country.
