TO INFECT MILK
AND POISON OATS

Sinn Fein Develops New
Method to Fight With
Typhoid and Glanders.

London, Nov. 18.—Sir Hamar Green-
wood, chief secretary for Ireland, stated
in the house of commons today that
during a recent raid in Ireland troops
captured a document sent by the com-
mander in chief of the Irish Republic-
an army to his chief of staff, contain-
ing a series of remarkable and
horrifying statements regarding the
spreading of typhoid among the troops
and glanders among the cavalry horses.
Sir Hamar read the document. Deal-
ing with the possibility of spreading
typhoid among the troops by infected
milk, the document described the dif-
ficulties and risks run by the operators
and concluded with the statement that
the chief of staff would, in any case,
need expert opinion in order to carry
out the suggestion in the document.

Regarding the spreading of glanders
in horses, the general methods to be
adopted were related and the sugges-
tion forced that the best method was
to destroy their oats. This method
was described in detail, it being added
that any doctor would explain how
to grow the microbe. The document
concluded:
"Give my regards to all. I hope your
successes will continue. God bless you
all."

ARMENIANS REJECT
TURKISH ULTIMATUM

Constantinople, Nov. 18.—Armenia
has rejected the ultimatum recently
presented by the Turkish National-
ists demanding that the Armenians
establish a soviet government under
Turkish protection.
The Armenians declared that ac-
ceptance of the conditions would be
equivalent to the loss of Armenia's
sovereign rights.
It is reported that hostilities have
been resumed, the Armenians coun-
ter-attacking and fighting in the
going on in the district of Zanzhar,
the Tartars attacking the Armenian
rear.
The Soviet envoy, Logrand, has left
Erivan for Moscow for the purpose
of obtaining ratification of the agree-
ment recently concluded at Erivan.

the Yukon during the gold rush, and
lived at Dawson City for several years.

SAY HE DISPARAGED
VETERANS' MEDALS

Jas. Barrekka, Already Sentenced
by Magistrate, to Have
New Trial.

Halleybury, Ont., Nov. 18.—Jas.
Barrekka, charged with a "seditious
utterance," will be tried at the assizes
which will open here next Monday,
with Mr. Justice Logie presiding. He
will be defended by F. J. McMurray
of Winnipeg, who was one of the de-
fence counsel in the trial of the Win-
nipeg strikers.
Barrekka was arrested at Twin
Falls, near Matheson, Ont., because
he was alleged to have passed some
disparaging remarks about soldiers'
medals. He was tried by Magistrate
Hough at Matheson and sentenced to
prison for two years, but later it
was found that the case had been out
of the magistrate's jurisdiction. Since
then he was given a preliminary
hearing before Magistrate Atkinson
here. He has been out on bail.

CHARGE U. S. CORPORAL
WITH KILLING HAITIANS

Port au Prince, Haiti, Nov. 18.—
Additional evidence charging Frede-
ric Lang, formerly a corporal in the
United States Marine Corps, with
murdering Haitian prisoners, was
presented today before the naval
court of inquiry investigating the ac-
tivities of the United States Marines
in Haiti. The evidence was present-
ed by Moratus Toussaint, a native
domicile. He testified that Lang
called a prisoner from the Hinche
jail in 1918, questioned him, and
killed him with a machine gun at
house parties. The prisoner was
walking quietly away. The witness
denied the victim was trying to es-
cape when he was killed.
Toussaint also testified he saw
Lang apply the electric current run-
ning from a wireless apparatus to a
prisoner to make the man talk. Ask-
ed in cross-examination if the appli-
cation proved fatal, the witness re-
plied:
"I cannot say, but he died in pris-
on two days later."

tistics given out by the United States

the month was placed at 225, against

LIQUOR SQUAD ORDERED
BACK TO OLD DUTIES

No longer will the famous Toronto
liquor squad work against the foes
of the O. T. A., in Toronto. Plain-

Another important matter, that of
salary increases for the police, was
laid over until the estimates have
been drawn up.
Constable Arthur Parrish has been
promoted patrol sergeant.

REPORT 1200 WORKERS
UNEMPLOYED IN WINNIPEG

Winnipeg, Nov. 18.—Winnipeg's un-
employed number around 1,200, ac-
cording to estimates made in labor
circles today. The continued fine
weather has been of the greatest bene-
fit in relieving the labor situation, but
it is expected that as soon as the
freeze-up definitely sets in, it will
mean a still greater influx of unem-
ployed into Winnipeg.
The lumbering industry, as soon as
transportation over the ice is possible,
will provide work for many during the
winter months.

TO FOLLOW EXAMPLE
SET BY HER ALLIES

U. S. Authorities Will Be Ask-
ed to Bury Unknown
Soldier in State.

New York, Nov. 18.—Removal from
France of the body of one of the un-
identified United States soldiers killed
in the war for burial in a memori-
al crypt in Victory Hall—New York
City's war memorial to be erected in
Pershing Square—will be asked of
Secretary of War Baker and Secre-

Wingate, president of the association,
left tonight for Washington to sub-

Secretary Baker will be asked to
grant permission for the removal of
the body from its burial place in

CONVICTED FOR SALE
OF DISEASED MEAT

Fairbank Farmer Disposed of Bad
Beef to Two Chinese
Restaurants.
On a charge of selling diseased beef
to two Chinese restaurants, Walter
Freeland, a Fairbank farmer, was
yesterday fined \$20 and costs or 30
days by Magistrate Jones, in the po-
lice court. On three other charges of
committing offences against two
young boys employed by him, he was
committed for trial.
The meat was examined by Dr. A.
R. R. Richmond, V. S., and then de-
stroyed. The doctor stated yester-
day that the meat was highly unfit for
human food.
Freeland, in his own defence,
claimed that there had been no at-
tempt at concealment and that by
destroying the meat the department
had destroyed the evidence against
him.
Under severe cross-examination by
inspector Robert Wilson, Freeland
said he kept 18 horses on his 800
acres of land, and had recently killed
three or four of them. He had pre-
viously been convicted of selling
horse meat in Toronto.

Witness in Murder Trial Admits
Story Told at Inquest Untrue

Admission that he had told an un-
true story at the suggestion of Yve-
sene Mamet at the inquest into the
death of Ramonch Hassan, were made
yesterday by Egeep Shinsky at the
trial of Bessem Deld (Tom Bell) who
is charged with the murder of Hassan
at 159 Wolseley street, on March 4.
"You tell the story I tell," Shine al-
leged Mamet had said to him.
This story, told at the inquest, was
that Bell had offered Mamet money
to keep quiet about the finding of a
purse belonging to Hassan. Such an
offer was never made, Shine stated.
When Mamet asked Shine to tell
the story at the inquest, the latter
asked if he would get any money for
it. No money was received, but the
story was told.
The trial is not likely to conclude
until tomorrow.
