

Choir Report

In making this my first report of the work of the Choir during the past year, it gives me great pleasure to say that the attendance at choir practices and also the regular Church services has been very good. This regular attendance has greatly improved the singing of the choir, and given the members much more confidence in themselves. The choir has been strengthened during the year by the addition of a leading soprano, also alto and tenor, which has had a very beneficial effect on the younger members.

The concert given by the choir in December last proved a success musically and financially, and we thank the members of the Church for the interest shown in the choir on that occasion.

The greatest harmony prevails amongst our members which makes the duties of Choir Master a pleasure to perform.

During the year we were entertained at the Manse by our Pastor and his wife and very pleasant memories linger with us of their kindness on that and other occasions.

We have in our library 29 anthems and part songs, 9 of which were added during the year.

I cannot close my report without thanking our esteemed organist and all the members for their co-operation at all times in advancing the interests of the choir.

Respectfully submitted,

EDWIN SKEDDEN,
Choir Master
