Power Commission and Sewerage Bond Issues Approved at City Hall

The City Council this morning appointed Dr. J. K. Higgins, T. H. Carter and S. W. Palmer as members of the Board of School Trustees, authorized bond issues of \$5,000 for the Civic Power Commission and \$15,000 for a sewer in Brunswick and Erin streets and approved the sale of two lots in Lancaster.

A report was received from the engineer of the civic power commission, stating that the contract between the city and the N. R. for a right-of-way for wires across the tracks at Wall street was in order and the agreement was ordered executed under the seal of the city.

On motion of Commissioner Frink a full month's pay was ordered paid to the widow of George Evans, late street foreman in West Saint John.

Commissioner Frink presented a letter from A. H. Abel, protesting against a charge for advertising a lot owned by him for sale for non-payment of taxes.

Commissioner Wigmore said he had received a similar letter and referred it to the chamberlain, who had promised to answer. Each of the other members of the council had received like communications.

PROPERTY SOLD

On motion of Commissioner Bullock, the Monahan property, Milford road, was sold to Etta J. Rushton for \$400 and Lot 21 block B, Mill street, Lancaster, was sold to the Roman Catholic Bishop of Saint John for \$200.

The Commissioner said this cleared up all the church and school lots in Lancaster, as all had now been sold. The Pleasant Point school is located on Lot 21, just purchased, and is to be formerly leased at 20 cents a year.

On motion of Commissioner Harding, a bond issue of \$5,000 was ordered for the extension of the civic distribution system. The Commissioner said this money was required for transformers, meters, a truck and some small items.

On motion of Commissioner Wigmore, the estimate of the cost of renewing the timber sewer in Erin and Brunswick streets, \$15,000, was approved and bonds were ordered issued for this amount.

Commissioner Wigmore reported that he had looked into a complaint about sewerage running over the property of Mr. Murray at 122 Pond street and found this was a case where the city had no liability. He had referred the matter to the Board of Health.

SCHOOL APPOINTMENTS

Commissioner Bullock moved that the matter of appointment of school trustees be taken up and this carried. On motion of Commissioner Frink, seconded by Commissioner Harding, S. W. Palmer was reappointed to succeed himself as Commissioner. Frink nominated Commissioner Bullock nominated T. H. Carter to succeed G. Herbert Green and this carried.

Coll, the Mayor nominated Dr. J. K. Higgins, and Commissioner Wigmore nominated E. A. Lawrenson. Dr. Higgins was elected.

Salvation Army Nurses Identify Her as Having Been in Home

Five witnesses for the Crown were heard this morning in the police court by Judge Magistrate Henderson in the preliminary hearing of Marguerite Colpitts in the Reversing Falls baby case. The evidence this morning with the exception of that of a street car motorman, was from the Evangelical Maternity Home.

Following this testimony the Crown requested an adjournment. Sergeant Detective Power said that there were at least five more witnesses to be heard and the prosecution would complete their case at the next hearing. The case was then postponed until Thursday afternoon at 2:30 o'clock. J. Starr Tait is representing the Crown. G. Earle Logan is appearing for the girl.

PUBLIC BANNED.

The hearing this morning was held in closed court, only the witnesses, representatives of the press, and members of the Women's Council, W. C. T. U., Salvation Army and a few other women interested in the girl's case being admitted.

MOTORMAN'S STORY.

K. Gordon Thomson, motorman on No. 1 Fairville car, said that on August 18 at 7:19 o'clock a woman, who resembled the defendant, had entered his car with a baby in her arms at the stop in Douglas avenue near St. Peter's church. So far as he could see she was unable to swear. On July 14 a baby girl was born.

IDENTIFIES GIRL.

Ensign Frances Sibbick, matron of the Evangelical Home, said that she first saw the defendant on June 6, 1925, when she was admitted to the institution. She has remained there until August 18. She swore that the defendant was the girl who had been in the Home and had given birth to a baby girl there. The witness considered that the girl had appeared normal. She left the institution without notifying the authorities. She was first missed on the morning of August 18. She was last seen at 9:30 o'clock the evening before. The baby was also missed at the same time.

The matron notified Mrs. Norman, a relative of the girl, at Westfield, so soon as she was missed. She did not notify the detectives until about 7 o'clock in the evening of the same day. Mrs. Norman had visited the girl on one occasion at the Home.

ON CROSS EXAMINATION.

The matron said that the girl had been in the ward for 18 days. After this she had been helping look after the girl's dining room. A little later she had done some sweeping and might have done a little scrubbing the witness said, but nothing more than she was perfectly able to do in her judgment.

Miss Olive Neil, a nurse at the Evangelical Home, identified the accused as being at the Home. She said that she last saw her there on August 17. She had not been looking after her there.

Miss Alma Carr, student nurse at the Home, also recognized the defendant. She said that she had attended her for a time while she was in the ward. She had not been the nurse attending her after the child was a few days old. She considered that the child was normal.

September is the Time To Paint

Fall is the ideal time for exterior painting, because buildings are thoroughly dried out and the moderate Fall weather permits the paint to dry thoroughly.

Protect your property from winter's rain and snow, for it's the rough winter weather that's hardest on buildings.

"Hand and Ring" Paint wears wonderfully well and lasts longer. It will save the expensive repairs you will undoubtedly have to make if your building goes unprotected.
