**NO DOUBLE-RUNNERS**

Complaints have been made to the chief of police that some children have been taking advantage of the privilege given them for coasting by using double runners instead of single sleds. When the order was given that children could coast on certain hills in the city it was no way meant that they were to use double runners, as the use of these was strictly forbidden and even while coasting with single sleds they were to do so under the supervision of the police. Unless the practice of using double-runners is stopped, the names of those using them, and also of those violating the order in any way will be taken and they will be brought before the police magistrate to be dealt with.

She looked very pretty in a blue silk with sequin trimmings, and with picture hat. **A TRAFFIC MATTER**

Solomon McConnell, of 11 Wright street, who was driving an automobile owned by the Board of Health, was before Magistrate Ritchie this morning on complaint of not obeying a stop sign given by the traffic officer on duty at the junction of Pond and Mill streets. The officer said that he saw two teams moving slowly across the railway tracks and feeling a collar, signalled Mr. McConnell to stop, but said he paid no attention to the signal and said he knew what he was doing. Mr. McConnell told the magistrate that he was driving down Mill street and when in front of the White's Express Company sounded his horn. He said he did not see the signal given by the officer and as he did not see any reason for stopping did not do so until confronted by the officer. He also said he thought that the officer was too officious. A fine of \$10 was imposed but was allowed to stand.

**Mrs. D. Mullin, In Eloquent Address, Presents French Flag**

Silken Emblem Gift of T. P. Tansey of Montreal in Recognition of Royal Standard Chapter's Patriotic Work

An outstanding feature of the annual meeting of the Royal Standard Chapter, Daughters of the Empire, last evening was the presentation of a silk French flag donated to the Chapter by T. P. Tansey, of Montreal, in recognition of the patriotic work of this chapter. The presentation was made by Mrs. Daniel Mullin in the following address:

Ladies:—Coming with the request of our regent, Mrs. E. Atherton Smith, to whom we offer congratulations upon her continued unanimous election to the position she has so ably filled in the past, it affords me great pleasure to make formal presentation of a beautiful French flag which has been so generously donated to the Royal Standard Chapter by Mr. T. P. Tansey of Montreal. I had occasion recently to communicate with this gentleman, who deals in flags of the Allied Nations, concerning the purchase of a small French flag for a certain purpose and received in reply, much to my delight and surprise, a letter of appreciation, commending very highly the patriotic activities of our chapter. He spoke in glowing terms of our achievements since the beginning of the world tragedy and especially noted our many successful campaigns resulting in such large sums of money being raised to assist the various needs consequent upon the war.

In recognition of the fact that the Royal Standard Chapter was the first New Brunswick association to place an order with his house for flags Mr. Tansey said it was fitting now that peace had come that he should seize this opportunity to give tangible expression of his gratitude to our organization, to which he gave credit for the opening of a successful business since conducted with the province.

In token of this appreciation Mr. Tansey stated he was sending a French flag as a present for our chapter. In due course the gift arrived—this beautiful silken tricolor which I have now the honor, in the name and behalf of Mr. Tansey, to present to the Royal Standard Chapter. Needless to say that, dear as this flag was to the hearts of the French people in the past, it has become today even more precious because of the sacred and imperishable memories associated with the war. This glorious emblem appeals to all hearts who love liberty, esteem justice and admire heroism. To our American cousins and our own Canadian people as well as the people of the British Isles and of all the other overseas dominions of our mighty empire the unconquerable spirit of France, who with intrepid little Belgium bore the brunt of the savage and brutal onslaughts of the unspeakable Hun, has been a perennial source of inspiration and encouragement. In common with the whole Allied Nations we all pay a tribute of respect and admiration to this symbol of a dauntless race, and for our selves rejoice that during these last ever memorable years it has become entwined with our own immortal Union Jack, which is crimsoned with the record of countless victories on land and sea.

Mrs. Mullin was heartily congratulated on the address and a resolution was passed to send it to the press for publication.

**PRUDENTIAL STAFF IN HAPPY GATHERING AT MANOR HOUSE**

The local staff of the Prudential Insurance Company enjoyed a banquet and a pleasant social gathering last evening when the agents met for dinner at the Manor House. With them as their guests were the superintendent, the three assistant-superintendents and R. S. Shanklin, a former agent and friend of the staff. Sitting down to the table at half past six o'clock, they did full justice to a most satisfactory menu arranged by the Manor House management and when this was disposed of, turned their attention to the second feature of the evening.

Harry L. Crocker acted as toast master in an efficient manner and Victor Lunney presided at the piano. The programme was as follows: Toast, "The King" national anthem; song, "Good Luck to the Boys of the Allies," spoken to by W. E. Collins, W. L. Hatheway and C. C.
