The groom is one of Sussex's popular young men and is known in business as a funeral director. He is also a member of the Sussex Band and went overseas with the 104th battalion, where he met his young bride, who was one of Brighton's charming young ladies. ### RECENT DEATHS

Charles W. Parker.

Charles W. Parker, a former resident of St. John, died at Whitvale, Ontario, on the 28th instant at the age of sixty-nine years. He is survived by his widow and two brothers, Messrs. George W. Parker, of this city, and Rev. W. F. Parker, of Sussex, N. B.  
Mr. Parker was for many years a druggist in this city being at one time a clerk with Thomas M. Reed, a former Mayor of St. John, and afterwards manager of the wholesale business of T. B. Barker and Sons. About 1880 Mr. Parker formed a partnership with Charles T. Nevins and opened a retail drug store on Market Square in the building now occupied by the Union Bank. Subsequently Mr. Nevins retired and George W. Parker was admitted as a partner under the firm name of Parker Brothers. In 1904 Mr. Parker removed to Toronto and has since resided in the province of Ontario. Mr. Parker was for years a member of the Germain street Baptist church and was also a prominent member of the Thistle Curling Club.

W. H. Belyea.

All the river boats flew half masted flags yesterday in respect to the memory of William Belyea who passed away at his home at Glenwood on Thursday evening, at the age of seventy-four. Though for the last four years Mr. Belyea had been retired from an active life as a river boatman, he was one of the best known and most highly regarded of those who followed his calling on the St. John river. He had had a career of more than usual interest and was thoroughly versed in all of the strange and curious tales of river folk. He was a master hand at telling a good story. All his life he was a river boatman and he had run on nearly every steamer on the river and been captain of several of the boats when that trade was in its prime. He was made in his time on the Springfield, Hampstead, Hampton, Champlain and Oronce.

In the Seabury gale, in 1869, Captain Belyea had a remarkable experience. His schooner was out in the storm and by the fury of the wind and the height of the waves was lifted out of the water and landed high and dry on the interval land opposite Seville's wharf without any of the crew sustaining injuries or damage being done to the craft.

Captain Belyea was an ardent lover of sport, doing all in his power to stimulate summer sports and winter sports on the river. He was a prominent figure in horse racing circles, owning many fast horses himself and taking a keen interest in the ice racing on the river.

He is survived by his wife, two sons, Guy and Adino at home and one sister, Mrs. Joseph Whelpey, of Chikopee Falls, (U.S.A.), to whom sincerest sympathy is extended in their bereavement. The funeral will be held on Sunday afternoon at Brown's Place and interment will be made in the Anglican cemetery there.

### N. S. MUNICIPAL UNION WOULD EQUALIZE ALL ASSESSMENT ACTS

Yarmouth, Aug. 29.—The annual convention of the Nova Scotia union of municipalities which has been meeting here for the last three days, concluded its session this afternoon after one of the most enthusiastic, profitable and best attended conventions in the history of the union.  
Very important action was taken at the morning session in regard to assessment. The special committee of the union appointed last year to go into this matter recommended the appointment by the provincial legislature of a commis-

sion to equalize assessments throughout the province. The convention endorsed this proposal. The convention also placed itself on record as being in favor of abolishing all exemption to corporations.

### A Railway Change.

Truro, Aug. 29.—It is persistently rumored among railway men that a change will soon be made in the Truro to Mulgrave line by which Stellarton will lose considerable of its present importance as a railway point. It is proposed to send freight trains right through from Truro to Mulgrave instead of having changes made at Stellarton. If plans now proposed are carried into effect it will mean that a number of railway men now living in Stellarton will be obliged to move to Truro or Mulgrave.

Chicago bootblacks raised the price of shins to 15 cents. Business fell away and the old ten-cent rate was restored.

THE British are noted as great tea drinkers and are naturally good judges of tea.

So when we learn that over 70% of the tea used in Great Britain is Indian tea we can be sure that Indian tea is of the very best quality.

In Canada the preference for Indian tea has become just as strong, as evidenced by the success of Red Rose Tea which consists chiefly of ASSAMS—the richest and strongest of Indian teas.

Red Rose is always sold in sealed packages.
