

# LOW FREIGHTS FOR MARITIMES URGED

## ECONOMY NEED STRESSED BY SEN. McMEANS

Retrenchment Necessary for Canada's Salvation, He Declares

### NEW NATIONAL COAL POLICY ADVOCATED

Condemns Proposed \$5,000,000 Expenditure on Harbor of Quebec.

OTTAWA, Ont., June 10.—Retrenchment in expenditure and reduction of the public debt must be accomplished if Canada is to be saved from financial disaster, Senator McMeans stated in the Senate yesterday. He asserted that, with her railway commitments, Canada's national liability had reached the neighborhood of \$3,333,000,000, and he asserted that this debt was steadily increasing.

He favored a reduction in the export of raw materials such as pulpwood and asbestos, and advocated a national coal policy which would make possible the transportation of coal from Alberta and Nova Scotia to Central Canada. He urged the necessity for a tariff policy which would afford higher protection to industry. He condemned the proposed expenditure of \$5,000,000 on the harbor of Quebec.

### FREIGHT RATES.

Senator McCormick said that Nova Scotia was being depopulated through freight rate discrimination and lack of protective tariff. He thought the Government should give some preferential rates on the products of the Maritime Provinces, as well as on grain and flour from the west.

### QUEBEC VOTE.

OTTAWA, Ont., June 10.—After a motion for the "six months' hold" had been defeated in the House of Commons by a vote of 74 to 59, the bill to provide further advances, up to five million dollars, to the Quebec Harbor Commissioners, received third reading early this morning. When third reading of the bill was called, Wm. Irvine, Labor member for East Calgary, seconded by J. S. Woodworth, Labor, Centre Winnipeg, moved in amendment that the bill be not now read a third time, but that it be read this day six months hence. His amendment found support from every member present on his side of the House. Conservative as well as Progressive, with the exception of A. W. Neill, Independent, Comox-Alberni, who supported the Government. Liberals present opposed the amendment as solely.

### \$2,185 Auto Burns In Moncton Blaze

MONCTON, June 9.—Fire tonight totally destroyed a sedan car, valued at \$2,185 and the property of Mrs. Philip White. The double garage in which the car was housed was also destroyed. The loss of the garage is estimated at \$400.

### A BAZAAR FOR ORPHANS.

On Saturday morning, June 6, four little girls held a bazaar in Georgia

## British Labor Strenuously Opposes Franco-British Security Pact

### Five Hundred Write Exams

THE High School entrance examinations will begin on June 22 and will be written in the grade eight class rooms in the city. S. A. Worrell, acting superintendent, has already commenced the reading tests in connection with the examinations. There are more than 500 pupils who have entered for the examinations this year, a slightly larger number than entered last year. A few pupils from outside the city limits will probably write the examinations in the Saint John schools.

### COLD AUGUST AND JULY IS PREDICTION

All Summer Being Packed Into June is View of Old Sailor.

NEW YORK, June 10.—Summer is being concentrated in the first days of June, and after their passing it will be cool, cooler and cold till snow flies again, according to Captain Adam Kinsley, who has followed the sea for 40 years and studied aches, tides and weather from a strictly practical point of view.

"There's again to be a powerful change might sudden," the skipper said. "I dread to think of it. I like the summer, I do, after all the bluster, bitter days of winter and the chilly, slow drags of spring. Yes, all of the summer is here, all to once, packed in a few days. The hour is drawn near when it will be ended for this year."

"I don't think there'll be much wind, lestways not enough to kick up much surf, but the heavenly headwinds are to be turned bottom up. And it will rain, and rain, and rain. At first it will be a mild-tempered rain, lots of it, but soothin' and mild."

### Like October.

"Gradually, overnight, the sky's warmth will be clean washed away. Then the rain will grow colder and colder till it just penetrates the marrow. When it clears off the air will be what it is on a bracing morning in October. 'You won't put on your heavies, but you will be mighty glad of your middle-weights. Even then you'll be shivering all through July and August. Every night or so you'll be afraid of a frost nippin' the garden sass."

"I tell ye, enjoy summer while it's here, because it ain't again to linger. It's most over now. We're in for a season that will make Eskimos jealous and polar bears envious."

### STILL IN HOSPITAL AT CAMPBELLTON

CAMPBELLTON, June 8.—C. Burton, who was seriously injured when a truck he was driving was in collision with a train recently, is still confined to his bed at the Hotel Dieu Hospital here. He is reported to be resting comfortably today.

Earle's garden, 84 St. James street, and the sum of \$18.10 was raised to give a little added pleasure to the children in the British street Bibles' Branch of the N. B. Orphans' Home. The names of those in charge are Georgina Earle, Helen Lewis, Catherine Earle and Louise Fraser.

## RAIL AND PUBLICITY MEN SAY HOTELS AND CAMPS NEEDED

Authorities in Respective Fields in Both Canada and U. S. Regard New Brunswick as Tourists' Natural Paradise

### WEEK-END GUESTS AT HUNTING LODGE

Members of Party Declare Present-day Vacationist Wants His Money's Worth—Think More Should Be Done to Cater to Visitors of Moderate Means

"SUPPLY the camping facilities and other outdoor attractions in sufficient number in New Brunswick's many naturally beautiful locations and we will send you the tourists."

This was the keynote promise voiced by authoritative officials of the leading railroads in an informal exchange of views on the subject while the guests of W. Harry Allen, hunting guide and tourist missionary, at the spacious bungalow camp of Judge C. M. Bruce, of Massachusetts, located on the eastern shore of Lake Palfrey, headwaters of the St. Croix in York county, last week-end.

It was an occasion when relaxation from the feverish haste of big business and frank and friendly discussion elicited from traffic superintendents, Canadian and American, publicity chiefs, tourist workers and fishing and hunting experts, views on the subject of New Brunswick's exploitation as a vacation centre.

### SAINT JOHN'S REPRESENTATION.

The Saint John members of the party who returned home yesterday were: J. M. Woodman, general superintendent of the New Brunswick Division of the C. P. R., with District Passenger Agent J. Bruce Burpee; F. MacLure Sclanders, Secretary of the Board of Trade; A. J. West, Managing Editor of The Telegraph-Journal and Times-Star and Walter H. Golding, manager of Imperial Theatre, identified with publicity work of a provincial character. F. W. Robertson, general passenger agent of the C. N. R. Atlantic Region, was Moncton's representative, and following were the general.

## CONTINUING PRESBYTERIAN CHURCH STARTS IN TORONTO

Commissioners Remain in Session After Midnight to Preserve Legal Rights—Will Ask Change in Date in Commissioner's Appointment.

TORONTO, June 9.—In a little corner of College Street Church, in the noise and bustle which followed a long dramatic sedentary and with curious commissioners filling the aisles and pressing closing close, a little group of men bowed their heads late this afternoon while Rev. Dr. D. G. McQueen of Edmonton lead in prayer.

It was the official birth of the continuing Presbyterian Church in Canada and the participants were the anti-unionist commissioners to the 51st General Assembly of the Church.

The last general assembly of the church as it was constituted up to mid-

## Moncton Vets Invite Haig

MONCTON, June 9.—S. Boyd Anderson, City Clerk, and T. H. O'Brien, president of the Moncton branch of the Great War Veterans' Association, sent cablegrams today to Capt. Robert Simpson, London, England, secretary to Earl Haig, requesting that Earl Haig visit Moncton when he is in New Brunswick this month.

## 60,000 RAILWAY MEN ARE INSURED

\$150,000,000 Group Policy is Taken Out by Three Big U. S. Roads.

LOUISVILLE, Ky., June 10.—Group insurance on the lives of more than 60,000 employees of three railroads, for a total coverage of approximately \$150,000,000, was announced by the Louisville and Nashville Railroad. The other roads involved are the Nashville, Chattanooga and St. Louis and the Louisville, Henderson and St. Louis.

The policy will become effective July 1, or upon acceptance by 75 per cent. of the workers. It is said to be the largest single life insurance transaction on record.

All employees of the railroads are included in the insurance arrangement, the amount of protection being based upon monthly earnings. The lowest premium will be for \$1,000 and the maximum for \$3,000, with additional accident benefits.

The insurance will be issued upon a contributory basis, the road announced, the employee paying a uniform sum to the premium cost, while the companies will bear the remaining expenses.

up by Farmer Arnold during the time that the Klansmen were holding forth on his 25-acre farm, will be let loose today for grazing.

Special plans had been made by the police to forestall any plans which might have been made to attempt to break up the big meeting, but there were no untoward events, it was reported tonight. Local residents who peeked into the session from various vantage points declared that the ceremonies of the hooded klansmen were impressive.

### CHANGE IN DATE ASKED.

The congress of the Continuing Presbyterian Church in Canada adopted a resolution petitioning the Dominion Government to change the date of the appointment of the Federal commission which will deal with the general property of the Presbyterian Church. By the act passed by the Dominion parliament, this commission was to be appointed nine months after June 10, 1925.

## Can't Spoil Her Picnics

Virginia Lee Schubach, aged two, has a dozen snakes for her pets—and likes 'em. Her father, "Tex" Schubach, owns a big snake farm near Berkeley, Calif., and he has taught her to like the reptiles. Why? So no snake will ever spoil her picnics, he says.

## LOEB, SLAYER OF FRANKS, IS INSANE

Confinement in Prison and Severe Attack of Measles is Cause.

JOLIET, Ill., June 10.—Richard A. Loeb, one of the slayers of Bobby Franks, who has been deliriously violent and strapped to his cot in Joliet Penitentiary for the last three days, following an attack of measles, was officially pronounced insane by Warden Whitman.

His condition is said to have been brought about by months of confinement in the penitentiary, aggravated by the severe attack of measles. The official statement was given out by Warden Whitman following reports from two physicians and two alienists, who have had the prisoner under observation since he became delirious several days ago.

Today the youth who confessed glibly a year ago that he slew young Franks in company with Nathan F. Leopold, Jr., "for the sake of a thrill," was still strapped to his cot, mumbling incoherently to himself and hurling vituperation at those who come near him.

Dr. Herman Adler, State Criminologist, and his assistant, Dr. Walter B. Martin, who have been at Loeb's side, are convinced he is not shamming insanity.

### NOT FAKED.

"When his peculiar actions first appeared we believed he might be malingering," Dr. Adler informed Warden Whitman. "But a three-day observation has convinced myself and Dr. Martin that Loeb is really suffering from a severe mental disorder."

"There is no doubt in my mind,

drawn from observations of prisoners during a long number of years, that Loeb is insane," Warden Whitman announced.

"His physical condition is about normal, but his mental condition is more violent than before. Loeb's present condition is similar to that of several other convicts in the institution in recent years. Seven of these men are still under observation and have returned to normal in a degree, but they are still dangerous."

"The cause of the disorder is the sudden change which men undergo when they come from their homes and the pleasures of the outside and find themselves at the bottom of a pit. It has been brought to my attention that Loeb was brooding over his confinement. On two occasions he has walked away to avoid being seen by visitors passing his work bench."

"When he was taken down with the measles he appeared to have just an ordinary case of illness. But when his temperature went up and he became delirious it became apparent his mind was breaking. He became abusive to his guards and attendants at the bedside. He developed negative desires. If he were told to take medicine he would dash it to the floor. Once he hurled at the bottom of a guard. On another occasion he got up from his bed and began to wander about the room, meddling with everything in sight."

"He called for his mother and 'Buddie,' said to be a former sweetheart, and began cursing everybody who was responsible for him being in prison. He called the prosecutors, the judge, his own lawyer, Clarence Darrow, every sort of a name and cursed the doctors who tried to quiet him."

## INVOLVES LAND TOO DEEPLY IS ITS ARGUMENT

Ramsay MacDonald Asserts Agreement Will Increase Organization for War

### LIBERAL NEWSPAPER OPPOSES THIS VIEW

Proposed Treaty Will Guarantee Borders of France, Belgium and Germany.

LONDON, June 10.—While the proposed security pact negotiated with France at Geneva by Foreign Secretary Chamberlain is certain to meet strong criticism in the House of Commons, the Laborites alone of the political parties have thus far expressed their attitude.

They are uncompromisingly hostile to the agreement, on the ground that it involves Great Britain too deeply in possible European embroilments.

### MACDONALD'S VIEW.

Former Premier Ramsay MacDonald, the Labor leader, is quoted by the party organ, the Daily Herald, as saying: "The agreement is the beginning not of a general understanding, to maintain peace, but of industrial alliances and guarantees. It will not in the end promote peace, but increase the organization for war, and this is true whether it provides only security for France or security for Germany also." The Westminster Gazette, one of the leading mouthpieces of the Liberal party, says that while there is some anxiety in Liberal headquarters regarding the British commitments, no positive exception is taken to such a bilateral guarantee as outlined.

### TERMS OF FACT.

It accepted by Germany, the pact will provide a guarantee of the frontiers of France, Belgium and Germany as established under the Versailles treaty. Great Britain would be pledged to use all her forces against any nation making an unprovoked attack on the frontiers, such defence action to be taken under the aegis of the League of Nations.

## THIEVES FIRE STORE

Loot Springhill Building First; Place Wrecked and Stock Ruined.

SPRINGHILL, June 9.—Thieves broke into the store of R. C. MacDonald last night, and after looting the place of everything they could get, set it on fire. Before an alarm was rung in the fire had gained such headway that the stock was either burned or ruined and the building badly damaged.

No due is available as to who was responsible, but this is the fourth or fifth robbery case lately.

The loss is over \$1,000.

Strong—Durable  
—Very Satisfactory

## Pease FURNACE

"ECONOMY"

From all parts of the country come reports of satisfactory service from enthusiastic owners. Read this letter from Mr. B. C. Munroe, Victoria Street, Amherst, N. S.:

"I find the Pease 'Economy' Furnace very satisfactory. It is a strong, durable heater. Glad to furnish you with satisfactory testimonials at any time."

The many exclusive features possessed by this furnace have made it very popular. The Pease Air Blast ensures complete fuel-combustion, and the Vertical Shaker means ease of operation. Send us a plan of the building you wish to heat. Our Engineering Department will advise you, free.
