ANNAPOLIS ROYAL SUFFERS BY FIRE

One-third of Town Burned,
With Loss—Water
Supply Inadequate—Dyna-
mite Used to Prevent Fire
Spreading.

The entire business section of Annapolis Royal and a large portion of the residential district was destroyed yesterday afternoon by a fire which is thought to have started in a barn in the rear of the Queen hotel. The fire, which started at 4.15 o'clock, soon spread to the hotel itself, and soon the east side of George street was in flames. No water could be obtained from the reservoir on account of the dry weather, and salt water had to be hauled from the harbor. A dense fog wet the trees, and in this way the flames were in many instances greatly checked. Dynamite was used in some instances to destroy buildings in order to prevent the further spread of the flames, but the supply available last night was very limited. At ten o'clock last night it was reported that the fire was under control after having wiped out approximately one-third of the town. The loss is estimated at \$200,000 to \$250,000.

Among the properties burned were the following:
Woods' Bakery.

CHOLERA INFANTUM THE FATAL DISEASE OF CHILDREN

Mothers should look well after their young ones during the hot summer months as this is the time of year when this summer complaint is most prevalent. It begins with a profuse diarrhoea, the stomach becomes irritated, vomiting and purging set in, and the matter ejected from the stomach has a bilious appearance; the child rapidly loses flesh and is soon reduced to great languor and prostration which in a great many cases terminates fatally.

To quickly offset the vomiting, purging and diarrhoea
**DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY**
should be administered.
Mrs. Charles Kretlow, Widesview, Sask., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for summer complaint. I think it saved my little girl's life one time as she was so bad I thought she was going to die. A friend advised me about 'Dr. Fowler's' so I got a bottle and it helped her right away."
Don't endanger your child's health by accepting a substitute, but get the genuine "Dr. Fowler's," price 50c. a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

HON. DR. BAXTER IS MENTIONED

Possible Successor to Hon. R.
W. Wignmore Should Later
Go to Senate—J. H. Sinclair to Retire.

There are persistent rumors afloat in Ottawa to the effect that Hon. C. C. Ballantyne will withdraw from the cabinet, but he refuses to commit himself. There is also talk of Hon. Dr. J. B. Buxton replacing Hon. R. W. Wignmore in the cabinet. Mr. Wignmore is to go to the senate. Others assert that Mr. Wignmore will take his chances with the premier, J. H. Sinclair, member for Antigonish and Guysboro, N. S., since 1917, and who had previously represented Guysboro for twenty-three years, has decided to retire from public life.

HAVE YOU HEARD MONS. GRANT GARDNER?

Today is Your Last Opportunity—Complete Change
of Programme Friday.

Lovers of refined vaudeville should not let the opportunity of hearing Mons. Grant Gardner, who is appearing at the Opera House, go by unheeded. Mons. Grant Gardner surely lives up to his billing as a blackface comedian, and has been the cause of much gaiety and mirth to Opera House patrons. Other big features on the bill include: Sulley and Thomas in a comedy singing, talking and dancing offering. Bradbury and Concetta in a dainty singing and dancing act. Eileen Sheridan appears in a snappy comedy singing offering. Tony and Allen also offer a comedy singing and dancing act that is proving popular with patrons. There is also an episode of "The Evening Arrow" serial story, and a two-reel comedy, "The Riot," featuring Jimmy Aubrey, which concludes a big two hour show that you cannot afford to miss. Tomorrow (Friday) there will be a complete change of programme, which contains a big variety of talent, as follows:—Marie and Marjorie, the mirth-provokers in a character comedy sketch entitled "That's Nice." Potter and Hartwell in a comedy singing and dancing offering. "Ziva," the world-renowned American magician artist. Baxley and Porter in a novel character offering entitled "The Call of the Song." Margaret Taylor in a sensational wire offering. Included on the programme will be an episode of the popular weekly serial, "The Purple Riders," and another of those hilarious dog comedies, featuring "Brownie," the Century Wonder Dog.

CENTENNIAL AT MONCTON

(Special to The Times.)
Moncton, N. B., Sept. 8.—The centennial of the creation of the Free Meeting House was observed last evening, with a large attendance. Judge W. B. Chandler presided. Music was furnished by volunteer choir, under the direction of Prof. Hiram Ball.

An invocation by Rev. E. H. Cochrane was followed by the Lord's Prayer in concert. After the singing of a hymn and responsive reading, an anthem, "And the Glory," from The Messiah, was sung by the choir. Mrs. G. O. Spencer sang a solo, and the "Hallelujah Chorus," from The Messiah, was sung by the choir. Dr. G. C. Cochrane of Shediac gave an historical address. Another hymn was sung, and Walter Neale gave a vocal solo. Mayor A. C. Chapman and Judge Chandler spoke, and the proceedings closed with singing God Save the King, followed by the Benediction, pronounced by Rev. J. L. Wilson.

On a tablet which commemorates the 100th anniversary appears the following inscription:—"1821-1921. This building, named the Free Meeting House, was erected A. D. 1821 by the people of Moncton as a place of public worship for all denominations of Christians. During the century it has been the early home of nearly every church in the city."
The property is now under the care of a board of trustees—Sarah Harris, Nellie Ayala Henderson, Clifford W. Robinson, James E. J. Masters, John H. Harris, George A. Robertson, Joseph H. Rogers.

WHY YOU NEED IRON

Tomakeyoustrongand"brav"
and put the power into your
blood to overcome dis-
ease germs

PRACTICAL ADVICE ON HOW TO
DEVELOP GREAT ENERGY
AND ENDURANCE

The food you eat contains carbon. When your food is digested it is absorbed from the intestines into the blood. When the carbon in your food comes in contact with the oxygen carried by the iron in your blood, the carbon and oxygen unite and by so doing they give off tremendous energy, thereby giving you great force, strength and endurance. Without iron your blood carries no oxygen and without oxygen there is nothing to unite with the carbon in your food, so that what you eat does you no good—you do not get any strength from it. It is like putting coal into a stove without a fire. You cannot get any heat unless the coal unites with the fire.

The strongest weapon with which to prevent and overcome colds, pneumonia, kidney trouble, rheumatism, nervous prostration, in fact almost any disease or disease germs is plenty of good rich, pure blood, strength, energy and endurance, and the greatest energy carrier in the body is organic iron, not metallic iron which people usually take, but organic iron like the iron in spinach, lentils and apples and like the iron contained in what is known as organic Nuxated Iron, which may be had from almost any druggist.

If you have been taking metallic iron without benefit such is no proof that organic Nuxated Iron will not help you. Nuxated Iron often increases the strength, energy and endurance of weak, nervous, run down folks in two weeks' time. It is such an extremely valuable product that even the Pope at Rome wrote especially of its merits in a communication to the Pharmacie Normale. It has been used and highly recommended by former United States senators, members of congress, judges of U. S. Courts, many physicians and prominent men.

Over 4,000,000 people are now using it annually. Satisfactory results are guaranteed or the manufacturers will refund your money. Sold by all druggists in tablet form only.

HANGING FROM TRAIN.

Extraordinary Accident on English Railway.

London, Aug. 28.—(By mail.)—An extraordinary accident happened on Sunday night in an excursion train travelling between Brighton and London. Soon after the train had left East Croydon, James Kiddell of Alice street, Bermondsey, fell backwards out of the window of his compartment. His fiancée and his brother-in-law, with whom he was travelling, seized him until the train reached Sydenham, when they were obliged, through exhaustion, to let him go. Kiddell fell on to the line and was dead when picked up.

Just Apply This Paste and the Hairs Will Vanish

(Boudoir Secret.)
The judicious use of a delicate paste insures any woman a clear, hairless skin. To prepare the paste, mix a little of the powdered delatone with some water, then apply to the objectionable hairs for two or three minutes. When the paste is removed, and the skin washed, every trace of hair will have vanished. No pain attends the use of the delatone and it will not mar the most sensitive skin, but to insure results, see that you get real delatone.
