

CHAPEL.

All the Boys attend service in the College Chapel every morning and twice on Sunday.

In case of conscientious objection on the part of the Parents it is arranged that boys attend other Churches so far as practicable. Roman Catholic boys for example are expected to attend their own Church in Lennoxville.

SCHOOL WORK AND EXAMINATIONS.

The School is graded into six Forms. To enter the first form a boy must pass a good examination in Reading, Writing, Spelling, the elementary rules of Arithmetic, and elementary Geography. A preparatory form has been established under an experienced teacher to prepare boys for the entrance examination of the first Form.

In the fifth Form, boys will be allowed to discontinue the study of Greek and to take Chemistry, Physics and Physiology instead. Botany will also be studied by the Science boys in the sixth Form.

Examinations will be held at Christmas and Midsummer.

In order to be promoted to a higher form a boy must obtain 50 per cent of the marks attainable during the year. Boys who fail to secure promotion will be allowed to remain one year longer in the same form, but those who are not successful at the close of the second year will not be allowed to return to the school. A certificate of promotion will be appended to the yearly report of each boy; those boys who successfully pass the final examination of the sixth Form will be granted a Diploma.

No boy can enter the third Form who cannot pass a very satisfactory examination in writing and spelling.

ATHLETICS, ETC.

The Bishop's College School Recreation Club is managed by a Committee of Masters and Boys elected by the School. The annual subscription is \$5.00 (optional). This club embraces:

The Library	The Reading Room
The Cricket Club	The Football Club
The Hockey Club	The Gymnasium
