SPECIAL NOTICES.

THE GREAT FEMALE REMEDY.

SIR JAMES CLARKE'S PERIODICAL PILLS.

THIS invaluable medicine is unfailing in the cure of all those painful and dangerous diseases to which the female constitution is subject. It moderates all excesses and removes all obstructions, and a speedy cure may be relied on.

In all cases of nervous and spinal affections, pains in the back and limbs, fatigue on slight exertion, palpitation of the heart, hysterics and whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain any toxic, acrid, or anything hurtful to the constitution.

Full directions on the pamphlet around each package, which should be carefully preserved.

JOB MOSES, New York, Sole Proprietor.

\$1.00 and 125 cents for postage, included to Montreal & Lyons, Toronto, Ont., general Agents for the Dominion, will ensure a bottle containing over 50 pills, by return mail. Sold by all Druggists.

July 5, 62 King St., St. John.

A few consoling words to the weak. Mere lack of bodily strength is not in itself a disease, but simply a disability. In other cases WILSON'S SARSAPARILLIAN and TONIC ELIXIR may be safely guaranteed to cure it.—Every day, and in every locality, invalids may be met with who complain of nothing but weakness. They have no pain, but they are incapable of much exertion. A short walk fatigues them; a long one breaks them down. This sort of feebleness is one of the characteristics of dyspepsia and biliousness, but it is no less true that it frequently exists independently of any specific disorder and when all the internal organs appear to be performing their functions with tolerable regularity. It is really painful to see human beings moving along with slow, unsteady step, and evidently almost destitute of muscular power and nervous energy, who might just as well be treading the earth frantically and fulfilling their daily duties without suffering from exhaustion. Are they aware that this Elixir will put new life into them? Have they ever seen the effect of it upon the weak and enervated? It seems marvellous that for want of this powerful invigorator, sufferers should complain that they can obtain no relief. Ordinary medicines may have failed, common blitters may have failed, but, let the feeble be assured, will not fail.
