ATTENDING PHYSICIANS'
REPORT.

To the Board of Management of the Protestant House of Industry and Refuge.

GENTLEMEN,—Taking age into consideration, the health of the inmates during the past twelve months has been very good.

In the "Country House" where the old people are, the demands upon the Medical Officers has not been very great. The same might also be said of the "Moore Home," where the cases are mostly convalescents or chronics.

Visits have been made in a number of cases to the City Refuge, where they have received necessary treatment or have been sent to some of the hospitals.

Twenty-three deaths occurred during the year, as follows:—

In the Country House.....	8
" Moore Home.....	8
" City Refuge.....	2
" Hospital.....	5

23

The causes of death being in most cases from diseases of advanced life.

We have to thank the managing staff of the several Institutions for their constant attention to instructions given by us, and to the thorough manner in which ventilation and scrupulous cleanliness is attended to.

JOHN T. FINNIE, M.D.,
FRED. G. FINLEY, M.D.,
F. E. THOMPSON, M.D.,
H. D. HAMILTON, M.D.,
AND. MACPHAIL, M.D.

THIRTY-FIFTH ANNUAL REPORT
OF THE INDUSTRIAL ROOMS.

In submitting our Thirty-Fifth Annual Report, we would call particular attention to the increased claims upon the Society during this winter of more than unusual hardship and want of work. The number
