HODIE TO THE BAD. BY EDMUND YATES.

MSH CHAPTER I.- No 201.

"Midnight! how horribly familiar to me is the discondant slarging of those hearths chunce. For the first three weeks of my vacation they seemed to be constantly ringing in my ears, and I was just beginning to forget them, when I am summoned to their awfal reality. Ten eleven twelve, go on, ring out the hmell of my youth, and hope, and love, check of my life hour by hour, and tell me with infernal regularity at this time that another day is dead, that another set of opportunities has been ed to be realized Walter obtained recommendations to my gravel Great Heavens, to think from some of his old friends, applied here and there, passed six months as life is form the When I first assistant to an over-worked surgeon, iffe is maxing from me! when I nest entered upon my profession it was not, God knows, the idea of making money the struggling into good practice in London, passed another six months as drudge to an apothecary and general that baars baa I had grand visions of standing by the bedaide of the sick, and scaring away the demons of disease and distilithing were hovering around it; I had hopes of schieving name and night to drive miles over the wild comfame, with Lucy to share them with me, and what am Lucy to share them with me, and what am Lucy to share them with me, for a fee which in other days he would years of age, a prison surgeen, struggl-ing on with the wretched pittance of the hundred dollars a year, with con-victs and gall birds for his patientscoundrels without a spark of interest or gratitude, and whose only object, as opens, he had held for some two years. morned, is to endeavor to This was the first evening since his ar as Tamien deceiver me by shamming maladies in return from his annual vacation. For order that they may escape from the one month in the year he was enabled abors of the presential and the crank." to shake off the degrading effect of the association with convicts, the perpetual peaker rose from his chair, plunged sight of the white-washed walls, the his hands deeply into his pockets, and long iron galleries, the spiral staircases, began pickag to and fro, looking round the clanging doors, the constant march e room as though seeking for consola- ing and counter marching, inspection, tion, but finding mone. To a person mentally ill at case, as he Then he went straight away home to

seemed to be, the aspect of the apart-the quiet little village, where, all the ment, was not calculated to afford any time not actually given up to Lucy, and

It was a long narrow slip of a room, company of hisparents. At such times neagerly furnished with two or three they were tolerably hopeful, and manachains, a small 'income bedetead, an old ged to talk pleasantly of the future. writing table, the Testhern top of which Something would happen for Walter's the bare white walls hung a fairly cre-leave him a fortune, or the squire's afnied water color drawing, represent- fairs would "get around," and in the ing a corry little parsonage standing in meantime they were still young and the midst of a thoroughly English land-scape with a background of high elmtrees, and with s gravel path evidently that the girl whom he had selecetd from leading to the village church, the hoary, ivy-covered to was of which was dimly thoroughly devoted to him; that no

not bestow on her even the smallest me, Macpherson, who was No. 201?" not bestow on her even the smallest fortune, and the young man's pride was too great to accept the offer which was made to him, to marry Lucy, and eat the bread of idleness in her uncle's house. No i he had his profession, and with that he would make his way through the

that he would make his way through the by his shifty eyes and cruel mouth." "Why you are quite a physiognomist, world ! Though an idle and a truant from work, he had always been regard- Mac," said Walter King, laughing. "I did na ken about feesonomy ed as clever, the authorities at the hospital had pronounced that he had muttered the warder, "but I've had plenty of ability, and only needed appli-teation; and now that he had a spur to cognize them at once; and that this induce him to persevere, he would soon Russel is ane, I'll take my bible oath. find the path clear before him. "Your remarks of Dr. Phillimore's interest inspire me with a desire tc have

a look at this man. The last cell, in the south corridor, you say, Macpherson? Right, you need not wait, I will from some of his old friends, applied find my own way to it."

The warder saluted silently, and withdrew. Left to himself, Walter King again commenced pacing the room restlessly, but the feeling of nervous irritability, inder which he had previously been laboring, seemed to have vanished, and, in its place, he was haunted by a kind of inexplicable fear and mental terror, which impelled him from time to time have given to a cabman. Finally, through to cast furtive glances over his shoulder, as though in dread of finding himself followed in his wanderings by a bodily "This is too absurd." he said, half

county jail, which, at the time our story aloud and half to himself. "I am as full of fancies as a sick girl, but a little touch of professional duty will soon put that to rights. What can have made Phillimore take such an interest in this prisoner, I wonder? I thought all he cared for was to draw my salary during the time he acted as my substitute, and in return, to render as little service for the money as he conveniently could; for-as old Macpherson was just upon the point of remarking if I had not stopped him-my friend Phillimore is a dissipated dog, and if it was to the visiting justices he were responsible, he could that was not much, was spent in the never be employed, even to attend upon such patients as these. However, he

seems, for once, to have found a case which has divided his attention with the whisky bottle and the sporting news papers, I shall be curious to see what it s like ! He put on his hat as he spoke, and, taking a small hand lamp from a niche in the corner, lit it with a match, and, That was Walter's great joy; he knew shading it with his coat, passed out of

the room. The warders patrolling the long stone orridors drew themselves up as the matter how long his absence, how apdoctor passed, and saluted him respectfully, those on duty in the upper galleries, hearing clanking footsteps, leaned over in curiosity, and drew back as soon as they recognized the familiar figure of the surgeon.

On he walked, until he stopped at the door of the cell at the extreme end. of the south corridor. This he mnlocked with a pass-key,

which he took from his pocket, and, bottlet, granged in sows, while in an home, rich with so many memories, and holding the lamp above his head, entered the cell, closing the door softly be apartment, was almost too much for CHAATER II. - THE DOCTOR'S BARGAIN.

GIFT BOOKS. toring the man who was pa-trolling this chamber with wandering "To think," he added, taking a portrait from his breast pocket and looking at it THIS LINE is now complete, and prese assortment to suit every taste and pars

"Come in-what is it?"

"Well, sir, what of him?" asked Wal-

"Dead," said the warder, shortly, re-"Well, Macpherson, what is that to

me?" said the doctor, raising his head "I did not kill the man, I cannot bring

tention and devotion with which she re-paid the not too great kindness the old have no more power in such a case than Labourd 2" just as he remembered it to have done when, as a little child, he listened in fear and trembling to the goblin legends

heler of his cool. Not much more than this had Squire Not much more than this had Squire

to field sports of all kinds, carried on for a number of years, had sadly crip-pled the aquire's resources. His year, estates were heavily mort-gaged; his aftains were in the hands of trustees; and though he clung to his position, and rigidly demanded its ac-trustees were any different in No. 201, and when he went off duty, asked me to let him know at

he was brought in contact, it was feit by all, and by none more than the squire himself, to be merely a nominal one. What did that matter to Walter King, full of youth and health and ambition, When he found he had secured Lucy's love—and with such a brank, ingensions girl, he was not long in learning that important fact—he wanted nothing else. The squire shock his head when the engagement of the young people was proposed to him. "He liked Walter walters fracters, in sold college chum, and he would even was the sacrifice of parting and he would area make the sacrifice of parting and he had been left, though was

ing it, that a reging maniac or bound-ing beast of prey. Something of this kind must have struck Walter King, for, accustomed as he was to the sight of the dead, he beited before added to be a sight of the dead, he hesitated before undertaking the task which had brought him to the spot, and seeking to discover, by an inspection of the corpse, the cause of the interest which Dr. Phillimore had taken in the patient when alive. It was strange; but he could not un-derstand the reason, and yet he felt it almost impossible to proceed with his duty after his ordinary easy fashion. He placed the lamp upon the floor, and seating himself on the edge of the table, looked hard at the figure stretch-ed mute and motionless before him. ed mute and motionless before him. The wind, which blew in fitful gusts down the long corridor, found its way under the door of the cell, and the light of the lamp, thus disturbed, flickered to and fro upon the sheet, giving the idea that what lay beneath it was stirred in temporary unrest. So vivid was this delusion that Wal-So vivid was this delusion that Wal-ter King, calling his senses to his sid, and shading his eyes with his hand, peered long and earnestly at the ghast-ly object before him, in order to con-vince himself of the fantastic deception into which his nervousness had betray-ed him. At any other time, not merely would he have laughed away the creep-ing terror which beset him, but would soon have destroyed its origin by ocular inspection of what he now stood aloof from, and only regarded with curious.
