BLACK FLAG ON LAKE MICHIGAN.

Chicago Yachtsmen Attacked by Pirates. Armed With Rifles and Flying the Jolly Roger, Crew of Pirate Ship Made Desperate Attack.

CHICAGO, Sept. 18.—With a black flag flying from its masthead and its occupants armed, a sailing craft appeared off the foot of 3rd street yesterday afternoon, after a battle with members of the Douglas Yacht Club, in which the latter were forced to retreat to the police, weighted anchor and disappeared in the direction of South Chicago. "The pirates" ship, the police say, was seen by scores of persons on the shore. She dropped anchor less than a half mile out of the lake and her sails were hoisted, after a battle with members of the Douglas Yacht Club, in which the latter were forced to retreat to the police, weighted anchor and disappeared in the direction of South Chicago.

GREAT TRADES CONGRESS IN CHICAGO.

CHICAGO, Sept. 18.—Delegates representing the various trade, industrial and producing interests of the country are to hold a convention in Chicago on October 26-27. The object of the convention is to impress on congress the extent of the demand of the people of all parts of the country for legislation outlined in the president's last annual message to congress, as follows: "The interstate commerce commission should be vested with the power, where a given rate has been challenged and after full hearing found to be unreasonable, to decide, subject to judicial review, what shall be a reasonable rate to take its place, the ruling of the commission to take effect immediately upon the date of the challenge, if it is not by the court of review."

WALKING CONTESTS REVIVED.

NEW YORK, Sept. 18.—Walking contests are to be revived here by the Amateur Athletic Union. There have been no events of this kind for the championship programme since 1898. It was said at that time they were discontinued to make way for throwing the discus. This substitution was caused by the victory of Robert Garrett of Princeton at the first revival of the Olympic games in Greece in 1896. It has been found according to the local press, that the discus throwing is no real test of strength and the expert handling is a knack which many of the best weight throwers have failed to master. Next fall at the Metropolitan international conventions, steps will be taken to revive the discus and javelin and the discus and javelin programmes and the discus will be dropped.

BOARDING HOUSE KEEPER'S WIFE ELOPES WITH COOK.

Matthew McLaughlin Also Charges Wife With Taking Goods and Money---He Says She Ran Away Twice.

Matthew McLaughlin, a Loch Lomond boarding house proprietor, was about the city this morning in search of his wife who he claims has eloped. McLaughlin says that he and his wife have been conducting a boarding house at Loch Lomond since the commencement of work in that section on the water works extension. He says he decided it would be better for him to go to work in the trenches and employ a male "cook" to assist in running the boarding house. This was done, and then, says McLaughlin, the trouble increased. A week ago Mrs. McLaughlin left her home, and he claims she ran away with the cook. She returned, however, last Thursday, and in the meantime another cook had been engaged. Everything went along well until Saturday afternoon about 2:30 o'clock, when Mrs. McLaughlin once more departed from her home, and incidentally the new cook absconded. McLaughlin said that there was no doubt but that she has eloped this time with the new cook, and in leaving she took with her a trunk full of articles, among which were some of his belongings. It is reported that she spent Sunday in a King square hotel, and McLaughlin says that she left the city this morning for parts unknown to him, but he thinks she has perhaps gone to Campbellton, her former home. Besides the clothing taken by the woman, McLaughlin says that she has over three hundred dollars with her. McLaughlin feels his position very badly and was attempting to drown his sorrow this morning. He is seeking the aid of the police in locating his runaway spouse and feels confident that they will find out her present whereabouts before night. He says with his wife and the two cooks both leaving the boarding house, it leaves him in a very awkward position, as there are no less than twenty boarders to be taken care of, all of whom are employed on the water works extension. When last seen by the reporter McLaughlin was wandering about Charlotte street, looking for tidings of his wife.

CUSHING MILL BARRED AGAINST LIQUIDATOR.

There are still new developments in the most complex law case with which our courts have had to deal for some time. On Saturday A. H. Hanington went to Dorchester and got from Judge Landry a summons calling upon the liquidators to show cause why the winding up proceedings should not be stayed pending an appeal to the Supreme Court of Canada. This summons was served on W. E. Vroom this morning and immediately afterwards he had a conference with the solicitors Barnhill, Ewing and Stewart. The most interesting developments, however, are at the mill which has been barred up and locked up by the liquidators. A guard was on watch this morning at the entrance to notify the approach of any invaders, but so far they have not come in sight and no blood has yet been shed.

WAR CLOUDS GATHER OVER THE BOSPHORUS.

Turkey is Fortifying the Straits and Russia Has Warned Her That to Continue Means War. CONSTANTINOPLE, Sept. 18.—The steady progress of work on the new fortifications on the Bosphorus is causing friction between the Russians and the Turks. The fortifications were hastily commenced at the time of the Russo-Turkish war, but were left unfinished. Turkey is now carrying out a scheme of fortifications, which she had long desired but which had already been opposed by Russia. It is understood that the question is being long delayed by an appeal to the Russian ambassador had with the Sultan in the course of which he pointed out that the further fortifications with friendly relations between Turkey and Russia. In the meanwhile the work is being actively pushed through, they can ordinarily be completed for several months. The Porte continues its irreconcilable attitude in regard to the proposed international financial control of Macedonia.

GREATEST MUSTER OF SCOTS SINCE FLOODIN.

King Edward Reviews 40,000 Scottish Militia Men Today—Sir Thomas Lipton Kicked in the Face. EDINBURGH, Sept. 18.—The greatest muster of Scotchmen under arms since the battle of Flodden Field was held today by King Edward here today. The King arrived at the Scotch capital this morning and proceeded to Holyrood palace, whence, accompanied by the Duke of Connaught and a brilliant staff, he rode to the parade ground in King's Park, nearly 40,000 Scottish volunteers were in the march. Enormous numbers of visitors from parts of Scotland and the north of England witnessed the review, which is expected to assist in counteracting the exorbitant cost of the volunteer corps over recent worrying regulations of the war office. During the march Sir Thomas Lipton, who is honorary colonel of the Second Lanarkshire Engineers, was leading his regiment past the king when his horse threw him and Sir Thomas was kicked in the face. His injuries are not serious.

MUCH INDIGNATION OVER TRAIN CHANGES.

Several suburban trains were taken off today, much to the disgust of the travelling public, but much more to their disgust two trains that are now being run by the city and Point du Chevre, making all local stops. Now, if a person wishes to stop at any but the principal stations they will have to leave early in the morning or wait till 11:25 at night or walk. There is much indignation among the travelling public over the deal, but Emmons has spoken and it is so. There was some talk of dropping some of the employees, but this Mr. Emmons is it stated, has assured the men will not be the case, as there will be plenty of work for all. There is also a report that the night express to and from Halifax will come off, which will cause more protest than all the other changes.

DREDGE WILL BE HERE NEXT WEEK.

G. S. Mayes Has Secured a Good One. Has Engaged the Beaver, a Dipper Dredge and Intends to Hustle the Work Along.

G. S. Mayes, who has the contract from the Dominion Government for dredging the north side of Sand Point slip for the new wharf, has secured for that work one of the best equipped and most up-to-date mud sappers on the Atlantic coast. J. B. M. Baxter, Mr. Mayes' solicitor, who accompanied the contractor today wearing a broad smile because the important business that took them to Boston was transacted so successfully and in such a short time. Mr. Baxter says Mr. Mayes is determined not to lose any time and in Boston rushed matters in a way that made the Yankees cognizant of the fact that all the hustle was not confined to their side of the line. The dredge secured is the Beaver, the property of the J. S. Packard concern of Providence, R. I. She is a powerful mud digger of the dipper type and has been working in a cutting near East Boston. When Mr. Baxter left Boston the dredge was being dismantled and as soon as it is ready Mr. Mayes will wire here for the tug, the Flushing, owned by D. D. Glasier & Son, and the Lord Kitchener, owned by John E. Moore, which will tow the dredge and scows here. With fair weather they should be back in a week from the date of leaving here. It is expected the tug will leave here Wednesday.

I. O. O. F. GRAND LODGE IN ANNUAL SESSION.

PHILADELPHIA, Sept. 18.—The 51st annual communication of the Sovereign Grand Lodge of the Independent Order of Odd Fellows opened here today. The initial exercises were held in La Temple. According to Grand Sire Wright, among the especially important matters to be considered during the convocation is the subject of the Patriarchal system, which has been the subject of the subordinate lodges the basis of admission to the militia. The total number of lodge members is 1,300,000. If the change be made and the same percentage of lodge members go into the militia as now go from the encampment, the militia branch will reach a membership of 200,000. It now has 18,000. It will then be the strongest uniformed fraternal organization in the world. The grand lodge will also consider the question of extending the order in Porto Rico, San Domingo and Scotland.

BOSTON, Sept. 18.—The business life of this city was stopped for a while today to do reverence to the memory of Mayor Patrick A. Collins. Schools, courts, trade exchanges, municipal offices and manufacturing establishments all suspended operations some for the day, some for the period of the service at the Cathedral of the Holy Cross. Everywhere were emblems of mourning, city hall, the public buildings, the newspaper offices and many of the commercial houses were draped in black, while flags were at half-mast all over the city and on the ships in the harbor. A STRIKE BROKEN. NEW YORK, Sept. 18.—A strike of the Printing Box Makers' Union, declared three weeks ago in a large number of factories in Greater New York, was called off yesterday. The men had demanded a nine hour day, but were instructed to go back on any terms they could obtain from their employer. The Furness Liner St. John City, Capt.
