### THE MARKETS.

Revised Every Monday for the Weekly Sun.

COUNTRY MARKET.

The firmer tendency in beet, that was noted a couple of weeks ago, is still a feature of the market, and country beef is a little higher. Lamb, on the other hand, is cheaper and going still lower. Mutton is also cheaper, and veal is plentiful and easier. New potatoes vary at from 75c to \$1\$ per bushel, according to the receipts. Old potatoes are marked down and are hard to sell. Butter has also turned lower, and the supply is large. While henery eggs bring a fair price, case stock is low. Native strawbernes have been a very light crop and sold up to \$1\$ per half pall. The present price is \$0\$ to \$0c. Cultivated berries have sold at retail as low as \$c, and are now \$6\$ to \$0 by the crate. Very few are being exported. Fowl and chickens

are easier.	and	cn	ickens

MONCTON, July 13.—The Summer School of Science is not as largely attended as was expected, but the session is proving one of considerable interest. The members to the number of about fifty drove down to Albert county yesterday, visiting the famous "Rocks" at Hopewell Cape in the morning and the plaster quarries of the Albert Manufacturing Company in the afternoon. The time at the disposal of the visitors was limited, but the excursion was generally voted one of the most interesting and instructive in the history of the school. Much geological information of value was obtained at the quarries, and Mr. Hay of St. John was fortunate enough to discover a rare ferm. There was but a single specimen, and Mr. Hay readily obtained permission to take it up for removal to St. John. Mr. Osman, M. P. P., the manager of the quarries, had provided a pionic for the visitors, and proved himself a most agreeable host. A number of photographic views of the rocks and the quarries were obtained, the latter specially for Dr. Balley for use in his geological survey report. The party returned to Moncton in the evening, when the latter specially this evening, and Dr. Morrison of St. John will deliver his lecture on Italian Journeys in the Opera house tomorrow evening.

The Orangemen of Moncton, Petitodiac and Salisbury and their friends, to the number of several hundred, filling eleven cars, went to Sackville yesterday for the celebration of the 12th with Damon lodge at that place. The day was fine and there were about two hundred men in regalls in line, with banners and two bands. After the procession there were speeches from Rev. J. G. A. Belyea and Rev. Mr. Sellars of Sackville, J. I. McLaren and P. E. Heine of Moncton, and County Master Saunders of Petitodiac. FREEDERICTON, N. B., July 13.— Ferris has just completed painting his
