THE CITY COUNCIL TODAY TO CONSIDER THE QUESTION OF INCINERATION

Fountain to be Rebuilt and Square Made Attractive—First Rails Laid for Kane's Corner Line.

Civic Pay Day.
Yesterday was the fortnightly pay day at City Hall, when Cashier Willet paid out a total of \$6,017.62.

Accession of George V.
Today, May 6th, will be the anniversary of the accession of His Majesty King George V. to the throne. In honor of the occasion the Third Regiment Canadian Artillery will fire a royal salute of twenty-one guns from Dorchester battery at noon. The firing party will be chosen from No. 2 Battery and will be under the command of Major W. H. Harrison.

Liquor Case Dismissed.
In the police court yesterday afternoon the case against James Flood, accused of selling liquor to Brookings and Fox while they were under the influence of liquor, was dismissed. Only one witness, George Stephenson, was examined for the defence. J. A. Barry appeared in behalf of Flood.

St. John Men in the West.
A Winnipeg exchange says: C. C. Blackadar, editor and proprietor of the Halifax Herald; J. Doody, of St. John, and F. H. Foster, of St. John, are making their first trip to the Canadian West, being now registered at the Royal Alexandra. Mr. Doody thinks Winnipeg is a smart city, but wants eastern folk to know that St. John is going some also. He believes that the Atlantic Port is destined to have a great future.

It Will Be Ready Next Fall.
E. P. Goodwin, of Ottawa, was in the city yesterday in connection with his inspection work on the National Transcontinental Railway. Mr. Goodwin states that but eight miles of the section between New Brunswick and Quebec have yet to be constructed and that this part of the road will be completed next fall. The car ferry across the St. Lawrence at Quebec will be ready for operation in time for the opening of the season.

Evangelical Alliance Met.
Moral and social welfare of the community were discussed at the monthly session of the Evangelical Alliance in the St. Andrew's church rooms yesterday morning. A lengthy discussion of the moral conditions prevailing in St. John and the necessity to continue the committee on the enlargement of the sphere of usefulness of the Alliance to report at the annual meeting were the principal matters accomplished. Rev. W. W. Brewer presided, and there were present Revs. J. A. MacKinnon, George Ross, J. H. A. Anderson, G. A. Kuhring, Gordon Dickie, F. S. Porter, W. M. Townshend, David MacKinnon, J. C. Dawson, William Lawson, M. McCutcheon, F. W. Wentworth and J. Charles B. Appel. The report of the executive committee was the first matter to be dealt with. It is possible that the programme of the committee, when finally submitted, will contain suggestions for the elimination of undesirable resorts of various descriptions from the city and vicinity.

Will Improve Haymarket Square.
The claims of Haymarket Square are not to be overlooked this summer and the commissioner of public works is planning some improvements to add to the attractiveness of this spot. The fountain, which was broken last year by a runaway team, will be rebuilt and repaired, and the grass plots will be put in order and the flower beds attended to. The growing importance of the eastern end of the city and the increased traffic in that section of the city would seem to justify some efforts to present an good appearance as possible at this approach to the city.

Graduation Exercises.
Excellent progress is being made on the Kane's Corner extension of the street railway, and the company have started laying the rails from the eastern end of the line. It has been found necessary to do considerable rock cutting at the head of the hill near Egbert street in order to bring the top of the rails on a level with the road, as the rock runs very close to the surface at this point, and the tie and rails together are fifteen inches high. The excavation between Kane's corner and Egbert street is now nearly completed.

MR. SCHEFF PLEASED WITH WHAT HE SAW
Leo Scheff, F. R. C. I., the British journalist, who is now on his third tour through Canada with a view to writing a series of articles for a number of the well known British newspapers, was in the city yesterday at the Royal. Mr. Scheff has been touring the St. John river district during the past week, and when seen by the Standard expressed himself as highly pleased with the country.

Yesterday Mr. Scheff inspected the city and viewed the different improvements in the course of construction. He is of the opinion that they will prove a great benefit to the city and province. It is probable that Mr. Scheff will devote considerable space to St. John, and will set forth in a clear manner its growth and advantages.

During the next few weeks Mr. Scheff will visit the remainder of the province taking notes from which to prepare his articles.

A Business Change.
The boot and shoe store at 397 Main street, known as the J. V. Russell branch store, has been taken over by George and Joseph Gray and will hereafter be conducted by them under the name of Grays' Shoe Store.

COMMISSIONER AGAR TELLS OF HIS INSPECTION TRIP TO HALIFAX, AND COUNCIL DECIDES TO DISCUSS WHOLE MATTER IN COMMITTEE TODAY—BUILDING INSPECTOR REMOVED.

At the meeting of the City Council the question of establishing an incinerator in St. John was discussed and referred to committee of the whole. A motion to relieve Building Inspector Thompson of his duties was passed, and it was decided to advertise the city in the Glasgow Herald. Considerable routine business was disposed of. The Commissioner of Finance reported payments for the month of April amounting to \$83,888, and on his recommendation the following payments were ordered: Treasury department, \$286,446; public works, \$853,121; water and sewerage, \$77,434; public safety, \$725,08; harbors, ferries and lands, \$743,40.

The Mayor—The harbor revenues for April were \$100 more than for the same month in 1912.

To Advertise in Glasgow.
On recommendation of the Mayor it was decided to take half a double column of space in the special edition of the Glasgow Herald, cost of the same being \$133.75.

An order was passed to give George Blake pay as chief from the time he took charge of the fire department.

To Change Building Inspector.
Com. McLellan recommended that Shanklin Thompson be relieved of his duties as building inspector, and he be granted a gratuity of three months salary, and that the commissioner be authorized to make a temporary appointment at a salary not to exceed \$100 a month. The commissioner stated that Mr. Thompson was getting along in years and might just as well be relieved of his duties. The recommendation was adopted.

An order to grant the policemen and firemen the usual holidays was passed.

Sewer Extensions.
On motion of Com. Wigmore it was decided to make sewer extensions on St. James street, Albert street and Guilford street, in conjunction with the water extensions being on these streets. An order to grant employment of the water and sewerage department the usual holidays was passed.

A. B. Smalley & Son were granted permission to erect a post bearing five electric lights on Prince William street.

An order to grant employees of the board of works department the usual holidays was passed.

Com. Agar was authorized to call for tenders for 2,500 feet of granite curbing.

Misses A. Maud and Fanny Merritt were granted a renewal lease of lot No. 357, Prince ward.

Portwards Named.
The following were appointed Port Wardens:
James Knox, Arthur W. Adams, Andrew J. Muleshey, George R. John.

MUSICAL COMEDY AT OPERA HOUSE
Charles H. Marshall is on Fredericton Force. Sworn in yesterday and went on duty last night—Marshall Roberts joins Capital's Detective Force.

Special to The Standard.
Fredericton, May 5.—Charles H. Marshall, late of the St. John police force, went on duty here tonight as a member of the Fredericton police force, having been sworn in today.

James Roberts, formerly city marshal, has joined the force as a member of the detective force.

Premier Flemming arrived in the city today and will be in business connected with the Surveyor General's department.

G. M. Stearns, of New York, president of the Miramichi Lumber Company, arrived here today accompanied by A. W. Brambley of Chatham. He had a conference with Premier Flemming this evening to discuss with the leader of the local government the new

TROUBLED WITH KIDNEYS COULD NOT SWEEP FLOOR.
It is hard for a woman to look after her household duties when she is suffering from a weak and aching back, for no woman can be strong and well when the kidneys are out of order.

The weak, lame and aching back comes from sick kidneys and should be attended to at once so as to avoid years of suffering from the kidney trouble which is sure to follow if the back is neglected.

On the first sign of a pain in the back, Doan's Kidney Pills should be taken. They go right to the seat of the trouble.

THANKS EXTENDED TO THE HON. J. E. WILSON FOR PROMPTNESS IN HAVING REPAIRS MADE TO THE PROBATE COURT ROOM—ESTATES PROVED YESTERDAY.

At the opening of the Probate Court yesterday morning the Judge of the Court stated that some little time ago the attention of the honorable John E. Wilson had been called to the urgent need of repairs being made to the Probate Court room, and in consequence the repairs were made by Mr. Wilson to the government such repairs have been most satisfactorily made.

The walls have been re-papered, the ceiling cleaned, new linoleum placed on the floor, the desks of the court have been re-covered, new electric wiring has replaced that which was before defective, and the general appearance of the room has been greatly improved.

New furniture has also been ordered which had been broken down. For all this is extended the thanks of the profession, as well as himself, to the Hon. Mr. Wilson and the members of the Executive of the Province.

The following business was then taken up:
Estate of William Boyle, policeman. Deceased died intestate, leaving him surviving a widow, Susan Boyle, and one daughter, Margaret J. Boyle. In the petition of these two, the widow is appointed administratrix. No real estate is involved. Mr. Boyle, policeman, deceased, died intestate, leaving him surviving a widow, Margaret J. Boyle, and one daughter, Margaret J. Boyle. In the petition of these two, the widow is appointed administratrix. No real estate is involved.

More Paving Asked For.
A petition was read from property holders on Queen street, north of the German street, requesting that the street be paved, and on motion of Commissioner Agar a formal resolution of the city was adopted. All but four property owners signed the petition.

A resolution was also adopted, providing for the paving of Union street, between Charlotte and Waterloo.

The Incinerator Matter.
Commissioner Agar reported that he had been to Halifax and made an inspection of the incinerator plant there. The incinerator was erected on high ground, some distance from any houses, and cost about \$46,000. The plant had a capacity of about 60 tons a day, and was now disposing of about between 20 and 25 tons of garbage daily. Three men were required to operate it. Between 100 and 150 horsepower was going to waste.

The plan was to utilize to light the streets it would mean a considerable saving. Household garbage was collected by the city teams, and delivered at the incinerator.

Continuing, Commissioner Agar said he took it for granted that the city of St. John would establish an incinerator, as the matter had been long discussed. The only question was that of securing a desirable location for the plant, which he regarded it as largely sentimental, there being no real objection to the site of the Halifax plant, but that was a nuisance.

The Mayor said they should do something, as most of the dumps in St. John were becoming intolerable.

On motion it was decided to pay Commissioner Agar's expenses on his inspection of the incinerator in committee on Tuesday. Council then adjourned.

CHARLES H. MARSHALL IS ON FREDERICTON FORCE
Sworn in yesterday and went on duty last night—Marshall Roberts joins Capital's Detective Force.

Special to The Standard.
Fredericton, May 5.—Charles H. Marshall, late of the St. John police force, went on duty here tonight as a member of the Fredericton police force, having been sworn in today.

James Roberts, formerly city marshal, has joined the force as a member of the detective force.

Premier Flemming arrived in the city today and will be in business connected with the Surveyor General's department.

G. M. Stearns, of New York, president of the Miramichi Lumber Company, arrived here today accompanied by A. W. Brambley of Chatham. He had a conference with Premier Flemming this evening to discuss with the leader of the local government the new

FOR WINTER BUILDING OR REMODELING
You can build your walls and ceilings of Beaver Board in winter and all summer. It takes the place of lath and plaster, but can be put up at any season.

Use in any type of building in new work, nailed directly to studs and joists; for remodeling, over the old material.

Beaver Board will not crack; it makes a house warmer in winter and cooler in summer, and is the most advantageous.

Schofield Paper Co. Ltd. Distributing Agents ST. JOHN, N. B.

A Strong Tribute

People, who have been persuaded for any reason to try other teas almost always return to Red Rose Tea. This is the strongest tribute to its good quality.

N.B.—Coffee users will find Red Rose Coffee as generally good as Red Rose Tea.

SHE SUFFERED TEN MONTHS
Mrs. Blankenship Tells of Her Restoration to Health by Lydia E. Pinkham's Vegetable Compound.

Elliston, Va.—"I feel it my duty to express my thanks for what Lydia E. Pinkham's Vegetable Compound has done for me. I was a sufferer from female troubles and had been confined in bed over one-third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I have been restored to health and it has come from taking Lydia E. Pinkham's Vegetable Compound. Whenever I see a suffering woman I want to tell her what this medicine has done for me and I will always speak a good word for it."—Mrs. ROBERT BLANKENSHIP, Elliston, Va., Montgomery Co.

Was Helpless—Now Well.
Trenton, Mo.—"About two years ago I had female trouble and inflammation so bad that I was literally helpless and had to be tended like a baby. I could not move my body or lift my foot for such severe pains that I had to scream. I was very nervous and had a weakness.

"Lydia E. Pinkham's Vegetable Compound has helped me to such an extent that I think there is no medicine like it for female troubles. I am up and able to do my work again and I give you full permission to publish my letter for the sake of other suffering women."—Mrs. W. T. PUNNELL, 320-10th St., Trenton, Mo.
