## BAPTIST

Pastor Basil Pavloff, the well-known Russian Baptist leader who has had probably more exile experience than any of the living Baptist ministers in Russia and who finished a term of imprisonment not long ago, has been again sentenced by the Imperial Court at Odessa to eight months' imprisonment for the crime of publishing a sermon by C. H. Spurgeon in the Russian language under the title, "Regeneration Through Baptism," repudiating it. How important it would seem to use the present opportunity of reaching by good, Christian literature Russian prisoners of war in Germany?

Tremont Temple church, Dr. Cortland Myers pastor, has had the greatest year in its history. The number of members is now more than 2,500 and the Sunday school enrollment is more than 3,000 with an average attendance of nearly 2,000. The new members are so numerous that it has been found necessary to admit members of the church by tickets, which must be presented half an hour before service. At the recent annual meeting the treasurer reported that \$75,000 had been raised during the year for church expenses and benevolence. The special offering for missions on Easter Sunday was \$2,500. It is a wonderful record. There were so many awaiting baptism on Easter that some had to wait.

More than 200 persons were baptized into the membership of the Baptist churches of Cleveland, Ohio, on Easter Sunday, and the hand of fellowship was given to at least 100 more. The largest number of baptisms was at the Euclid avenue church, where sixty-eight were baptized. The East Cleveland church had the greatest day in its history, giving the hand of fellowship to ninety-five new members and making this in a single day an increase of forty per cent in its membership.

The mountain people of the South are naturally Baptists. More than 500,000 of them are members of Baptist churches. They are not all actively co-operating in the denominational work, but they are Baptists. Many of the largest schools in the mountains are supported by other denominations because the Baptists are not meeting the demands of the situation. If the young people are for the most part trained in non-Baptist schools, the Baptists are finally losing their hegemony in the mountains. W. J. Bryan's father was a Baptist, but young Bryan went to a Presbyterian school. Baptists are immensely concerned in the mountain development. Out of the mountains of North Carolina came George W. Truett. From the Georgia mountains came F. C. McConnell. From the Kentucky mountains came J. A. Burns. There are many more to be quarried.

Three of our young Chicago pastors, Rev. Messrs. Albert H. Gage, Mark F. Sanborn and F. B. Neel, have prepared a little manual on "Conversations on the Christian Life." The little manual is published by the Publication Society, and the price is three cents each, or \$2.00 a hundred. It is worth its weight in gold for use among young Christians, and no pastor could do better than to use it among his young people, either for class work or for individual reading. It is in every way admirable.

More than 100 Baptist ministers of Philadelphia adapted the tune of "Tippary" to the words of a hymn of their own composition at their weekly conferences as a means of attracting public attention to things religious. "We should utilize and sing hymns which everybody whistles and sings in order to focus attention upon the church," declared Rev. Clarence Woolston, the author. Here's the way the chorus goes:

"It's a good thing to be a Christian; It's the best thing I know; It's a good thing to be a Christian Wherever you may go; Good-by sin and Satan; farewell all that's bad."

It's a good thing to be a Christian, 'Tis the tune "caught on" at once in the meeting.

Rev. Dr. DeWolfe, president of the Maritime Convention and president of Acadia Seminary, has received news of the wedding of his son in France. The young man is now in a military hospital in London.

Rev. J. G. Brown, D. D., the general secretary of the Foreign Mission Board is spending some time in the province, attending the associational gatherings in the interest of our Foreign Mission Board.

## Church of England

We note with great pleasure that the Rev. Percy Coulthirst, ex-curate of Trinity Church and Master at Rothias College, has been appointed Field Chaplain at Vakarier Camp. It will be remembered that Mr. Coulthirst enlisted as a private in the 15th Battalion and so his appointment is well merited.

The closing exercises of Rothias Collegiate School last Tuesday were of peculiar interest in that they marked the 25th Anniversary of that excellent institution. Quite a number of former pupils and friends were present, including His Lordship Bishop Richardson and others of the clergy. The Rev. W. L. Hibbard, Headmaster, in his review of the year's work spoke of the importance of the college as an Anglican residential school for boys. (This year there has been a record number of boys in attendance. Good marks had been made in all of the examinations. Three of the boys had passed the entrance examinations to

the Naval College, obtaining first, second and seventh place.

Mr. Hibbard also referred to the number of old boys who were serving their King and Country. Some had already paid the supreme sacrifice and others had won distinction for bravery. We congratulate the Headmaster in the all round efficiency of Rothias School.

We extend our hearty congratulations to the Rev. Henry D. Martin, curate of St. Luke's Church on his passing successfully the Voluntary Preliminary examinations of the General Synod of Canada. That he came first in a class of thirteen bears testimony to the efficient training he received from Wylliffe College, Toronto.

We regret to say that there does not seem much marked improvement in the health of Archdeacon Raymond. He and Mrs. Raymond are staying with their son, the Rev. W. O. Raymond, Ann Arbor, Michigan.

On Wednesday last His Lordship the Bishop of Fredericton, held a Confirmation Service at St. Mary's Church when nineteen candidates received the solemn rite of the Laying on of Hands.

On Trinity Sunday at Christ's Cathedral, Fredericton, His Lordship Bishop Richardson ordained Mr. Alban Bate of Kings College, Windsor, N. S. deacon; The Rev. H. E. Bennett, Curate of the Cathedral, Rev. W. P. Maxwell, of St. Paul's, Rev. B. C. Budd of Pinders, and the Rev. G. W. Fisher of New Bedford were raised to the priesthood. The Rev. R. P. McKim of St. Luke's Church, St. John, preached the ordination sermon basing his address on 2 Timothy 1:3. "Who hath saved us, and called us with a holy calling, not according to our works, but according to his own purpose."

We understand that the Rev. Alban Bate will take up work as Curate of the Cathedral, while his predecessor, the Rev. H. E. Bennett will be stationed at Upper James.

In spite of the war we are glad to note that the beautiful little church at Coldbrook is nearing completion. Much credit is due to the Rev. R. Taylor McKim, curate of St. Mary's for his untiring efforts in connection with the gathering of funds and the erection of the building. Although the church as yet possesses no windows, and has only a temporary door, yet services and Sunday School have been regular. It is held since the first of June.

The work here is under the direction of St. Mary's church and ministers to a large community of residents and summer visitors. Mr. Walter Dunlop, licensed lay reader is in charge here for the summer months.

## METHODIST

The Rev. Dr. F. C. Stephenson, so well known in these provinces for his missionary zeal, was operated on for appendicitis at Lehighville, Alta., a few days ago. His many friends are glad to learn he expects soon to return home. He has his sympathy and best wishes that he may soon make a complete recovery.

An interesting article appeared in the Wesleyan lately from the pen of C. W. Strong, of Summerside, P. E. I. He tells the Methodist church was the first Protestant building erected here. For some years it was the only church. Mr. Strong is a son of Rev. John B. Strong, who was one of the pioneer ministers of these provinces. For many years Mr. Strong has been one of the strong men of Summerside Methodism. This was the first circuit of the Rev. John C. Berrie forty-five years ago, and he was accorded a cordial welcome at the conference.

It is a pleasure to note that Rev. G. N. Somers has had a good year. Silver Falls circuit, and the debt of four hundred dollars on the parsonage has been cleared off.

The Rev. E. E. Graham, chaplain of the overseas forces of the N. S. contingent, has had a varied and interesting experience. First Tanno, the Aegean sea, then in the land of Joseph and the Pharos, now in France, having two hospitals with 1,000 beds in each to keep him busy and useful as usual. "He says the most impressive men in the East were Australians. They are more democratic, I think, than we are. They at least are more socialists, and their's is a wholesome sort of socialism. Their spirit of freedom is greater than ours."

Joseph Paul, whose Indian name was Paupanakis, died a short time since, being one hundred and seven years of age. He was a regular member and attended all possible services of the church until a short time before he passed away. His memory up to the last was remarkably clear. His profession of love and faith was supported by a consistent life. He could give the names of all the missionaries that had been in Norway House, and some incidents in each man's career right back to and including James Evans, who came in 1847.

An American paper says: "Presbyterian orthodoxy of belief and Methodist orthodoxy of conduct have met the enemy and it is theirs. Now the question is, will the pews begin to fill up faster?"

On Sunday, May 21st, a beautiful new church was dedicated at Grand Greve, on the Gaspe and Cape Oro, Quebec, mission, by Rev. C. W. Squires, M. A., Ph. D., of Campbellton, N. B., assisted by the pastor, Rev. W. B. Leard. The day was ideal and the attendance good. Dr. Squires spoke in a. m. on "The Permanence"

and at p. m. on "The Advance of the Church—some Obstacles." These sermons were of an exceptionally high order, intensely interesting, very practical and exceedingly helpful. Dr. Squires combines in a wonderful manner, wide philosophical learning and keen spiritual insight with great depth of feeling and transparent simplicity of speech. The people were delighted. The church cost \$2,000, of which there remains only \$85 to be paid. Four persons united with the church at Gaspe during the year, and twelve professed faith in Christ at Cape Oro and will unite later.

The quarterly meeting of the Presbytery of Miramichi was held in Knox church on the afternoon and evening of the 20th. The public meeting was addressed by Dr. Stuart of Halifax. Dr. McKinnon, the recent principal of Pine Hill college, Halifax, and who is now chaplain for the 15th occupied the pulpit in Knox church at both services on Sunday last, and preached impressive sermons. The morning subject was "The Heavenly Home," and the evening one "The Angels at Mons." Both addresses were of an inspiring and eloquent nature, and were well received by those who occupied the pews.

Schooner Elma, of Barbados, has been sold by David W. Simpson, of New York, to Captain William Salter, for \$12,000; the vessel, which is now at New York, will lead there for a foreign port.

SATURDAY'S POEM.

To a Soldier on Going to the War.

So much is left unsaid, my friend  
If all my sad heart longed to say  
For words refuse me when I need  
Them most  
So I was dumb, and now you're gone  
Away.

I meant to say I wish you luck  
The sort of luck yourself would prize  
Most high;  
To come unscathed through fire—or  
Just a scratch—  
Or in some smiling sacrifice to die.

I meant to say that if you die  
Grown grey,  
That I will seem to me for many  
Days,  
As if the sun had turned his face  
Away.

I like to feel you understand,  
Who all once dim between us, now  
Is clear,  
Thus, understanding, neither life nor  
Death  
Could intervene. And so good-bye  
My dear—Margaret Tragett, in  
Pearson.

A man's strength is estimated by  
His ability to fight against odds.

Handicraft Guild.

The Vancouver World gives the following account of articles which can be made by convalescents. It is from an article on the Handicraft Guild.

Some interesting specimens of wood carving on totem poles, done by helpless patients at the General Hospital, are to be found there and form a mute appeal from these patient sufferers, who can never hope to take their places in life again. Other interesting work, the product of local workers, include willow chairs, some beautiful cabinet work, all kinds and varieties of Indian basketry, various kinds of embroidery, painted china and pottery, silver and enamel work, toys, leather desk articles, book covers and both bindings, lace and bead work. The work is an outstanding feature and is very much superior to that sent out from Montreal when the guild first opened. Letter openers, carved from fossil ivory, are pretty little novelties which are rarely seen. In fact, the work of the human hand can spend an interesting and profitable afternoon at the association.
