MARKET WAS QUITE DULL

Speculative Lines Showed
Gains, But Solid Industrials
Were Quiet.

New York, Dec. 11.—Aside from
cotton, motors and other speculative
specimens, which registered gross gains
of 2 to 5 points, today's stock market
presented no features of interest. Trading
was light, easier money conditions
failing to stimulate price support.

The petroleum group contributed far
more than its usual quota, Mexican
recording a gross gain of 8 points after
an early setback, while Royal Dutch,
Texas Company and Pan-American
Common and Preferred made extreme
advances of 2 to 4 points.

U. S. Steel and associated issues
were steady to firm during the early
and intermediate period but fell back
later. Rails were apathetic through-
out, even the secondary or low priced
shares of that division evincing none
of their recent activity or strength.

Shipbuilding rose and fell within narrow
bounds, advances from London sent
the Mercantile Marine debt, occasion-
ing restraints. Motors were very ir-
regular, mainly in consequence of the
uncertain movement of Studebaker,
which suffered from further selling
pressure in connection with the com-
pany's proposed financing. Metals, to-
bacco, leathers, fertilizers and the
distilling issues lacked definite trends
on greatly reduced operations, becom-
ing moderately unsettled, however, in
the general reaction of the hour.

Total sales amounted to 540,000
shares.

Dealings in bonds were without especial
feature, both domestic and foreign
issues showing moderate irregularity.
Liberty bonds eased again, but
held above recent low records. Total
sales, (par value), aggregated \$9,650,
000.

Old United States bonds were un-
changed on call.

GERMAN FINANCES IN VERY BAD SHAPE

Ruin Inevitable Unless Meth-
ods of Administration Are
Changed Says Finance Min-
ister.

Copenhagen, Dec. 11.—Dr. Schifter,
the German finance minister, in a
statement issued in Berlin, says that
if peace had actually come this fall,
the amount of money required for
imperial taxes for the coming year
would have reached 14,000,000,000
marks. These calculations, however,
he says, have been upset by recent
events.

"If we continue as we have been
going on ruin is inevitable," the finance
minister declared. "We squander
money on irrelevant details of state
administration. There is lack of em-
ployment and, consequently, our credit
at home and abroad is falling. A
new bill for war taxation will be in-
troduced at once and will be retroac-
tive as far back as 1914."

SEES BUSY TIMES FOR NEXT TEN YEARS

Lord Incheape Feels That Pro-
duction Will be at Its Maxi-
mum to Repair War Losses.

London, Dec. 11.—An optimistic
view of the prospects for another de-
cade was taken by Lord Incheape,
speaking at the annual meeting of the
Peninsular and Oriental Steamship
Company in dealing with the question
of unemployment. Lord Incheape
emphasized the fact that there were
vast opportunities in the dominions
said that the coming decade would
be one of immense production in re-
pairing the damage of the last four
years, improving and making perma-
nent plans of trade and communications
and resuming normal operations,
which had been suspended by the
war. It would be a decade in which
we were more likely to see three jobs
for one man than three men for one
job.

SPENT THEIR MONEY AND NOW HAVE NO MARKET

Western Producers of Odd
Metals Seek Federal Aid in
Disposing of Their Stocks.

Washington, Dec. 11.—Many ap-
peals for government assistance from
western producers of chrome, mangan-
ese and tungsten, who say that in re-
sponse to the government's appeal
they have invested large amounts of money
to increase the production and now
find themselves unable to dispose of
their stocks. Senator Henderson, of
Nevada, chairman of the committee,
said today most of the appeals had
come from smaller producers who de-
clare that unless some relief is pro-
vided, many failures will result.

The American mining congress
meets here next Monday and Tuesday
to be held to discuss the matter.

RUMOR THAT BRITAIN PLANS CONSCRIPTION

Something of a Sensation
Caused at Political Meetings
by Statements to This
Effect.

London, Dec. 11.—The rumor that
the government intends to have some
form of permanent military conscrip-
tion in Great Britain, which has been
altered at Laborite and anti-government
election meetings, has been strength-
ened by a statement by J. H. Hughes,
M.P. for Derby, and general secretary
of the National Union of Railwaymen,
who caused a sensation at a Labor
meeting at Manchester Tuesday by
reading a letter purporting to have
been written by a British general. The
letter, which was dated at the war
office, was addressed to a French
general. Mr. Thomas did not men-
tion any names, but said that the
writer intimated the proposed estab-
lishment of a national army of twenty
divisions based on conscription, the
details of which he outlined.

The general was quoted by Mr. Thomas
as having written:
"The cabinet will not touch this
until after the elections, and then not
until this league of nations nonsense
has been discussed at the peace con-
ference."

Mr. Thomas, who professed to be
greatly alarmed at the outlook, ap-
pealed to Premier Lloyd George to
clarify the situation, with a state-
ment.

BLOCK BURNED IN NEW JERSEY TOWN

Wrightstown N.J., Dec. 11.—The
whole business block in this village,
where Camp Dix is located, are reop-
tured by fire, believed to have been
started by an overturned oil stove.
Nearly a dozen buildings were destroyed
before the fire was halted at the
main street. A fire engine and fire
cannon, which stands next to it,
about 2,000 soldiers helped to
fight the flames. The loss is esti-
mated at \$100,000.

Nature's Healing Herbs for Headache

A BLOOD FOOD
PRACTICALLY
all headaches
come from two
causes: Bilious-
ness and Nervousness. Bilious head-
aches mean upset stomach, and con-
stipation—with severe throbbing pains
if over the head. Nervous headaches
mean that the nerves are exhausted
and need rest and food.

Dr. Wilson's HERBINE BITTERS

It cures quickly and healing relief from these
headaches. The double-acted herbine
acts on the stomach, regulates the kidneys
and bowels, purifies the blood, and builds up
the whole system. A reliable medicine. Get it
today and get rid of your headache.

SAVING OF TIME MOST IMPORTANT

Proposal to Transfer Invalid
Soldiers to Portland is Not
Through Lack of Facilities
in Halifax, But to Reach
Hospital More Quickly.

Ottawa, Dec. 11.—Surgeon General
G. Cartleton Jones, who left yesterday
to look over the terminal facilities at
Portland, Maine, with a view to hav-
ing Canadian hospital ships disem-
bark there instead of at Halifax, will
probably return tomorrow and report
to militia headquarters on the matter.

When shown a news item from Hal-
ifax stating that the president of the
Halifax Board of Trade refused to
admit that there was any ground for
complaint as to the terminal facilities
at that port, a high official of the mil-
itia department stated that the ques-
tion was not one of facilities at all.
The object in having hospital ships
land their cases at Portland instead of
at Halifax, he said, was to get the
men from the point of disembarka-
tion to the hospital as quickly as pos-
sible. Portland, he said, was just a
twelve-hour run from Montreal, while
Halifax was about twice as long. In
the case of invalid soldiers, a differ-
ence of twelve hours in time was im-
portant. The impression prevailing at
militia headquarters appears to be
that Halifax will have all it can do
to handle the transports carrying Can-
adian troops without worrying about
hospital ships. When demobilization
once gets fairly started, the move-
ment of troops from England to Can-
ada may be much heavier than at present.

NEW REPUBLIC IS DOING BUSINESS

Georgia Starts With Three
Million Educated People, an
Army and a University.

Berne, Tuesday, Dec. 10.—Prince
Sumbaton has arrived here as the
extraordinary envoy of the Caucasian
republic of Georgia. The new repub-
lic, he says, has three million inhabit-
ants and is completely independent
of Russia. It has a national army of
25,000 soldiers trained and tested in
fighting the Turks and the Bolsheviks.
Georgia, the prince declares, is ab-
solutely opposed to the Bolshevik
government. Seventy-five per cent.
of the Georgians are able to read and
write, and a national university has
been opened at Tiflis.

BORIS STILL ON THE JOB.

London, Dec. 11.—Canadian Press
despatch from Reuter's (Limited)—
Reuter's Agency is officially informed
that nothing is known officially in
London about the reported abdication
of King Boris of Bulgaria. The re-
volution there was unsuccessful.

LOGGIEVILLE

Loggieville, N.B., Dec. 9.—The re-
cent snowfall has improved the trav-
elling considerably. Runners are now
being used generally. The wheeling
season is evidently over for another
year, although a number of the auto-
owners continue to use their cars.
The river ice is now well formed, and
the fishermen—some of them at least
—had excellent catches of smelts
last week. The price paid is 10 cents
per pound.

Mrs. A. S. Harriman, who has been
ill for a time is now able to be out
again.

Mr. William Tait, who has been
suffering from ill-health for an extended
period of time, was taken to the
Chatham hospital on Sunday, where
she will undergo an operation. Her
recovery from the Pottchessford Train
accident is now well advanced and
she is able to return home with im-
proved health, in the very near future.

RETURNING SECURITIES STOLEN BY GERMANS

Allied Forces Take Charge of
Banks in Brussels and Re-
move Many Boxes of Valu-
ables Taken by Enemy.

London, Dec. 10.—French and Brit-
ish pickets under the direction of the
paymaster general of the French army
and in the presence of German of-
ficers in civilian clothes, have been
sent to the various banks of Brussels,
notably the Comptoir National D Es-
compte De Paris and the Credit Lyonn-
ais, in the last two days, and have
removed large numbers of chests
which were placed there by the Ger-
mans about the middle of October.

These chests, says the Reuter, cor-
respondent at Brussels, contain strong
boxes and securities taken from towns
in Northern France, including Lille,
Roubaix, Tourcoing, Valenciennes, St.
Quentin and Cambrai. Other cases
placed by the enemy in the banks at
Liege are said to contain securities to
the value of thousands of millions of
francs.

These valuables will be returned to
the financial establishment from
which they were abstracted, except in
the case of towns where the banks
have been destroyed, as, for example,
St. Quentin and Cambrai. In such
cases the securities will be deposited
in Paris.

This is the Feeling in South
Africa — Would Punish
Those Who Ill-treated Al-
lied Prisoners.

Durban, South Africa, Dec. 11.—Un-
paralleled enthusiasm was evident at
a packed meeting of many thousands
of citizens in the town hall here today,
when a resolution was passed strong-
ly advocating the repatriation of in-
terned enemy subjects particularly
Germans, and also punishment for ill
treatment of Allied prisoners of war,
together with the retention of the for-
mer German colonies in Africa. A
feature of the meeting was the read-
ing of a telegram signed by over 300
men from the Pottchessford Train
in Camp, endorsing the objects of the
meeting.

U. S. CROPS.

Washington, Dec. 11.—Final esti-
mates of production of the country's
principal crops, announced today by
the Department of Agriculture, places
the corn crop at 2,553,514,000 bushels
and the wheat crop at 917,100,000
bushels.

The total value of the nation's prin-
cipal crops this year is estimated at
\$12,272,415,000, compared with \$11,
688,032,000 last year, basing their
value on the prices paid to producers
on December 1st.
