BRITISH AERO EXHIBITION AT OLYMPIA BIG SUCCESS

Giants of the Air and Tiny Aeroplanes Vied With Each Other in Popular Interest—The Exhibits Were Practically All of British Design and Manufacture and Furnished Striking Proof of Progress Made by the Industry

Published by special arrangement with the Aeroplane News Bureau.

London, Aug. 6.—The sixth international aero exhibition at Olympia, which has just closed after a fortnight of successful sessions was chiefly remarkable for the manner in which it established the supremacy of British aircraft makers of the aeroplane industry in the world. The Marquis of Londonderry in his opening address said the development and progress which had taken place in every branch of aviation in this country during the last few years had been a little over a year. Discussing international progress, he said he believed that the progress of commercial aviation in Germany, and said there was no doubt that the Germans were fully alive to the national importance of aviation. Nothing was to be gained, however, by unnecessarily alarmist statements of the case.

A Review of the Exhibits.

One of the most impressive machines in the whole show greeted one on entering, viz. the Bristol triplane, a magnificent specimen of the aeroplane builder's art. It was the only machine at the show with more than two engines, and has proved its ability to fly with one or even two of the engines cut out. This type, known as the "Pullman" has a span of 31 ft. 8 in., carries four Liberty engines and has a weight empty of 11,000 lbs. Comfortable accommodation is provided for fourteen passengers. The pilot's cockpit with its row of levers like a railway signal-box shares interest with the interior of the fuselage. The Handley Page and Vickers big biplanes have also interiors that are as lavishly and completely fitted up, no detail being neglected that could add to the passenger's comfort. It seems remarkable that a great machine like the Bristol can be driven through the air at 125 m. p. h. (a recent test it said to have shown a speed of 134 m. p. h.), speed that one associates with the scout type.

At the other extreme in size was the B. A. T. Crow, a tiny monoplane in which the pilot sits underneath the plane, the motor cycle of the air. This somewhat quaint looking machine has shown remarkable flying qualities, when piloted by Major Draper, and is by no means only the toy that it might appear to be at first sight. The "Bantam" on the same stand was a notable example of the light machine. Fitted with the A. B. C. Wasp II, it has received several remarkable tests for its air ministry.

From the instructional point of view the greatest novelty was shown the short "Silver Streak," which has no wood or canvas in its construction. The wing spars are of steel, and so are a few minor parts, otherwise duralumin is used entirely, though the actual machine at the show had the planes covered with aluminum. The engine, a "Studebaker" 15 mounted on steel tubes held in position by built-up duralumin brackets, the construction lends itself to the fitting of other types of engine if desired. On the short stand there was shown the patent landing stage which the firm uses. This consists of a platform which rises and falls with the tide.

At the Martiney stand great interest was taken in the tiny scout machine, the Semi-Queen, on which Mr. Haynam put up the record of 161.434 miles per hour, and which he is flying in the aerial derby round London. The Supermarine stand was of special interest as here were the only flying boats exhibited, and the "Channel" type is one of several bought by the Norwegian government. The arrangements for handling the anchor and the boat hook are features of this very seaworthy (and airworthy) looking craft.

The Blackburn machine with its divided axle for carrying a torpedo plane was a centre of interest, though the deep fuselage gives it an inelegant appearance. The Fairey also has a very deep fuselage. This machine is for the air service, and details of dimensions and performance are not available for publication. It is a striking machine with many admirable features, including the Fairey variable camber, which has been greatly improved by an arrangement which locks the tail-adjustment with the variable camber adjustment, so that the angle of both increased or decreased together, and the pilot runs no risk of upsetting the balance of the machine. It is essentially a fighting machine, and has two Vickers guns operating with the Constantinaco gear in front and a Lewis gun on a Scarff mounting behind. There is no fin, the deep fuselage taking its place, which gives a splendid field of fire. The construction principle of the machine is also of interest, and will be described in reviewing the machine. The Napier engine with which the machine is fitted has an electrical starter, and the huge propeller, which runs at half the engine speed, revolves rapidly when it is switched on.

There was quite a varied selection of engines to be seen at the show. There were actually no less than fifteen distinct types of engine shown on the aeroplanes, quite apart from several others that were shown by the engine firms themselves. They varied in horse power from the Napier "Lion" which is becoming increasingly appreciated as a high-power unit, down to the A. B. C. "Gnat." The Aircraft Disposal Company had the annex of the building and there could be seen the various types of machine that were in use during the

Grand Circuit

Racing Yesterday

Great Racing at the Fort Miami Track Yesterday—Lou McDonald, the Indianapolis Driver, Won Two Out of the Three Events.

Toledo, O., Aug. 6.—Lon McDonald, the Indianapolis driver, enjoyed a field day at the Fort Miami track on Saturday today, winning two out of the three events on the closing card. McDonald headed the list in the 2.00 trot with Baron Coganite and the 2.20 trot with Dottie Day.

Baron Coganite, skillfully handled, captured the Steadman sweepstakes from the favorite Peter Coley which made but breaks in the first two heats and then was out-rotted in the final mile while Don Lopez was piloted out in front by Pop Geers. With high class performers in the race, the finishers were close while the time was the three fastest heats trotted this season.

Dottie Day, a winner earlier in the week, easily repeated in the 2.20 trot, for Baron Coganite, however, was a contender most of the way. The Boston Man won his first race of the year when W. Fleming came through with him in the 2.15 pace, the fastest time of the wire in the third heat and won.

Most of the horses were shipped this morning to North Randall track where they race next week and the rest left early tonight.

Summaries:
2.20 Trot, 3 Heats, Purse \$1,200
Dottie Day, b. m., by Morgan Axworthy (McDonald) 1 1 1
Baroness Hanover, s. m., by Manrico (Fleming) 2 2 2
Harry Chapman, b. g., by Peter Mac (Stokes) 3 2 4
Miss Clara Mae, b. k. m., by Warner Hall (Geers) 4 3 3
The Pattern Maker, b. g., by Bernard Holt (Erskine) 4 3 3
Virginia, Viola Watts also started. Time—2:03.4, 2:04.4, 2:08.4.

2.08 Trot, The Steadman, 3 Heats, Value \$1,975
Baron Coganite, b. h., by Coganite (McDonald) 1 1 2
Don De Lopez, b. g., by Kinnay De Lopez (Geers) 2 4 1
Charlie Rex, b. g., by Recreation (Murphy) 3 2 2
Hollywood Kate, ro. m., by Joe Dodge (Dodge) 3 2 2
Peter Coley, b. m., by Peter the Great (Valentine) 4 3 4
The Toddler also started.

2.15 Pace, 3 Heats, Purse \$1,200
The Boston Man, b. h., by The Northern Man (W. Fleming) 1 1 2
Bobbie, b. m., by Count Bond (Pain) 2 2 2
Del Spencer, b. g., by Grattot McGreor (Walthead) 3 2 1
Signal Boy, ch. g., by Peter the Great (Stokes) 3 3 2
Dorothy Bond, b. m., by The Bonhomme (Ray) 4 4 4
Mac Allerton, Lewis Witt and Leco Grattan also started.

Time—2:07.4, 2:06.4, 2:06.4.

MONCTON VETS ARE HERE TODAY

Champions of the League Will Play Afternoon and Evening Games With St. Peters and Fast Ball is Expected.

The Moncton Veterans, winners of the league, will arrive in the city this morning and are bringing a strong team to play a double-header with St. Peter's on the latter's grounds. The afternoon game starts at three o'clock, the evening at 6:15 o'clock. For the locals Chestnut pitches in the afternoon while Hansen twirls in the evening. Joe Dever, the reliable, will catch both games. It is expected that the players from the Railway town will make things interesting for the locals.

THE CANADIAN OLYMPIC RUNNERS

Answer, Aug. 6.—The Canadian Olympic runners had a thorough workout yesterday in the Marathon and the sprints. Archie McDermid, John McElaugh and John Cameron practiced with the weights, and R. C. Freeman did a little walking exercise. They all showed excellent form, and Coach Walter Knox appeared to be quite satisfied with their training.

Industrial League Game Last Evening

The Stetson, Cutler Beavers proved too strong for the T. S. Simms nine in the Industrial League game last evening, winning by the score of 13 to 6. The game was called in the sixth inning, on account of the fog, which made playing difficult and accounted for several errors towards the close of the game. E. O. Toole, the pitcher, battled well for the Beavers, and C. Pugh played well at second for the Simms team.

The official score and summary follow:
Stetson, Cutler Beavers.

Summary—Industrial League, Friday, August 6, 1920, at Nashua Park. Struck out by McAnulty, 11; by Boyce, 2; by Ross, 2. Stolen bases, O'Toole, McGuire, Beattie, L. McCormack, Stevens (2), E. Pugh, R. Pugh, Murphy, Ritchie (2). Three-base hit, McAnulty. Two-base hits, McAnulty, O'Toole, McGuire, J. McCormack, Pirie, Timmins, McKinnon and Carter. Scorer, C. McCormack.

McAnulty and Simms, Saturday afternoon at 2:30.
Simms and Beavers, Monday night.

SOCCER MEN INVITED.

A meeting will be held on Monday evening at 8 o'clock in the Y.M.C.A. of the soccer players of the city to arrange for teams and to ascertain the nationalities of the different soccer players in St. John. All soccer men are invited to attend.

GERALD MIELKE OF BRIGHWOOD CLUB IS 1920 GOLF CHAMPION

On Riverside Club Links Yesterday He Defeated J. M. Murphy of Halifax Club 9 Up and 8 to Play and is Amateur Champion of Maritime Provinces—The Results in the Interesting Games Yesterday.

Gerald Mielke, of the Brighwood Club is the 1920 Amateur Champion of the Maritime Provinces. He defeated J. M. Murphy, representing the Halifax Club, yesterday 9 up and 8 to play. Mielke was 4 up on the first round, halved the second, took four more on the third and clinched the match when he took the twenty-eighth hole.

M. Mielke is probably the youngest golfer that has ever held the championship. He can be classed as a real dast and Maritime golfer, for he is a vision of a future Canadian champion. He is a great match player and with the possible exception of Harry Hampton, now playing in the open at the Olympic Links, Halifax, is the best bit of golfing material the Lower Provinces have produced. Large galleries have followed him in every match that he played and since Tuesday he has been showered with praise. He did not allow the honors to go to his head, however, and for this reason is doubly popular.

Mr. Murphy has the distinction of being the runner-up in two successive seasons. Though not a brilliant player he is a consistent player, steady as a rock and uses his head at all stages. It is no discredit to him to be defeated by Mr. Mielke as the latter is an exceptional player.

In the first consolation that popular golfer and all round sportsman, W. A. Henry, lost to his son Hugh 1 up. It was an interesting match throughout and the issue was in doubt till the last hole when the old adage was again exemplified.

In the second consolation H. N. Stetson defeated A. C. Currie 1 up. Mr. Stetson was 2 up at the end of the first nine holes.

In the professional open championship Andrew Kellie of the Amherst Club defeated L. Quessel of Brighwood by 3 strokes after 64 holes had been played. They tied, 152 each, at the end of the 36th hole and it was necessary to play off another 18 holes to decide the winner. O. Gault, professional of the Truro Club was third with 166.

In the extra 18 holes that were played both Kellie and Quessel got beautiful 4's on the first hole. They halved the second, Kellie had a 4 and the third while Quessel did it in 6. Quessel made it square when Kellie missed an easy putt for 3 in the 6th. Kellie took a point lead again at the 7th and held a four at the 9th when Quessel's drive went into the woods at the right of the green.

Kellie's lead was reduced to 2 at the 10th hole, and rounded off at the 11th when Kellie made it in 4. Kellie's drive from the 3rd tee went into the rocks and he lost 2 strokes on the hole making it all square again. Quessel had a 3 stroke at the 4th while Kellie's drive went into the bunker. Quessel's lead, however, was short-lived. He pulled his drive at the sixth and he had to take 8 strokes for the hole while Kellie made it in 6. Kellie gained a point at the 7th and added two more at the 8th where he had a nice 3. They both did the ninth in 4.

Mr. Kellie, the champion, was the pick of the bunch on the greens. He is deadly on approaches and when on his game is an amazing putter.

L. Quessel, the runner-up, is a wonderful driver and he delighted the gallery with his amazing drives. In the second round in the morning he was on the green at the 7th in two drives. This is a 550 yard hole.

Mr. Quessel turned in the best round of the day and the second best of the meet when he made the first nine holes in 35. He had a chance for a 32 but threw away three short putts. Otherwise he played perfect golf. At the 5th hole his drive from the tee was on the edge of the green and dead for the pin.

The driving competition and the approaching and putting competition at 25, 50, 75 and 100 yards were held in the afternoon. Hugh Henry won the driving competition with an aggregate of 585 yards for his three drives.

H. N. Stetson, A. C. Currie and Gerald Mielke tied at 14 points each in the approaching and putting. In the play-off, Mr. Mielke won with 13 points. H. Stetson was second with 14, and A. C. Currie third with 15.

Large galleries followed all the matches. The course was in great shape, and the greens were very fast. In the club-house in the evening the prizes were presented to the championship winners by Andrew Jack, president of the M. P. G. A. Lieut. Governor Pugsley was present and in his usual graceful style presented the prizes to the winners of the professional open. Short speeches were made by Stewart McCawley, Langman, W. A. Henry, Brighwood, and Dr. Sprague, Woodstock. They expressed the appreciation of the visiting golfers for the splendid treatment they had received, and complimented the members of the Riverside Golf and Country Club on the magnificent course they had developed.

J. G. Harrison, president of the Club, presented the consolation prizes. In the course of his remarks he promised the victors that by the time St. John's turn for the meet rolled around again the Riverside Golf and Country Club would have an 18-hole course.

The complete summary of the day's play is as follows:
Amateur Championship.
G. C. Mielke, Brighwood, won from J. M. Murphy, Halifax, 9 up and 8 to go.

First Consolation.
H. McD. Henry won from W. A. Henry, both of Brighwood, 1 up.

Second Consolation.
H. M. Stetson won from A. C. Currie, 1 up.

Driving Competition.

Won by H. McD. Henry with an aggregate of 585 yards for his three drives.

Approaching and Putting.

Won by G. C. Mielke, Brighwood, 13 points.

Professional Championship.

Andrew Kellie, Amherst, won from L. Quessel, Brighwood, after 18 extra holes, by 3 strokes. The scores were:
A. Kellie, 81, 81, 96—245.
L. Quessel, 78, 84, 251.

The other professionals' scores were:
A. Brault, Truro, 84, 83—166.
S. Lingard, Riverdale, 87, 80—167.
A. Cornett, Langan, 89, 91—180.
H. Mealey, Westfield, 102, 97—199.

Commercial Club's Sports Next Saturday

Arrangements Almost Completed for An Excellent Programme—Endeavor Being Made to Have Out of Town Athletes Compete—Entries Coming in Slowly.

Arrangements have been almost completed for the Commercial Club's sports which are to be held on Saturday afternoon, August 14th, on the East End ground.

An endeavor is being made to have Harold Lapierre, the crack Halifax runner, here to compete in the one mile and three mile runs. It will be noted that Lapierre recently defeated Jimmie Muise, the Truro Indian, who made such a good impression here at the sports on June 26th. Muise has also been invited to compete and if he and Lapierre can come they will run against one another in the one mile and three mile events. A race between this pair should be quite interesting.

So far the entries are not coming in very fast, but it is expected that at the last minute most of the boys, who competed in the Playground's Association's sports will be in attendance and no doubt several outside athletes will enter also.

Ted Coster has entered for the quarter mile and an endeavor is being made to secure an outside man who is a better crack quarter miler and one who will give Ted a race for the medal.

At the conclusion of the Commercial Club's sports a football match will be played between two teams picked from the various soccer players of the city. They will be divided by nationalities and one team will be composed of English and the other of Scotch players. The spectators are especially invited to remain and see this game.

Halifax Won The Championship

At Yarmouth Traps Yesterday Sister City Shooters Were Three Points Over St. John—Killam Lead in the Individual Shooting—The Scores.

Yarmouth, N. S., Aug. 6.—Halifax won the Maritime five man Championship today by 3 points: Scores—Halifax, 146; St. John, 133; Yarmouth, 138. The trap broke during the St. John team's shoot, causing a delay of over an hour and greatly interfering with their shooting.

St. John scores, 60 targets per man, were as follows:
Killam 47, McAvity 46, Russell 37, Berry 34, Dickson 28—Total 193.

Halifax scores were—McLaughlin 44, Egan 45, Innes 41, Doull 35, Tolson, 32.

The grand aggregate was won by Smith, of Yarmouth, with 116. Killam of St. John was second with 113 beating Egan of Halifax, his old rival, by 5 points. McLaughlin of Halifax, was third with 111. In the shoot-off from Thursday between McLaughlin, Killam, Smith and Skinner the result was McLaughlin 25, Killam 24, Smith 22, Skinner 21.

A double shoot-off was necessary between the latter three, Killam finally winning out. Dickson and McAvity of St. John were well up in the rifle shooting contest.

Hill gave a wonderful exhibition of fancy shooting and will repeat it Monday and Tuesday at Glen Falls traps at the St. John Tournament.

RUTH MAKES TWO MORE HOME RUNS

Detroit, Aug. 6.—Babe Ruth, of the New York Americans made his 41st home run of the season today in the game with Detroit here.

Ruth's fourth homer came in the sixth when he knocked the St. John right field wall, scoring two runs ahead of him. His fortieth was made in the third inning.

Imperials Defeat Hartland Team

Lively Baseball Featured Game at Fredericton Yesterday.

Special to The Standard.

Fredericton, N. B., Aug. 6.—The Imperials defeated the Hartland baseball team this evening at the college field by a score of 3 to 1 in one of the best played ball games of the season. The game lasted seven innings and was then called off on account of darkness.

The Imperials obtained the lead in the first inning when a pass by Jones followed by a base hit let in their first run. An error by Ward, on first sack for the visitors, proved costly and allowed two runs to cross the plate for the Imperials. The visitors secured their lone tally in the fourth inning, when two base hits put on first on a single stole second.

The Yorkshire and Lancashire match was much hindered by rain and was drawn.

Sussex defeated Essex by an innings and 84 runs.

At Birmingham, Warwickshire with the huge total of 603 for nine innings including Stephens 111 and Holdsworth 141 beat Worcestershire by an innings and 84 runs.

There was remarkable bowling in the Gloucestershire and Hampshire match which was won by the former by 193 runs; Hampshire only scored 36 and 55 runs. Parker took eight of their wickets for 33 and Miles 11 for 50 runs.

Old Country Cricket Events
