

Feeble Girls Feeble Girls

In young girls we look for abundant health and strength, rosy cheeks, firm, plump flesh and constant cheerfulness. How often, however, we meet young girls who seem prematurely old, broken down, feeble, pale, listless, thin and irritable. These abnormal and dangerous conditions are due to a general weakness of the blood, and should be cured just as promptly as possible or the whole life of the patient will be ruined.

Dr. Williams' Pink Pills For Pale People

are the natural, logical and sure cure for feeble girls. They are not purgative pills, but a tonic—blood-building, nerve-strengthening and possessing qualities which act directly upon the organs responsible for the trouble.

If they are given to young girls who are not thoroughly healthy and normal, you will see the effect at once in a brightening of spirits, in an increase of weight and in a disappearance of all the symptoms of premature feminine weakness. These pills are the best thing in the world for women's trouble of all kinds. They are the best for young and old.

Miss Edna Packer, Everton, Ont., writes:—"About a year ago I was troubled with headaches. As time wore on my condition grew worse. I became so weak that the least exertion would exhaust me, and my heart would give me great trouble. If I stooped to pick anything up I would become so dizzy that I could only walk with difficulty. I always felt tired and worn out. I tried several medicines, but they did not help me any, and after being in this condition for some months I began using Dr. Williams' Pink Pills. Before I had finished the first box I felt some relief, and after using the pills for about a month I was as well as ever I had been. While sick I lost twenty-four pounds in weight, but under the use of Dr. Williams' Pink Pills gained it again. I think Dr. Williams' Pink Pills saved my life and I shall always recommend them."

These pills are the only pills of the kind, and you must be sure to get the genuine. You can tell the genuine because the full name "Dr. Williams' Pink Pills for Pale People" appears on every box. If you don't find them at your dealer's write direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be sent prepaid at 50 cents a box or six boxes for \$2.50.

BRITISH DETERMINATION ONLY. STRENGTHENED BY REVERSE.

Humiliated Feeling Succeeded by Expressions of Steadfastness—More Details of the Recent Disaster—DeWet is Heard from Again.

Midborn, Orange Colony, Tuesday, March 11—It is reported that General De Wet and Vice-president Steyn crossed the main railway line during the night of March 9, five miles north of Wolkehoek, going west. London, March 11—Details of the Boer victory and capture of Gen. Methuen, as given by Lord Kitchener's despatches, are: "Pretoria, Saturday, March 8—I greatly regret to have to send you bad news of Methuen. He was moving with 900 mounted men, under Major Paris, and 300 infantry, four guns, and pom-pom, from Wynburg to Lichtenburg, and was met by Gen. Buller with 1,300 mounted men, morning early he was attacked by DeWet's force between Twobosch and Palmietkloof. The Boers charged on three sides. "Five hundred and fifty men have come in at Mariboes and Kraaipan. They were pursued by the Boers four miles from the scene of the action. They report that Methuen and Paris, with their guns, baggage, etc., were captured by the Boers. Methuen, when last seen, was a prisoner. I have no details of the casualties, and suggest delaying publication till I can secure definite reports. I think this was the first revival of activity on the part of DeWet since he was driven from the country by the troops pressing DeWet."

In a second despatch dated Sunday, March 9, Lord Kitchener says: "Paris has come in at Kraaipan with the remainder of the force. He reports that the column was moving in two parties. One with the ox-wagons left Twobosch at 3 a. m. The other, with the mule wagons, started an hour later. Just before daylight the Boers attacked. Before reinforcements could reach them the rear guard was engaged. In the meantime a large company of Boers galloped up on both flanks. These at first were checked by the flank parties, but the panic and stampede of the mules had begun, and all the mule wagons, with a terrible number of mounted men, rushed past the ox wagons. All efforts to check them were unavailing. "Major Paris collected 40 men and occupied a position a mile in front of the wagons, which were then halted. After a gallant but unsuccessful defence, the enemy rushed into the ox wagons, and Methuen was wounded in the thigh, Paris, being surrounded, surrendered. At 10 a. m., Methuen is still in the Boer camp."

"It will not dishearten us. We have got to see this thing through. We must take the blows which fortune deals us with equanimity, showing ourselves worthy of better fortune." He expressed the hope that more prosperous times were in store and that in the future "it would be our proud memory that when our country passed through the storm we did not for a moment flinch and were not for an instant dismayed."

The reports from the continent that the defeat of General Methuen was followed up by another fight, also favorable to the Boers, occasion some anxiety, owing to the absence of news from General Buller's column of 1,300 men, which left Klerksdorp to join Methuen. It is thought that possibly DeWet may have attacked Grenfell.

London, March 13—Wire from Brussels, the correspondent of the Standard says that he has heard that General Buller has concluded a treaty with the Queen of Swaziland last year, under the terms of which the Boer forces were enabled to enter the queen's territory if hard pressed by the British. Swaziland is a small native state almost surrounded by the Transvaal, with an area of 6,500 square miles.

The new water works at Galcutta brought ponds Hindus before the question whether they could drink from the same sources as the Christians. The religious leaders, on appeal, gave the diplomatic answer that they might drink this water, since they had to pay taxes on it, and this constituted a penance for doing so.

HOW EXMOUTH STREET METHODIST WAS FOUNDED; STRUGGLED AND GREW.

Edifice Dedicated Forty-five Years Ago—Separate Circuit a Decade Later—Assistance to Other Congregations in Time of the Big Fire—Evangelistic and Sunday School Work.

It was on the 15th of January, 1820, that the land upon which the Methodist church and parsonage on Exmouth street stands was deeded to Messrs. Alexander McLeod, John Ferguson and William Hill, merchants of this city, by James Simonds, to be held in trust by them for the conference of the Wesleyan Methodist church for the erection of a place of worship. It was in July, 1835, thirty-five years later, that Rev. Charles Stewart, D. D., was appointed to St. John by the conference held at Halifax. His appointment was looked upon as the opening of a new circuit at this end of the city, and already thoughts of a new church began to take definite aim. Previous to this, and for some time after, meetings were held in

built for this purpose in 1822. This Sunday school has been successfully carried on up to the present time. The first superintendent was the late William Warwick. The Sunday school receipts for the first year were £29 3s. 5d., which was donated to the school by Mr. Warwick. In 1824, chiefly through the efforts of the late Aaron Eaton the present parsonage was built at a cost of \$2,538.26, by Contractor Michael Henigar. Becomes a Separate Circuit. The church became a separate circuit in 1827. During its first year the only source of revenue was collection, class and ticket money, but as this was not sufficient to meet expenditures, it being yet young, an appeal from the pulpit, and in 7 teachers and officers were appointed to carry the project to completion and to build a basement which would include all necessary apartments. The work was accomplished at a cost of \$7,161.35. In December, 1871, during the pastorate of Rev. T. J. Deinstadt, the need of more school and class rooms was considered and in the following year it was decided to raise the church to the required height and build a basement which would include all necessary apartments. The work was accomplished at a cost of \$7,161.35. While other congregations were bowed in sorrow on the fateful 20th of June, 1877, Exmouth street was mercifully spared the ravages of the fire, and took prompt steps towards tendering the use of its church to German street and Centenary congregations for purpose of divine service. Thus the three bodies worshipped under the same roof until other arrangements were made. In 1878, during the pastorate of Rev. H. McKeown, branch Sunday schools and preaching services were revived at Drury Cove, Goldbrook and Golden Grove. In connection with these, energetic work was done by members of Exmouth street church, assisted by persons from other churches. As a meeting in March, 1887, during the pastorate of Rev. Dr. Wilson, a committee was appointed to look into the matter of prospects for evangelistic work in the vicinity of Marsh Bridge and Erin street with the result that a room was rented at Marsh Bridge and a class formed. George Foster was appointed leader.

Rev. Dr. Charles Stewart, First Pastor. "Benevolent Hall," and at the homes of various people, on Exmouth, Waterloo, Brussels and Erin streets, with an occasional open-air service. With the sanction of the trustees of the land mentioned above, efforts were made to obtain subscriptions for a church, for it was hoped that, if successful in obtaining sufficient funds, a minister would be appointed to carry the project to completion and to build a basement which would include all necessary apartments. When Dr. Stewart arrived the outlook was not very bright and a cry of "hard times" was heard in the land, the people were both killed while serving the church, and there were many who thought that there was sufficient room for all in the two Methodist churches then in existence. The church was built at a cost of \$2,538.26, by Contractor Michael Henigar. Becomes a Separate Circuit. The church became a separate circuit in 1827. During its first year the only source of revenue was collection, class and ticket money, but as this was not sufficient to meet expenditures, it being yet young, an appeal from the pulpit, and in 7 teachers and officers were appointed to carry the project to completion and to build a basement which would include all necessary apartments. Digby's Yachting Prospects. Digby, March 11—A meeting of the Digby Yacht Club was held last night. The following were elected for 1902: O. S. Dunham, commodore, re-elected for the fourth year; W. G. Frost, vice-commodore, elected; Outram Dalin, rear commodore; F. B. Saunders, secretary, re-elected for the third year; G. H. Yee, treasurer, re-elected. The secretary was instructed to write the Yarmouth club for further information regarding their regatta, to be held during August. The interprovincial race, to be sailed at Digby, was fixed for July 1, and on subsequent days until the series will be completed. The races for the D. Y. C. cup will be contested July 15, 15th and 22nd. After the business of the club, the members were entertained at luncheon by the flag officers. The members present were very enthusiastic, and there is no doubt several boats will be added to the club during the coming season. The commodore was requested to write several of the boat owners at Annapolis Royal, with a view of getting a club organized at that port, in order to get up a series of races between two squadrons on Digby Basin.

This was afterwards changed and made after the modern style, there were three doors which were almost on a level with the street. This also was changed at the time of raising the church in 1872. The church building is a substantial structure with a costly interior. The church has an excellent choir, and its music is a special feature of the services. Miss Knight is the efficient organist. Professor William Bowden is choir leader. The various societies are well organized and lend valuable assistance to the pastor. The most important are the Epworth League with its various branches, and the Women's Missionary Auxiliary, Star Mission Band and Circle. The church contributed last year to the Twentieth Century fund upwards of \$2,000. The church has a mortgage of \$1,700 due on the parsonage since 1864. The total income during the year was \$5,221.05. The list of membership is 344. The late B. R. Lawrence having left an amount of \$27 to the church it was applied in the purchase of the present pipe organ. During these 45 years Exmouth street has sent out into the ministry six clergymen, viz: John Ellis, Chas. H. Manout, Wm. C. Mathews, Wm. B. Tennant, W. J. Barchan and Herbert E. Thomas. At present the church is doing good evangelistic work in connection with the mission at the Glad Tidings hall on Brussels street, where Mr. George Gardner is in charge. Services are held Thursday and Sunday evenings. A temperance society was started a little more than one year ago and has gathered in quite a number of young men. Its night of meeting is Wednesday.
